Anhui Jinqinglong Machinery Co., Ltd.

Address: Jingyi North Road, Economic Development Zone, Tongcheng, Anqing City, Anhui Province, 231400

Email: anhuijql@163.com

Products: exhaust gate, piston pin, valve seat

Description: Anhui Jinqinglong Machinery Co., Ltd. is located in Tongcheng city economic development zone and was founded in 2005. The company, with registered capital of CNY 10 million, is a professional producer of domestic engine valve, piston pin, valve seat and other products.

Anhui Quanchai Engine Co., Ltd.

Address: 788 Wujingzi Road, Xianghe Town, Quanjiao County, Chuzhou City, Anhui Province, 239500

Email: 785265639@qq.com

Website: <http://www.quanchai.com.cn>

Products: diesel engine

Description: Anhui Quanchai Engine Co., Ltd. is the vanguard enterprise on the research and development as well as manufacture of small and medium power diesel engine. It has established close cooperation with numerous well-known research institutions in China and abroad. Anhui Quanchai has its own state-certified technical center, postdoctoral scientific research workstation of Anhui province. Quanchai has several subsidiaries, including Tianli engine company, Tianhe machinery enterprise, and so forth. Anhui Quanchai's products include vehicle, agricultural equipment, engineering machinery, and diesel engine, etc, with horsepower ranging between 10-280kw. Quanchai is entitled "National Hightech Enterprise", and is among 100 China machinery industry enterprises, vanguard enterprises of China internal combustion engine industry and the top 100 enterprises in Anhui province.

Anping Hongda Vehicle and Tractor Parts Factory

Address: 102 Hongqi Street, Anping County, Hengshui City, Hebei Province, 53600

Email: 393259840@qq.com

Products: gear, steering ball head, toothed sprocket

Anqing Tiantianqing Agricultural Machinery Co., Ltd.

Address: Kwuntong Village, Hengbu Town, Zongyang County, Tongling City, Anhui Province, 246725

Email: 811098372@qq.com

Products: paddy direct seeder

Anhui Chunfeng Agriculture and Forestry Machinery Manufacturing Co., Ltd.

Address: Sanshan District, Wuhu City, Anhui Province, 241000

Website: www.ahcfmj.com

Products: field management machine, four-wheel drive tiller

Baoding Personage Agricultural Machinery Trading Co., Ltd.

Address: Longkou Town, Gaoyang County, Baoding City, Hebei Province, 71000

Email: 1748754306@qq.com

Products: gear pump, zkb60 variable-speed shaft, zkb60 a tooth

Description: Agricultural machinery accessories

Baoding XuanJing ChuangHong Co., Ltd.

Address: 2nd Floor, No.9, Building 8, Pangkou Market, Pangkou Town, Gaoyang County, Baoding City, Hebei Province, 71500

Email: 30782350@qq.com

Products: rocker arm assembly, fuel injector, cylinder liner

Description: Baoding XuanJing ChuangHong Co., Ltd. was founded in 1985. It set up successively XuanJing ChuangHong agricultural spare parts sales center, XuanJing ChuangHong mini cultivator sales center, XuanJing ChuangHong agricultural spare parts manufacturing center, and XuanJing ChuangHong Import and Export Trading Company. XuanJing ChuangHong has a wide business scope and the products have been sold in China and abroad, including single cylinder diesel engine, single cylinder diesel engine parts, tyre, full-type mini cultivator and spare parts, mini cultivator, crankshaft, camshaft, piston and so on. XuanJing ChuangHong uses 3D printers to produce mould and have 3 sets of CNC processing center and a heat treatment center. XuanJing

ChuangHong has a professional overseas sales team to develop our international market.

Baoding Yicunjin Trading Co., Ltd.

Address: No. 12, Building 15, Central District, Pangkou Market, Gaoyang County, Baoding City, Hebei Province, 71500

Email: 109276@qq.com

Products: blade guard, hydraulic filter, air filter

Beihai Xinhong Hengda Mechanical Equipment Co., Ltd.

Address: Haicheng District, Beihai City, Guangxi Zhuang Autonomous Region, 536000

Email: 140676@qq.com

Website: <http://xhyfsb.en.alibaba.com>

Products: refined refining system, drying machine, cooking machine

Description: Beihai Xinhong Hengda Mechanical Equipment Co., Ltd. is a company with more than 20 years of experience in the rendering industry, and is a professional manufacturer of processing equipment for fish meal and fish oil, meat and bone meal, poultry byproduct meal, etc. Beihai Xinhong Hengda has developed and provided a series of various specifications and processing capacity for equipment to meet different needs of customers. Besides, Beihai Xinhong Hengda has over the years committed to improve the quality of its equipment, whose products have long ranked top in the industry in terms of quality and performance.

Beijing Leixina Environmental Protection Technology Development Co., Ltd.

Address: 220, Unit 2, Building 2, Yiquanhui, 35 Shangdi East Road, Haidian District, Beijing, 100085

Email: 1595497324@qq.com

Website: www.leixina.com

Products: belgian aams detection instrument, lechler imported sprinkler head from Germany, diaphragm pump

Description: Beijing Leixina Environmental Protection Technology Development Co., Ltd. was founded in 2001 in Beijing. It mainly manufactures plant protection machinery parts and testing equipment. The company is dedicated to providing advanced products, equipment and complete solutions for its broad masses of users. Now, with a number of internationally renowned manufacturers' agent agreements, the company is responsible for the promotion of their products in China as well as sales and technical support and other services. Beijing Leixina Environmental Protection Technology Development Co., Ltd., as the sole agent of Germany Lechler agricultural sprinkler in China, is committed to the solution and implementation of agricultural nozzle

and its accessories; as Italy AR's sole agent of agricultural pump in China, it is entirely responsible for the sales and after-sales support in China; as a Belgian AAMS sole agent in China, the company is responsible for the promotion, sales and technical support of its detect plant protection machinery in China. After years of development, the company has gained good reputation in the field of agricultural machinery, pesticides, plant protection, and environmental protection.

Bazhou Huachi Machinery Equipment Co., Ltd.

Address: Shicheng No.2 Village, Bazhou City, Langfang City, Hebei Province, 65700

Products: no till sowing machine, no tillage monomer

Cangzhou Dexin Machinery Co., Ltd.

Address: Qianlizhai Village, Yaoguantun Township, Cang County, Cangzhou City, Hebei Province, 61000

Email: czdx988@126.com

Products: straw kneading machine, feed mill

Description: Cangzhou Dexin Machinery Co., Ltd. formerly known as Cangzhou Dexin Civilian Machinery Plant was founded in 2000. It has become a specialized producer in the areas of small-sized farming machines and food machineries. In the past 10 years, the company has won the titles of "Chinese Brand Credit Enterprise", "AAA 100 Credit Enterprises in Hebei Province", "National Grain and Oil System Certificate" and "National Quality Survey Certificate". The main products of Cangzhou Dexin include pulping machine with slag separation, pulping machine without slag separation, large, medium and small -sized straw cutting machine and rubbing machine etc. It is sold all over the country and exported to more than ten countries. There are more than 3000 distribution outlets in China.

Cangzhou Hongteng Auto Parts Co., Ltd.

Address: Dazhu Village, Hejian City, Cangzhou City, Hebei Province, 62453

Email: 657886696@qq.com

Products: battery line, tape, wire

Cangzhou Tianba Agricultural Machinery Co., Ltd.

Address: Zhangcao Industrial Zone, Migezhuang Town, Hejian City, Cangzhou City, Hebei Province, 62453

Email: 2451521400@qq.com

Website: www.cztbnj.cn

Products: self-propelled corn harvester

Description: Cangzhou Tianba Agricultural Machinery Co., Ltd. has been engaged in the research and development

and manufacture of corn harvester since 2002. After years of efforts, the company has developed a number of core technology patents on corn harvester. The knapsack and self-propelled corn harvester produced by the company has been recognized and praised by the majority of users in the domestic corn planting industry. Since 2008, the products of the company have been listed in the national agricultural machinery product subsidy catalogue. In 2011, it passed tsop0012001 quality management system certification. Now the company has three production and assembly plants, covering an area of 34,000 square meters, with a construction area of 12,000 square meters and an office building of 1,500 square meters. In order to adapt to the market, the company has built more than 170 sales units covering the whole country by more than 10 provinces and regions. Our company has set "sales, service, spare parts supply, user training and information feedback" five integrated sales and service network system in order to meet different demand for different types of corn harvester.

Cangzhou Changhong Refining Machinery Co., Ltd.

Address: Qianlizhai Village, Yaoguantun Township, Cang County, Cangzhou City, Hebei Province, 61022

Website: <http://www.czmjj.com/index.asp>

Products: silk kneading and crushing machinery, corn peeling machine, crushing machine

Case New Holland China Management Co., Ltd.

Address: 2 Magi Road, Waigaoqiao Free Trade Zone, Pudong New Area, Shanghai, 200131

Email: wei.lee@cnhin.com

Website: www.caseih.com/www.newholland.com

Products: New Holland baling machine, New Holland tractor, case shaft cylinder combine harvester

Description: CNH Industrial's Harbin manufacturing complex laid its foundation in April 2013. The first Axial-Flow combine rolled off the assembly line in May 2014 and the opening ceremony was held on July 29th, 2014. Harbin manufacturing complex is the biggest agricultural equipment manufacturing facility in Northeast China and the complex extends over a total area of 400,000 square meters of which 116,000 covered Harbin plant that represents an investment of over 100 million US dollars. There are about 420 employees working on the site. The manufacturing complex features the latest technology in fabrication and two state-of-the-art painting facilities. Automated Guided Vehicles (AGVs) are utilized for the assembly and testing of the finished products to guarantee that they match the highest quality standards. Within the complex, there is a Customer Center with a spacious showroom and an office building. In addition, the Research Development Center with dedicated outdoor test track was opened in September 2013 and houses the engineering team tasked with designing components and adaptation for the domestic market. These facilities are complemented by the nearby spare parts depot and Training Centre. Harbin is the capital city of Northeast

China's Heilongjiang province which produces 10% of all the grains in China.

Changchai Co., Ltd.

Address: 123 Wild Road, Zhonglou District, Changzhou City, Jiangsu Province, 213000

Email: 937337544@qq.com

Website: www.changchai.com.cn

Products: multi-cylinder diesel engine

Description: Changchai Co., Ltd. is not only a nearly century-old national industrial enterprise, but also one of the earliest internal combustion engine manufacturers in China. It is the first listed company in the national agricultural machinery industry. Its annual output can reach 1.2 million diesel engines. Till now, Changchai accumulative production has already amounted to nearly 28,000,000 units. In terms of the domestic market, it ranks top 1 in the industry. Its products have been exported to 78 countries and regions. Changchai mainly produces small and medium power diesel engine and the power output ranges from 1.7kW to 80kW. There are more than 1000 varieties. The products can be widely used as power unit for vehicle transport, agriculture engineering machinery, ship propulsion, etc. "Changchai" trademark is identified as the earliest well-known trademarks in China. The single cylinder diesel engines won the title of "China Famous Brand Product". Changchai passed the ISO9000 Certification, the ISO14001 Environmental Management System Certification and the ISO/TS16949 Quality Management System Certification for Automotive. In March 2013, Changchai won the certificate for the exemption from export inspection. "Changchai" brand was continuously selected by "500 most valuable brands in China" and top ten "the most influential brand of internal combustion engines in China". The brand value is CNY 3,276 billion in 2012. Changchai has introduced the advanced casting, processing and the internal combustion engine testing equipment from the USA, Germany, Switzerland, Japan and Austria. Thus, it has advanced internal combustion engine manufacture equipment and technology. It owns the state-level enterprise technical center and postdoctoral research workstation. Now, the enterprise's technical center has more than 500 technical staff specialized in various techniques. So far, the corporation has obtained 74 national patents and about 500 new projects. Many types of multicylinder diesel engines got the U.S. EPATier4 and ECIIIA, which are the passports of entering the European and American market. The corporation has built a national sales service network with 11 sales service units, 31 sales service centers, over 400 after sales networks and 600 special maintenance stations.

ChangMai Power Machinery Co., Ltd.

Address: 105 Hebei Street, Xixiashurpu, Xinbei District, Changzhou City, Jiangsu Province, 213000

Email: czchangmai@163.com

Website: www.czcmdl.com

Products: diesel engine, generating set, air-cooled diesel engine

Description: ChangMai Power Machinery Co., Ltd. was founded in October 2009 with a registered capital of CNY 5.5 million. The company is a professional manufacturer of internal combustion engine equipped with advanced production, inspection and testing equipment. It is located in the New Northern Area of Changzhou city, Jiangsu province. It is a production base of agricultural machinery in Yangtze River Delta with a land area of approximately 10,000 square meters. The company mainly produces and sells the "Changxiang" brand diesel engines the products have F. R. ZS. CX long stroke and CXJ energy saving five major series with approximately over 50 types of products. "Changxiang" brand diesel engines are sold well in more than thirty provinces and cities by the virtue of the exquisite exterior appearance, outstanding quality, strong power and low maintenance rate and other advantages. Our quality policy is exploration, innovation, striving for even better systematic management and customer satisfaction. We will take "science technology as the guide, survival depending on quality, management as the basis, and brand for development" as the strategic goal, constantly providing high quality new products to customers and ensuring that the outgoing quality rate of 100%, the qualification ratio under first acceptance check of 97% to reach 99% within three years and that the customer satisfaction degree of 95% to reach 98% within three years.

Changsha Sonnepower Electronic Technology Co., Ltd.

Address: Minmetals Lugu Science and Technology Industrial Park, Yuelu District, Changsha City,

Hunan Province, 410205

Email: liting@csshuobo.com

Website: www.csshuobo.com

Products: controller, touch screen, distribution type io

Description: Changsha SonnePower Electronic Technology Co., Ltd. was established in 2007. It is dedicated to the solution of engineering vehicle controller in harsh environment and the overall solution of electronic control system. The company mainly provides a series of electronic products such as mobile controller, display, intelligent distributed IO, programmable music alarm and so on, which can be widely used in environmental sanitation machinery, fire trucks, agricultural machinery, concrete machinery, excavators, ships and many other engineering equipment industries. Engineering vehicle controllers for harsh environments bring more convenient and reliable user experience than PLC for many special machinery and equipment. Up to now, SonnePower Electronics has accumulated rich experience in the optimization and upgrade of the electric control system of sanitation vehicles. After years of exploration and efforts, it has become a long-term cooperative partner with Zoomlion Heavy Industry, SANY Heavy Industry, Yutong Heavy Industry, Yantai Hyde, Qingdao Zhongji, Chenglichenfeng, Shenzhen Dongfeng and other sanitation industries. With the development of product application, many products

such as controllers have been widely used in engineering machinery, fire engines, agricultural machinery, high-altitude vehicles and other fields. The quality of products of Changsha SonnePower has been highly recognized.

Changzhou Changrui Tianli Power Machinery Co., Ltd.

Address: 201 Pubei Street, Xixiashu Town, Xinbei District, Changzhou City, Jiangsu Province, 213181

Email: 835521694@qq.com

Products: horizontal bar diesel engine, multi-cylinder diesel engine, yuma engine

Description: Changzhou Changrui Tianli Power Machinery Co., Ltd. is located in Xinbei district of Changzhou city, which is close to Changzhou Civil Aviation Airport, and the Beijing Hangzhou Grand Canal. The company is specialized in the development and manufacturing of power machinery joint stock. It has strong technical force, production and testing equipment. It pursues continuous improvement of the production process and the product IS9001 system, in order to ensure the performance and quality of its products.

Changzhou Dongfeng Agricultural Machinery Group Corp., Ltd.

Address: 328, Xinye Road, Xinzha Street, Zhonglou District, Changzhou City, Jiangsu Province, 213012

Email: dfam@dfamgc.com

Website: www.dfamgc.com

Products: tractors

Description: Changzhou Dongfeng Agricultural Machinery Group Corp. Ltd. (DFAM) was established as a state-owned enterprise in 1952 and reformed as a private enterprise in 2003. After being reformed into a private enterprise for 10 more years, DFAM has adopted the flexible management mechanism of hammering at, exploiting and developing the market, deepening the business operation management and enhancing the working efficiency to meet the challenge of rapidly changing market and competition. DFAM now puts the wheeled tractor as the main product and the farm implements for completion as the auxiliary products at the prominent position to meet the international standard, so as to be competitive in the international markets. DFAM has cooperation with many universities and research institutes, which has brought great progress in modernization of its manufacturing and improving its innovation capacity. DFAM has now become a large-scaled corporation for developing and manufacturing farm machinery with product series of large/medium sized four-wheel tractors, walking tractors/power tillers, rice transplanters, wheat/rice/rape seeds combine harvesters, corn combine harvesters, cultivating tillage and plant protection equipment as well as the transmission system for vehicles. At present, the annual production and sales of the large/medium sized tractors has reached sixty thousand sets, ranking the 3rd in the national tractor industry with a market share of

15%. DFAM is also among the leading enterprises for its export business turnover of the 25-60 HP medium-sized wheeled tractors.

Changzhou ETK Power Machinery Co., Ltd.

Address: 60 Jiaying Ping Road, Xinbei District, Changzhou City, Jiangsu Province, 213100

Email: 29517593@qq.com

Website: <http://www.etkpower.com>

Products: diesel engine

Description: Changzhou ETK Power Machinery Co., Ltd.'s main products include diesel engine, diesel generator set and water pump. With 14 years of experience in mechanical manufacture and production, it has an annual output of more than 20 kinds of mechanical products. The company's products have been exported to more than 20 countries around the world, including the Philippines, Thailand, Malaysia, Vietnam, Dubai, Chile, Colombia, etc.

Changzhou Fengqing Mechanical and Electrical Equipment Co., Ltd.

Address: 588, North Jinling Road, Xinbei District, Changzhou City, Jiangsu Province, 213022

Email: cztt619@163.com

Website: <http://czfqjd.1688.com>

Products: diesel engine

Description: Changzhou Fengqing Mechanical and Electrical Equipment Co., Ltd. is engaged in the business of mechanical and electrical products for 20 years including agricultural machinery import and export. The main products of the company is single cylinder diesel engines. The company has carried out a range of service in both domestic and international markets.

Changzhou Goteng Machinery Technology Co., Ltd.

Address: Luoyang New Insulation Material Factory, Wujin District, Changzhou City, Jiangsu Province, 213104

Email: andy.hang@mateng.com

Website: www.gotenggroup.com

Products: branch mill, paddy field grader, paddy field stubble slurping machine

Description: Goteng is one of the leading manufacturers in the production of agricultural equipment, such as mowers, shredders, backhoes, rotary, tillers, snow blower sweeper, etc. for compact utility tractors. Founded in 2018, it has built strong cooperation with worldwide customers by quick expansion/development. With its flexibility and attention to the customer's requests, the company has developed a wide range of products for gardening, soil tilling, forestry and road maintenance, with the possibility of adapting them to the needs of potential users.

Changzhou Jade Electronics Company Limited

Address: 5th Floor, Building C, Tianan Digital City, 588 Changwu South Road, Wujin District, Changzhou City, Jiangsu Province, 213161

Email: 397370515@qq.com

Products: intelligent spray control system, seeding and fertilization monitoring system, seed metering device tester

Changzhou Jiehe Machinery Co., Ltd.

Address: North Gate, 7 Qingyun Industrial Park, Niutang Town, Wujin District, Changzhou City, Jiangsu Province, 213163

Email: 374125794@qq.com

Website: www.jiehechina.com

Products: multifunctional ditching machine for agricultural and forestry machinery

Description: Changzhou Jiehe Machinery Co., Ltd. was established in 2000. In the past 20 years, the company developed a variety of products, which got the national invention patents. Jiehe multi-functional agriculture and forestry machine loader allows many attachments the customers may have, while one loader can be used for various functions/purposes. Jiehe mini-skid steer loader can be attached with different attachments, such as bucket, excavator, auger, trencher, hydraulic breaker, pallet forks, tiller, four-in-one-bucket wood chipper, root grapple and so on, to satisfy the distinct demands of customers.

Changzhou Laochang Diesel Engine Co., Ltd.

Address: 1902, Unit A, Building 29, Lemmon City, Wujin District, Changzhou City, Jiangsu Province, 213100

Email: 13196763763@126.com

Products: diesel engine

Description: Changzhou Laochang Diesel Engine Co., Ltd. is in Changzhou, Jiangsu province, which is an important production base of agricultural machinery manufacturing industry in China. The company mainly produces and operates the old diesel engine series, the old tractor series, rotary tiller and its supporting power. The company's old diesel engine series and old tractor series are the only series in Changzhou that have obtained the approval of the Trademark Bureau of the State Administration of Industry and Commerce to use the old trademark.

Changfa Agricultural Equipment Co., Ltd.

Address: Changfa Industrial Park, Lijia Town, Wujin District, Changzhou City, Jiangsu Province, 213176

Email: 547834947@qq.com

Website: <http://www.changfanz.com/>

Products: wheeled tractor; grain-combining, high speed rice transplanter

Description: Changfa Agricultural Equipment Co., Ltd. is located in Changzhou, Jiangsu Province engaging agricultural machinery research and development, production, and sales. The company consists of nine divisions with a total area of more than 2000 mu. It currently has more than 4000 employees including more than 500 technical personnel. At present, the company have a total of 203 valid patents, of which 23 are invention patents. Relying on the abundant technical force and advanced process design, the company has produced a variety of agricultural machinery products including diesel engine, transplanter, tractors, crawler-type harvester, wheeled harvester, dryers, generators, etc. The company has set up a complete sales service network system in large and mediumsized cities across the country with more than 600 primary distribution agencies and more than 2000 secondary distribution agencies.

Changzhou Puhe General Machinery Factory

Address: 228, Puhe South Street, Xixiashu Town, Xinbei District, Changzhou City, Jiangsu Province, 213181

Email: 811370518@qq.com

Products: valve rocker arm assembly, starting motor bracket, cylinder head cover

Description: Changzhou Puhe is a machinery plant with independent design capacity. The factory mainly engages in the production and sales of cylinder cover series, flywheel nut series, rocker arm assembly series, stent cover series, pulley series, tools, and balance block series.

Changzhou SuChai Power Machinery Co., Ltd.

Address: Ninghe Village, Zhenglu Town, Wujin District, Changzhou City, Jiangsu Province, 213000

Email: SCDL2000VIP@163.com

Website: shop1432572924841.1688.com

Products: centennial diesel engine

Changzhou Wujin Shuanghu Grain and Oil Machinery Co., Ltd.

Address: Zuxishou, Xiaoyejia, Chenxiang Village Committee, Benniu Town, Xinbei District, Changzhou City, Jiangsu Province, 213131

Email: 2798717406@qq.com

Website: www.shlyjx.cn

Products: rice mill, complete set of rice machine

Description: Changzhou Wujin Shuanghu Machinery Co., Ltd. is in the city of Changzhou, Jiangsu Province. It is a specialized manufacturer for rice milling machinery, feed processing equipment and some other agricultural machinery. It was established in 1970 and rebuilt from the original state-owned Wujin Grain and Oil Machinery Factory. The company has technology exchange and

cooperation with several institutes and universities to develop new products. The company's sales network has been set up all around China while ensuring high quality, prompt delivery and satisfactory after sale services. The products have been sold in the oversea market including Southeast Asia, South America, Africa, etc.

Changzhou Xinlikang Precision Casting Co., Ltd.

Address: Industrial Zone, Qianhuang Town, Wujin District, Changzhou City, Jiangsu Province, 213172

Email: 85386894@qq.com

Products: guide wheel, guide wheel support, thrust wheel

Description: Changzhou Xinlikang Precision Casting Co., Ltd. is founded in 1999 in Changzhou city, Jiangsu Province. The company engages in harvester parts production, processing, sales and maintenance services.

Changzhou Yangmar Import and Export Co., Ltd.

Address: 1902, Building 29, Lemmon City, Wujin District, Changzhou City, Jiangsu Province, 213000

Email: 781782511@qq.com

Website: www.yangmar.com

Products: diesel engine

Description: Changzhou Yangmar Import and Export Co., Ltd. is a company specializing in the production and processing of diesel engines, tractors and other products, with a complete and scientific quality management system.

Changzhou Zirunangke Machinery. Co., Ltd.

Address: 75 Chemical Road, Zhonglou District, Changzhou City, Jiangsu Province, 213100

Email: zhang_22145@163.com

Products: adjustable speed skating plate, speed adjustment bracket, speed control lever

Description: The company mainly produces single cylinder diesel engine governor assembly including speed regulating lever, speed regulating slide plate, speed regulating bracket, oil indicator, etc.

Chikusui Agriculture Machines Changzhou Co., Ltd.

Address: 9 lanxiang Road, Wujin Economic Development Zone, Wujin District, Changzhou City, Jiangsu Province, 213149

Email: yu_he@canycom. co. jp

Website: www.canycom.cn

Products: hand mower, ride mower

Description: In order to contribute in solving China's "three rural issues", Chikusui Canycom Inc. set up Chikusui Agriculture Machines Changzhou Co. Ltd. in China. The company is founded on March 19th, 2010, and officially opened for business in December 15th, 2010. The products mainly include: self-propelled crawler type spraying machine, self-propelled wheeled sprayer, walk-behind rubber track carriers, ride-on brush cutters, etc. The products are sold to many countries and regions all over the world. By combining Chinese market demand with Japan's efficient facility agricultural machinery technology, the company aims at solving the problem of rural labor shortage and rising labor costs and making farm field operation easy and convenient.

China Hubei Shuangxing Intelligent Equipment Co., Ltd.

Address: 23 Dongfeng Avenue, Maojian District, Shiyan City, Hubei Province, 442000

Email: wyyboy@163.com

Products: self-propelled crawler grain combine, paddy planter

Description: Hubei Shuangxing Intelligent Equipment Co., Ltd. was founded in 1980 and was transformed into a private joint-stock enterprise in 1998. The company has more than 180 employees, 38 technical personnel with college degree or above and 5 senior engineers. It has won the title of "high-tech enterprises", "innovative pilot enterprises" and provincial "industrial design centers". The company has standard industrial areas of 40,000 square meters and total assets of CNY 237 million in Wuhan and Shiyan. The R&D investment ratio is 6%. The company has four proprietary companies, namely, Hubei Shuangxing Purification Co., Ltd. focusing on development and manufacture of construction machinery and agricultural machinery, Ruilaibo Agricultural Equipment Co., Ltd. on development and manufacture of agricultural machinery, Kefir Filter Co., Ltd. on commercial vehicle air filter manufacture, and Botai Coating Co., Ltd. on plastic spraying and painting.

China Agricultural Machinery Distribution Association

Address: 26 Yuetan South Street, Xicheng District, Beijing, 100825

Website: www.camda.cn

Products: agricultural technology books, tea pruning machine

China FST Co., Ltd.

Address: 999 Huancheng North Road, Jinqing Town, Luqiao District, Taizhou City, Zhejiang Province, 318058

Products: stretcher type motorized sprayer, knapsack power sprayer

China Agricultural Machinery Distribution Association

Address: Shoukai Square, Chaoyang District, Beijing, 100825

Website: <http://www.camda.cn/home/>

Products: soil preparation machinery, subsoiling machinery

Chiping County Jinke Xinnuo Industrial Trading Co., Ltd.

Address: He Pan Industrial Park, Chiping County, Liaocheng City, Shandong Province, 252100

Email: liguangkui@sdjkn.com

Website: www.sdjkn.com

Products: oil cooler, cover plate, intercooler, water tank

Description: Jinke Xinnuo Industrial Trading Co., Ltd. produces all kind of oil cooler for trucks, cars, agriculture machines and construction machinery.

Chongqing Meiqi Industry Co., Ltd.

Address: 2 Baosheng East Road, Huixing Street, Yubei District, Chongqing, 401120

Email: 930118425@qq.com

Website: <https://www.mei-qi.com/>

Products: mini-tiller

Description: Meiqi Group is a professional manufacturer engaging in but not limited to the production of small agricultural machinery and motorcycle components. Established in January 1993, our company started from a workshop and now is a medium backbone enterprise. Meiqi factory covers an area of more than 30 acres with buildings occupying around 6,000 square meters. Our company has a variety of processing equipment including automatic stamping machines, CNC lathe machines, heat treatment facilities, quenching tempering furnaces, automatic welding units, automatic grinder units, etc. Our company has over CNY 50 million fixed assets, nearly 800 employees, and established two branches: Jiaoyang Machinery Ltd. and Meiqi Agricultural Machinery Sales Ltd. Our annual production capacity reaches over 8,000,000 sets of gear shift arm, 1,000,000 sets of machines connecting rods, 1,200,000 sets of fuel tanks, 50,000 sets of tiller machines and 80,000 sets of tiller machine spare parts. Meiqi has strong product development capability and a group of experienced engineers bringing our customers quality products. Our tilling machine sales network has covered more than 10 provinces in China. At the same time, our tillers have been sold to over 10 different countries. After more than 10 years in the market, Meiqi products have become a major supplier of the motorcycle manufacturer in. In the course of ten years' development, Meiqi has been awarded the "top ten private enterprise", "backbone enterprise", "trustworthy enterprise", "best supplier", etc.

Chongqing Zhanxiong Machine Manufacture Co., Ltd.

Address: 33 Jinsha Road, Nanjin Street Sub-district office, Hechuan, Chongqing, 401500

Email: 184510528@qq.com

Website: www.cqzxpowers.com

Products: gasoline engine generator, gasoline engine, gasoline engine power

Description: Chongqing Zhanxiong Machine Manufacture Co., Ltd. locates in Hechuan District of Chongqing. The company is specialized in producing gasoline engine series, generator series, water pump series, agricultural power tiller series and so on. It has integrated business in research and development, production, sales and foreign trade. The company covers an area of 60 acres with standard industrial workshop of 30000 square meters and is equipped with 5 advanced large scale production lines. The company has 300 employees including 41 intermediate and senior engineers and is equipped with 5 advanced large scale production lines with an annual production capacity of 800,000 unit sets. Our products sell well in China and more than 50 countries and regions such as America, Europe, Africa, Middle East and Southeast Asia. The company owns a number of product patents, and has passed the quality system ISO9001: 2008.

Chongqing Cairui Machinery Co., Ltd.

Address: 92 Aluminum City Avenue, Xipeng Town, Jiulongpo District, Municipal District, Chongqing, 401329

Email: 2045896136@qq.com

Products: mini-tiller

Description: Chongqing Cairui Machinery Co., Ltd. is located in Jiulongpo District, Chongqing. It is a professional manufacturer of agricultural machinery products including multi-function miniature farming machine and so on. The company accord with the technical requirements of JB/ T10266-2013 for micro tillage machine.

Chongqing Comboss Power Equipment Co., Ltd.

Address: Chongqing Comboss Power Equipment Co., Ltd, Jiangjin District, Chongqing, 402283

Email: 694946976@qq.com

Products: mini-tiller, gasoline engine generator, gasoline water pump

Description: Chongqing Comboss Power Equipment Co., Ltd. was founded in 2018. Comboss is an international enterprise specializing in the R&D, manufacture, sales and services of off-road small engine and power equipment products. Our current main products include: engine, generator, water pump and power tiller. From the beginning of its establishment, Comboss has positioned to manufacture medium and high -end products. It has a modern standard factory area of about 10,000

m², an office building area of about 1000 m², 3 modern standard production lines for engine, generator, water pump and power tiller products and a laboratory for product durability-testing. The company currently has 100 employees, and the annual comprehensive design capacity can reach 400,000 units. Comboss has adopted the ERP management system, obtained the ISO9001 international quality management system certification. Our main products have passed CE and Euro V certificate and obtained patents of invention, utility model and appearance.

Chongqing CQQJ Equipment Co., Ltd.

Email: 34953606@qq.com

Website: <http://www.cqqj.com.cn>

Products: row transformer box assembly

Description: Chongqing CQQJ Equipment Co., Ltd. is a subordinate company of China Building Materials Group Co., Ltd. The company has become a key backbone enterprise for beer, beverage, condiment and other filtering and packaging machinery; pharmaceutical, chemical and biological machinery; and agricultural machinery in China.

Chongqing Hongmei Technology Co., Ltd.

Address: Ba Qiao Town, Huzhu Village, Dadukou district, Chongqing, 400084

Email: 80356159@qq.com

Website: www.goodmachines.cn

Products: mini-tiller, gasoline engine power

Description: Established in 1990, Chongqing Hongmei Technology Co., Ltd. is a highended agricultural machinery company which specializes in R&D, manufacture and marketing of general-purpose power machines and stepped into the field of agricultural machinery since 2004. Chongqing Hongmei Technology Co., Ltd. mainly specializes in manufacturing agricultural machinery such as gasoline engines, water pumps, gasoline generators, power tillers, harvesters, etc. The company has passed ISO9001: 2000 international quality certification, gained national "3C" certificate, "Chongqing Famous Product", "Authentication and Marketing Permission for Agricultural Machinery" for 13 models of its products. The company recently obtained the title of "New Key Product of Chongqing City", "Chongqing Famous Brand", "Experimental Company of Chongqing Intellectual Property". The company's products have been listed in the government allowed products in over 20 provinces all over China. The products have been exported to over 20 countries. According to the customs data of 2012, Chongqing Hongmei ranked No. 5 among over 200 power tiller factories in Chongqing. The company is cooperating with several overseas distributors.

Chongqing Kuojiang International Trade Co., Ltd.

Address: Runmotorcity Warehouse 2-4, Shuangfu New Area, Jiangjin District, Chongqing, 400000

Email: 593029953@qq.com

Products: transport cart, agricultural machinery, tiller parts

Description: Chongqing Kuojiang International Trade Co., Ltd. is a subsidiary of Chongqing Nongtong Machinery Co., Ltd. Nongtong was founded in 2008 and Kuojiang was founded in 2016. The company is located in the place of origin of micro tillage machineries – Chongqing, China. Kuojiang is a company that is engaged in researching, developing, manufacturing and selling various kinds of diesel engine, diesel generator, diesel water pump, gasoline engine, gasoline generator, gasoline water pump and micro tillage machine, cultivator, harvester, etc. Our company mainly runs a wholesale business of miniature farm machinery and all machine parts. In the past years, Kuojiang's products have been exported to Central Asia, Southeast Asia, Middle East, Africa, South America and Europe.

Chongqing Rato Technology Co., Ltd.

Address: 99 Jiujiang Avenue, Shuangfu New Area, Jiangjin District, Chongqing, 402247

Email: wenjing_xing@rato.cc

Products: variable-frequency gasoline generator, gasoline engine, water pump

Description: Chongqing Rato Technology Co., Ltd. was founded in March 2007. Rato is located in Shuangfu Industrial Park, Jiangjin, Chongqing, covering an area of 430,000m², with total investment of CNY 1.3 billion. Rato builds the advanced R&D center competent of design, engineering, testing and technical management. "Lean manufacturing" is applied in all processes including machining, metal parts pressing and welding, plastic injection, coating and painting, and assembly. The production capacity is 3 million units of engines and its application products as well as 80,000 units of equipment annually. The yearly turnover is estimated to be CNY 4 billion.

Chongqing Shineray Agricultural Machinery Co., Ltd.

Address: 8 Xinyuan Road, Hangu Town, Jiulongpo District, Chongqing, 400000

Email: 252639295@qq.com

Website: www.shineraypower.com.cn

Products: mini-tiller, field manage machine, small harvester

Description: Chongqing Shineray Agricultural Machinery Co., Ltd., was founded in 2005, is one of the subsidiaries of East Shineray Holdings Ltd., specializing in developing,

manufacturing and marketing products including gasoline and diesel engine assemblies, generators, water pumps, garden and agricultural cultivating machineries. The company covers an area of 5.5 hectares and possesses a 50,000 square-meter modern plant. There are two advanced engine assembly lines, two final assembly lines, two agricultural machinery assembly lines and related testing groups. The annual productivity is 1,700,000 sets. There are nearly 500 staffs, among which over 100 are technicians. In the past few years, Shineray brand has extended all over China and our products have been sold to over 60 countries and regions.

Chongqing Shuaichang Machinery Manufacturing Co., Ltd.

Address: 4 Yipin Street, Leyao Village, Banan, Chongqing, 400000

Email: cq_shc@163.com

Website: www.shuaichang.com

Products: clutch assembly of micro cultivator

Description: The business of the company includes manufacture, processing and sales of general machinery, auto parts excluding engines, motorcycle parts excluding engines, electric vehicles and parts, and lubricants. The company also engages import and export of these products.

Chongqing Wang Geng Machinery Manufacturing Co., Ltd.

Address: Aijiawan Community, Silong Village, Huilongba Town, Shapingba District, Chongqing 400000

Email: 786929170@qq.com

Products: mini-tiller

Description: Chongqing Wang Geng Machinery Manufacturing Co., Ltd. is located in the core business district of Shapingba -- Chongqing Industrial Park, near the largest freight transport hub -- Chongqing logistics park. The company covers an area of more than 50 acres, with 6000 square meters of factory buildings and office buildings, an overall investment of CNY 5 million. The company is a professional developer and producer of micro tillage machine and farm management machinery. The company has become the pioneer of micro tillage machine and numerical control machine manufacture. The company's products have the features novel design, beautiful appearance, multiple functions, small volume, light weight, easy operation, suitable for hilly areas, for field management, tea orchards, vegetable greenhouses, rotary tillage weeding, planting, etc.

Chongqing Wugu Universal Equipment Co., Ltd.

Address: 8 Longfei Road, Dongcheng Sub-district Office, Tongliang County, Chongqing, 402560

Email: andy tao@senci.cn

Products: mini-tiller, field management machine

Description: Chongqing Wugu Universal Equipment Co., Ltd. was established in 2009. The registered capital of the company is CNY 5 million. The main businesses includes agricultural machinery equipment and accessories, general machinery equipment and accessories, construction machinery, electrical equipment, electronic products, etc. The main products are micro tillage machine, ridging machine, combined series products, etc. Beginning in 2014, the products are exported to Europe, the United States, Southeast Asia and Africa and other regions.

Address: Building 2, 618 Chengliu Middle Road, Jiading District, Shanghai Municipality, 201801

Email: duanyalong@comnav.cn

Website: www.sinognss.com

Products: ag302 bd-2. 5gd Beidou/GNSS agricultural automatic navigation and driving system, ag302 bd-2. 5gy Beidou/GNSS agricultural automatic navigation and driving system, ag600 hydraulic tractor autopilot system

Dandong City Wulongbei Yaoyu Agroforestry Machinery Co., Ltd.

Address: Maojuan Street before, Wulongbei Town, Zhenan District, Dandong City, Liaoning Province, 118005

Email: ddyynj@126.com

Website: www.ddyynj.com

Products: wind-fed power hay cutter

Description: Dandong City Wulongbei Yaoyu Agroforestry Machinery Co., Ltd. is a producer of agriculture and forestry ensilage kneading machines. The machine has good rubbing effect, high efficiency, wide applicable scope, safe and reliable, long durability, and could process green straw with moisture content of more than 50%.

Danyang Changsheng Machinery Co., Ltd.

Address: Huang Town, Danyang City, Zhenjiang City, Jiangsu Province, 212300

Email: csdb18@163.com

Website: <http://www.dycsjx.com>

Products: air compressor, fuel oil filter, oil filter

Description: Danyang Changsheng Machinery Co., Ltd., locates Huang town, Danyang city, Jiangsu Province. The company covers a building area of 16,000 square meters, with a variety of more than 100 units processing and testing equipment. The company's annual output is 150,000 sets of car air compressor. The company has sound organization, runs effective quality assurance system, service and quality control of the whole process from raw materials purchased to spare parts into the factory. The products' key performance indicators have reached or even surpassed the ministerial standard in China. The company passed the ISO9001: 2000 quality system certification in 2002 and the ISO/TS16949 quality system certification in 2011. The company has strong technical force and product development capabilities in designing, manufacturing a variety of machines, fuel, air filter assembly, automotive air compressors and nonstandard production equipment and testing equipment.

Danyang Huaben Machinery Manufacturing Co., Ltd.

Address: Anle Industrial Park, Jiepai Town, Danyang City, Zhenjiang City, Jiangsu Province, 212323

Email: 283066931@qq.com

Website: <http://www.dyhbix.com/>

Products: diesel fuel tank, tractor tank, air cylinder

Description: Danyang Huaben Machinery Manufacturing Co., Ltd. locates in Jiepai Town (a place famous for its manufactured lamps) of Danyang City, with convenient water, land and air transportation, benefiting from the economic prosperity of the Yangtze River Delta. Danyang Huaben Machinery Manufacturing Co., Ltd. is a producer of R175, R180, R185, S195, S1100, S1110, 1125, S1130 and r178, R186 water cooling, air cooling diesel sump, automobile fuel tanks and gas storage cylinders. It is a largescale enterprise with large stamping, hydraulic, roll welding, oxygen welding, welding and other mechanical equipment. The company has strong technical strength, excellent production process, advanced management. The products are sold in Zhejiang, Shandong, Guangxi and other provinces.

Danyang Jiamei Seating Co., Ltd

Address: 60 metres west to Hehuachi Bus Station, Danyang City, Zhenjiang City, Jiangsu Province, 212311

Email: 840616317@qq.com

Products: harvester seat, cane machine seat, agricultural machinery seat

Description: Danyang Jiamei Seating Co., Ltd. was established in 2001, is a professional factory producing seats and seat parts. It's close to Changzhou and Nanjing Airport, where transportation is convenient. The products include seats for agricultural machines, construction machines, go-karts, mobility scooters, cars and other vehicles; and stamping parts. The factory covers an area of 12,000 square meters and possesses large molding machines, shearing machines, full-automatic power coating line, foam line, seat parts assembly line and other equipment. Besides the production process from blanking, welding, phosphating, spray, foaming to sewing, the company could finish all the assembly steps and can satisfy the various customized demands. In China, the company's main customers include Jiangsu World Group, Shandong Shifeng Group, Shanxi Victory, Zhejiang Kandi and so on. The company manufactures more than 120,000 seats every year.

Danyang Tianda Intelligent Technology Co., Ltd.

Address: 19 Qiliang Road (Hi-tech Pioneer Park), Economic Development Zone, Danyang City, Zhenjiang City, Jiangsu Province, 212300

Email: 466683281@qq.com

Products: outboard engine

Description: Danyang Tianda Intelligent Technology Co., Ltd. abbreviated as TIANDA locates in the most famous machinery city -- Danyang, China. As a professional exporter of agricultural machinery, the company have abundant marketing experience of agricultural machinery in China. The company can offer almost all kinds of agricultural machinery which have been exported to more than 20 countries.

Danyang Zhulin Lamps and Lanterns Co., Ltd.

Address: Dengcheng Street, Jiepai Town, Danyang City, Zhenjiang City, Jiangsu Province, 212323

Email: zhulindj@126.com

Products: xugong headlight, forklift lamps, engineering vehicle lamps and agricultural vehicle lamps

DEYIBO

Address: Linjin Road, South of 112 National Road, Economic Development Zone, Bazhou, Langfang City, Hebei province.65700

Email: 2785758533@qq.com

Website: www.deyibo.com

Products: vegetable planter, garlic seeder, air suction precision seeder

Description: DEYIBO machinery was founded in 1998. It is a factory specialized in producing all kinds of seeders. They are widely use for different kinds of crops and vegetables.

Dezhou Longfeng Agricultural Machinery Manufacturing Co., Ltd.

Address: Economic and Technological Development Zone, Decheng District, Dezhou City, Shandong Province, 253000

Email: 382501080@qq.com

Products: flip four-furrow plough, grate tilting plough

Dingzhou Lianzhong Martial Arts Equipment Factory

Address: Lianzhong Village, Qingfengdian Town, Dingzhou City, Baoding City, Hebei Province, 73000

Email: hanweisen1@163.com

Products: dryland blades, wetland blades, coulter

Description: The factory produces and sells various kinds of rotary blades, wetland blades, stubble blades, straw returning machine blades. The company can also customize the products according to customers' needs.

Dingzhou Xinxing Coultter Factory

Address: Lianzhong Village, Qingfengdian Town, Dingzhou City, Baoding City, Hebei Province, 73000

Email: 841272406@qq.com

Products: dryland blades, wetland blades, coulter

Dong'e Longquan Water Pump Factory

Address: Fanji, Yaozhai Town, Dong'e County, Liaocheng City, Shandong Province, 252200

Email: 83889871@qq.com

Products: sprinkler irrigation pump, self-priming pump, mixed-flow pump

Description: Dong'e Longquan Water Pump Factory was found in 1990s, which is located in Liaocheng City of Shandong Province. The factory covers an area of more than 30000 square meters.

Dongxing Friction Materials Plant

Address: Han Village, Xian County, Cangzhou City, Hebei Province, 062255

Email: dxmcc1@1163.com

Products: clutch, annular gear, clutch disc for tractor

Dunhua Fangzheng Agricultural Machinery Equipment Manufacturing Co., Ltd.

Address: Hebei Street, Dashitou Town, Dunhua City, Yanbian Korean Autonomous Prefecture, Jilin Province, 133702

Email: dhfznj@163.com

Website: <http://dhfznj.nongji360.com>

Products: self-propelled corn combine harvester, half-track self-propelled corn combine harvester

Description: Founded in 2010, with a registered capital of CNY 10 million, the company locates in the Development Zone of Dunhua city, Jilin Province, covering an area of more than 40,000 square meters. It is the main manufacturer and technical founder of domestic hilly and mountainous corn harvesting machinery. The registered trademark "Yishou" is rated as a well-known trademark not only in Yanbian but also in Jilin Province. The factory mainly engages in the production of corn harvesting machinery, planting machinery, tillage and soil preparation machinery. The main product 4YZH2 self-propelled corn combine harvester has several national patents, which can complete corn picking, peeling, ear lifting and transporting header, straw returning and other work at one time, and is especially suitable for mechanized harvesting of corn in hilly and mountainous fields. The product has obtained the certificate of promotion and appraisal from the Ministry of Agriculture and Rural Affairs of China and has entered the catalogue of state subsidies. The products are mainly sold in the northern provinces of China, and some products have been exported to Thailand, Myanmar and other countries.

Eagle Power Machinery Jingshan Co., Ltd.

Address: Agricultural Machinery and Equipment Manufacturing Industrial Park of Economic Development Zone, Jingshan City, Jingmen City, Hubei Province, 431800

Email: 912294454@qq.com

Website: <http://www.eaglepower.net>

Products: diesel generating set, diesel electric welding generating set, diesel water pump

Description: The company specializes in the production of air-cooled, water-cooled diesel generator sets, water pumps and so on.

Eurozappa Agriculture Machinery Parts (Zhangjiaggang) Co., Ltd.

Address: Guotai Xintiandi Square 603B, 19 Renmin East Road, Zhangjiaggang City, Suzhou City, Jiangsu Province, 215600

Email: yf_tea@163.com

Products: grid point, besson plow tip, deep loosening shovel

Description: Eurozappa Itally, the parent company of Eurozappa Agriculture Machinery Parts (Zhangjiaggang) Co., Ltd. has been a famous manufacturer of agricultural machinery parts for decades.

Feiyu Agricultural Machinery Co., Ltd.

Address: Postal Savings Bank of China (Xincheng Branch), Shahe City, Xingtai City, Hebei Province, 54102

Email: 396301678@qq.com

Products: corn sheller

Description: Feiyu Agricultural Machinery Co., Ltd. locates in Shahe City, which is known as the "Glass City" in China. The company was established in 2005, focusing on R&D and manufacture of high-end small-scale agricultural machinery. After years of development, it has become one of the city's large-scale industrial enterprises, and has great influence and popularity in the industry. Now, the company possesses more than 100 professional technicians as well as 315 tons of hydraulic presses, one 200-ton hydraulic press, one 125-ton press, three 80-ton presses, 35 small punches, and seven shearing machines. There are 24 welding machines and 4 large and small lathes. At the same time, it has automatic paint spraying line and a full set of advanced testing equipment. It produces 1200 corn threshers daily.

Feixian Huayuan Agricultural Equipment Industry and Trade Co., Ltd.

Address: Westside of Feicheng, National Highway 327, Fei County, Linyi City, Shandong Province, 273400

Products: micro tiller, garden management machinery, potato harvesting machine

First Tractor Co., Ltd.

Address: 154 Jianshe Road, Jianxi Area, Luoyang City, Henan Province, 471004

Email: YTOduankai@163.com

Website: www.first-tractor.com.cn/

Products: dongfanghong wheeled tractor, self-propelled grain harvester, dongfanghong power drive rake

Description: First Tractor Co., Ltd., formerly known as the First Tractor Works of China, was founded in 1955, and was one of the 156 key construction projects in the First Five-Year Plan of China and the only large agricultural machinery enterprise in China by then. It was approved as the "Level A Enterprise of the State" by the Enterprise Administration Committee of the State Council in 1990. In 1997, YTO Group Corporation established the First Tractor Co., Ltd. after legitimately restructuring the business segments, assets, liabilities and personnel related to tractor business. First Tractor Co., Ltd. was the only agricultural machinery stock listed company both in the A-share stock market in China mainland and H-share stock market in Hongkong. The holding company of the First Tractor Co., Ltd. is YTO Group Corporation, whose parent company is China National Machinery Industry Corporation SINOMACH. The company has been awarded as the advanced enterprise for quality management in China, and has passed Quality Management System ISO9001, Environmental Management System ISO14001, Occupational Health and Safety Management System OHSAS18001, etc., and obtained Henan Provincial Governor Quality Award in 2012. The company's total asset reached CNY 10.73 billion by the end of 2012, with staff of 12,200 people, of which

over 3,200 are administrative and professional engineers.

FJ Dynamics

Address: 1 Dongfengjingguan Road, Xiangzhou District, Xiangyang City, Hubei Province, 212400

Email: lebron.chen@fjdynamics.com

Website: <https://www.fjdynamics.com/en/home>

Products: FJ1804 driver tractor, FJ intelligent rice transplanter, FJ 3D agricultural machinery automatic driving system

Description: FJDynamics is a global robotics company focusing on AI, advanced manufacturing and big data. The company aims at providing a full range of autonomous and digital solutions for the industrial automation and the intelligence of agriculture, forestry, animal husbandry, fishery and construction. FJDynamics is committed to promoting the upgrade of traditional industries to digitalization and intelligence in order to ultimately achieve efficiency improvement and cost reduction.

Fujian Jinjiang Kehua Auto Parts Co., Ltd.

Address: Anhai Baitou Industrial Zone, Shishi City, Quanzhou City, Fujian Province, 362200

Email: www.fjkh@fjkh.cn

Website: www.fjkh.cn

Products: transmission, ca6-75 front box assembly, transfer box assembly

Description: The company was founded in the mid-80s, producing mainly car accessories such as gearbox, and power takeoff. The company has abundant technical force and testing facilities to ensure the quality of our products.

Fujin Lixing Plant Protection Manufacturing Co., Ltd.

Address: Industrial Park, Fujin City, Jiamusi, Heilongjiang Province, 156100

Website: www.lxpyj.com

Products: self-propelled boom sprayer

Fujian Huagai Machinery Manufacturing Co., Ltd.

Address: Huagai Building, Nan'an, Quanzhou City, Fujian Province, 362000

Website: www.china-huagai.com

Products: drive shaft bolt, rear axle screw, drive shaft screw

Gaobeidian Jinghua Rubber Products Co., Ltd.

Address: 212 Beida Street, Gaobeidian City, Baoding City,

Hebei Province, 74000

Email: jinghuaxiangjiao@163.com

Products: assembly/wide deep wheel

Description: Gaobeidian Jinghua Rubber Products Co., Ltd. conducts independent research and development of mold, rubber mixing, vulcanized manufacturing production mode. The company could provide variety of rubber according to the customers' demand. Moreover, the company provides vulcanized manufacturing process solution for advanced production lines ensuring the accuracy and appearance of products. Our laboratory is capable of detecting polysulfide in rubber, testing aging resistance, and undertaking tensile, wear and strength performance tests, and supporting the improvement of the factory's qualified product rate.

Gaomi Kaifeng Agricultural Machinery Assembly Factory

Address: 2781 Chang'an Avenue, Gaomi City, Weifang City, Shandong Province, 261500

Email: 403275952@qq.com

Products: field management machine, micro tillage machine

Description: Gaomi Kaifeng Agricultural Machinery Assembly Factory focuses on the research and development, and production of small farm machinery. The company's main products include micro farming machines, agricultural tires and other machinery.

Gaoyang Baoxiang Agricultural Machinery Accessories Manufacturing Co., Ltd.

Address: North Lianjiazhuang Village, Pangkou Town, Gaoyang County, Baoding City, Hebei Province, 71503

Email: 81640223@qq.com

Products: exhaust pipe bending machine, empty filter, muffler

Description: Gaoyang Baoxiang Agricultural Machinery Accessories Manufacturing Co., Ltd. was established in 1988. It is a professional manufacturer of large, medium and small tractor muffler, air filter and filter. The company uses high quality materials and advanced production equipment to produce qualified products. Bao Xiang has a high-quality professional team with techniques, which integrates development, design, production and sales.

Gaoyang County Woye Agricultural Machinery Sales Center

Address: No. 1, Building 3, South Zone, Pangkou Fittings, Gaoyang County, Baoding City, Hebei Province, 71504

Email: wynj668@163.com

Products: clutch assembly, main clutch friction plate

Gaoyang County Guanghua Hydraulic Machinery Co., Ltd.

Address: Chenzhuang Industrial Zone, Pangkou Town, Gaoyang County, Baoding City, Hebei Province, 71504

Products: motor, hydraulic multi-way valve, hydraulic gear pump

Gaoyang Zhaojun Agricultural Machinery Accessories Sales Department

Address: No.132, South Tianchi, Gaoyang County, Baoding City, Hebei Province, 71500

Email: 724619601@qq.com

Products: bearing

Gaoyang Jifa Agricultural Machinery Accessories Sales Department

Address: Enfa Community, North Side of Pangkou Town, Gaoyang County, Baoding City, Hebei Province, 71504

Email: 2671365666@qq.com

Products: spring tooth, bearing, baling machine

Description: The company is specialized in the production of baler and mower accessories.

Gaoyang Xuanmu Vehicle Lights Factory

Address: East Side of Hezhuang, Pangkou Town, Gaoyang County, Baoding City, Hebei Province, 71500

Email: 530386301@qq.com

Products: dazzling lighting, huatai starter

GD Han'S Yueming Laser Group Co., Ltd.

Address: 28 East Gongye Road, Songshan Lake High-tech Industrial Development Zone, Dalang Town, Dongguan City, Guangdong Province, 523808

Email: Li.zs@ymlaser.com

Website: <http://www.ymlaser.com>

Products: fully automatic laser tube cutter, high power fiber laser cutting machine, hand-held laser welding machine

Description: GD Han's Yueming Laser Group Co., Ltd., a subsidiary of Shenzhen Han's Laser Technology Co., Ltd., (stock code of which is 002008,) is professionally dedicated to industrial laser equipment R&D, manufacture, sales and service with the integration of laser, fine mechanics, CNC and modern management. With steady development for dozens of years, Han's Yueming owns modern factories with a total floor area of over 100,000 square meters, possesses over 100 units precision machinery processing equipment and has more than 1000 well-trained staff in Guangdong, Shanghai and Jiangsu. Our annual production capacity is more than 10,000 units.

Golden Century Jiangsu Intelligent Technology Co., Ltd.

Address: Zhengyi Village, Xiannv Town, Jiangdu District, Yangzhou City, Jiangsu Province, 225200

Email: 2108868306@qq.com

Website: <http://www.jsj-wheel.cn/>

Products: wheeled tractor

Description: Golden Century Jiangsu Intelligent Technology Co., Ltd. is a Hong Kong wholly-owned company with a capital of US \$62.35 million. It is located in the eastern suburbs of the ancient city of Yangzhou, with beautiful environment, convenient transportation, and close to the Ning-Tong expressway. The company specializes in the production of tractor ring-, large-, medium- and extra-large tractor ring, automobile wheel hub, half shaft processing and a variety of precision machinery and automation equipment. The company has designed and developed all kinds of large, oversized steel ring for users. The company passed ISO9002 international quality system certification in December, 1999. It is a member of the tractor branch of China Agricultural Machinery Industry Association, and its "jiangwei" steel ring has a high reputation in the industry. The company has been rated as "excellent supplier" for many years. Our products sell well all over the country, and some of our products are exported to America, Middle East, Australia, Malaysia and other countries. In order to meet the increasing demand for production capacity and the company's future development needs, our company invested in a new subsidiary in Luoyang in 2011 -- Dongfanghong Luoyang Wheel Manufacturing Co., Ltd. -- and put it into operation in 2013, with a capital of CNY 38 million. Its key service target is China's first tractor and surrounding tractor manufacturers. Our company covers a total area of about 218,000 square meters, with about 400 employees, including more than 60 professionals. Our company has advanced equipment and strong technical force. On October 19th, 2016, Golden Century Group was successfully listed on the KSDAQ market in South Korea, with the stock code 900280, which laid a solid foundation for the future of Golden Century.

Gu'an County Metallurgical Filter and Purification Equipment Co., Ltd.

Address: No.10, Lincheng Industrial Park, Gu'an County, Langfang City, Hebei Province, 0655000

Email: 1175758771@qq.com

Website: <https://maiweilvye.1688.com/>

Products: Kubota 988 harvester wood filter, marine harvester diesel filter element, Kubota 954 tractor gearbox filter element

Description: Gu'an County Metallurgical Filter Purification Equipment Co., Ltd. mainly produces agricultural filter, harvester filter core, and tractor filter element. Our company has first-class technology, excellent equipment, large market scale and complete service facilities. The machinery accessories are sold well in the market and enjoy

a high reputation among the consumers. The company has established a long-term and stable cooperative relationship with many retailers and agents.

Guangchang Xian Xing Lian Machinery Manufacturing Co., Ltd.

Address: Xinglian Machinery, Guangchang County, Fuzhou City, Jiangxi Province, 344900

Email: 2787834869@qq.com

Website: www.qjlzj.com

Products: lotus seed core machine, lotus seed peeling and peeling machine

Description: Guangchang Xian Xing Lian Machinery Manufacturing Co., Ltd., was founded in 2014, and is located in in Guangchang Industrial Park in Fuzhou city of Jiangxi Province. Our main products currently include lotus seed sheller, lotus seeds, lotus seed shell peeling machine, peeling machine, lotus seed dryers, lotus seed color separator, etc. The existing plant covers an area of 24,000 square meters, has nearly 170 employees, more than 40 invention patents and utility model patents, and won the ISO9001 quality management system certification as well as Jiangxi province high tech enterprise certificate. The equipment is sold to 16 provinces in China and exported to Vietnam, Cambodia and other Southeast Asian countries.

Guangxi Lichuang Machinery Manufacturing Co., Ltd.

Address: Oudong Township, Xincheng County, Laibin City, Guangxi Zhuang Autonomous Region, 546213

Email: 592230522@qq.com

Products: field management machine, micro tillage machine, rotary micro tiller

Guanxian Haokun Bearing Co., Ltd.

Address: Xu Village, Gan Tun Township, Guan County, Liaocheng City, Shandong Province, 252000

Email: totti1018@qq.com

Products: outer spherical bearing, tapered bearing

Description: Guanxian Haokun Bearing Factory is producing all kinds of pillow block bearings for machines.

Guanxian Guangyang Bearing Co., Ltd.

Address: Chuan Chuang Road, Guan County, Liaocheng City, Shandong Province, 252000

Products: maintenance-free bearings

Guangzhou Shiguang Electronic Technology Co., Ltd.

Address: Room 312, Building C, Qiangsheng Building, Jiangxia, Baiyun District, Guangzhou City, Guangdong Province

Email: fzyi@sino-sg.com

Website: <https://gzsgcp.en.alibaba.com/>

Products: headlamps, warning lights

Description: Guangzhou Shiguang Electronic Technology Co., Ltd. was established in 2010. It is a professional manufacturer of LED mobile lighting products, with a total area of 3,000 square meters, advanced production equipment, rich professional knowledge and management experience. The company is committed to the research, development and innovation of LED engineering machinery lighting and mobile special operation lighting products. It has many years of experience in the field and has an elite R&D team. The company independently develops highpower LED work lights, LED warning lights, LED strip lights, LED charging work lights and LED inspection lights and other LED lighting products. It has a wide range of products: forklifts, excavators, ATVs, construction machinery, special work vehicles, agricultural machinery, modified offroad vehicles, vehicle maintenance, ship building and other products. Those products have won CE, RoHs, IP68 certification and earthquake test reports, and have successfully entered markets in North America, South America, Europe, Australia, Asia, the Middle East, and Southeast Asia, and gained good reputation in the international market.

Guangzhou Xingchao Agricultural Machinery Co., Ltd.

Address: Room 204, CDZ Creative Space, Baiyun District, Guangzhou City, Guangdong Province, 510440

Website: www.pnkparts.com

Henan Haike Hose Technology Co., Ltd.

Address: Henan Haike Hose Technology Co., Ltd., Yucheng County, Shangqiu City, Henan Province, 4763000

Email: 943741897@qq.com

Products: polymer braided hose, heike brand polymer braided hose

Description: Henan Haike Hose Technology Co., Ltd. is a high-tech company specializing in the production of polymer circular braided hose. The products have national independent intellectual property rights and many invention patents. The registered trademark is "Haike hose". The company produces 1-inch to 15-inch polymer braided water hoses. The inner and outer film covering the water hose is resistant to high pressure, wear-resistant and explosion-proof, and we also have special waterproof and antibacterial hoses.

Haimoo Electronic Controls Co., Ltd.

Address: Jindiwei New Science and Innovation Park, Minhang District, Shanghai, 200000

Email: liulei@haimoo.com

Website: <http://haimoo.com/>

Description: Haimoo Electronic Controls Co., Ltd. was established in 2016, formerly called XIMU (established in 2011). The company is dedicated to development and manufacture of industrial joystick and related products, consisting of more than 40 employees, among which more than 25 are technicians. The company occupies 1,200 square meters with office building and production site. Haimoo has a fully integrated supply chain of R&D, testing and manufacture, and has passed the ISO9001-2015 quality system certification. Haimoo is recognized as a High-tech enterprise in Shanghai in 2019.

Handan Chengao Machinery Parts Manufacturing Co., Ltd.

Address: Wangzhuang Village, Zhangxi Castle Town, Yongnian County, Handan City, Hebei Province, 57150

Email: 398996886@qq.com

Products: pulley, defaencing machine pulley, shaft device

Description: Handan Chengao Machinery Parts Manufacturing Co., Ltd. is a modern machinery manufacturing enterprise that integrates the design and production of pulleys, couplings, taper bushings and other transmission parts. The company is located in Shaoguan Industrial Zone, Yongnian county, Hebei province, and is close to the 107 National Road and Beijing-Shenzhen Expressway with unique geographical location and convenient transportation. We manage the professional production of pulley SPZ pulley, SPA pulley, SPB pulley, SPC pulley, SPD pulley and the national standard belt pulley.

Handan City Yongnian District Jianbang Fastener Technology Co., Ltd.

Address: Jianbang Fasteners, Yongnian District, Handan City, Hebei Province, 57150

Website: <https://jianbangjgj.1688.com/>

Products: gear lever, handle, reverse handle

Hangzhou Haiyu Machinery Co., Ltd.

Address: Xinhe Village, Linpu Town, Xiaoshan District, Hangzhou City, Zhejiang Province, 311251

Email: haiyu338@126.com

Products: water pump, high pressure sprinkler pump

Description: Haiyu company was founded in 1988, and renamed as Hangzhou Haiyu Machinery Co., Ltd. in 2003. The company mainly produces NS and SU series pumps, high-pressure irrigation pump, drip irrigation pumps,

etc., and possesses aluminum casting workshop and iron casting workshop. The products have been exported to Southeast Asia, the Middle East and other regions. In 2005, the company's casting workshop is transformed into a new production line, using shock compression molding machine off box shape and coated sand molding process, which not only saves tooling, greatly increases the pump output, but also improves casting quality and appearance of the finish. In 2013, the company acquired Hangzhou Houlihan Lokey Casting Co., Ltd, establishing a professional casting production foundation. At present, the company has employees of more than 180 people, among which 60 people are professional. The company has a total factory area of about 30,000 square meters.

Hangzhou Donghua Chain Group Co., Ltd.

Address: 1 Changda Road, Yuhang Economic Development Zone, Yuhang District, Hangzhou City, Zhejiang Province, 311102

Email: 86825796@qq.com

Website: <http://www.dhchain.com>

Products: zgs38 series chain, rice conveyor chain, European agricultural machinery chain

Description: Originally named as Hangzhou Donghua Chain General Company, Hangzhou Donghua Chain Group Co., Ltd. was founded in November, 1991. With its five wholly owned subsidiaries, the company is a professional manufacturer of chains, sprockets, tooth gears and various power transmission products.

It is one of the top 500 domestic private enterprises in China. The group has three brands -- Donghua, Ziqiang, and Dunpai -- with Donghua being recognized as China's well-known brand in 2008, Ziqiang's chain product awarded as "famous product of Zhejiang province" and "famous brand of Zhejiang province". The group focuses on producing all variety of standard roller chains and special chains, such as conveyor chain, stainless steel chain, agricultural chain. The group has not only sold its products in china, but has also sold more than 65 products overseas, including Europe, America, Southeast Asia. Moreover, it has also set up storage and logistics like Europe. With Donghua brand registered in more than 70 countries and regions like America, Europe, Japan and so on, it has partners among world top enterprises, including Johndeere, New Holland, Class, Honda, Kubota, Yanmar, etc. Donghua Group has a province-level technical center, Donghua Academician Working and Experiment Station. With the strong technical ability, 400 more technicians have developed all variety of special high precision and high strength products, among which 33 items are independent patent technology with 4 patents approved. The group has taken part in the making and revising of ISO/TC100 international chain standard several years in success and hosted the 16th ISO/TC100 International Annual Meeting in 2004. It has established stable cooperation with many well-known universities and institutes in China. What's more, it cooperated with National Chain Drive Institute to found China's first car chain institute. Donghua has set up a complete set of quality management system which is

equipped with advanced inspection and test equipment. Donghua has been successfully certified by ISO9002 Quality Management System, ISO9001 Quality Management System, API certificate, ISO/TS16949: 2002 and ISO10012 measurement management system. In 2008, it was awarded with the title of "National Export Commodity Inspectionfree Enterprise". In 2000, Donghua took the lead in gaining ISO14001 environment management certificate and thereafter passed the inspection of clean production and recycling economy, winning the title of "Zhejiang Green Enterprise".

Hangzhou Dongjiang Friction Materials Co., Ltd.

Address: Xinwan Industrial Park, Xiaoshan District, Hangzhou City, Zhejiang Province, 311201

Email: hddjmc@163.com

Website: www.hzdjfm.com

Products: friction plate

Description: Hangzhou Dongjiang Friction Materials Co., Ltd. specializes in manufacturing and designing paper base free asbestos friction disc, P/M copperiron base friction disc, carbon base C-C friction disc, steel mating plate and anti-friction material products, etc. The company has three production lines which contain hundred sets of advanced equipment with annual production capacity of 6 million friction discs. Our products are widely used in clutch and brake system of construction machinery, marine, tractor, farming machinery, mining machinery, logistic equipment, punching machine, elevator, automobile, train, and special vehicle. The company is a OEM supplier for many domestic companies in China and also has started to export products aboard since 2004. The company gathered a group of experienced technical personnel engaged in developing and studying friction material with advanced testing instrument which ensure the strong R&D capacity and stable product quality. The company has been qualified for ISO9001: 2008 Certificate.

Hangzhou Dongyi Chain Co., Ltd.

Address: Xinlin Zhou Village, Yaqian Town, Xiaoshan District, Hangzhou City, Zhejiang Province, 311200

Email: 891634200@qq.com

Website: dongyilcd.1688.com

Products: drive chain, steel farm machinery chain

Description: Hangzhou Dongyi Chain Co., Ltd. has a domestically advanced production line with an annual output of 8,000 tons of chain transmission products and is located in the beautiful city of Hangzhou, Zhejiang Province. The company has more than 30 professional and technical personnel, producing various standard roller chains, garage chain, agricultural machinery chains and various nonstandard chains. The company has passed ISO9001 quality system certification and has its own brands Dongling and Xindongling.

Hangzhou JDA Frictional Material Co., Ltd.

Address: Shengguang Village, Yiqiao Town, Xiaoshan District, Hangzhou City, Zhejiang Province, 311256

Email: jdafriiction@163.com

Website: www.chinafriction.com

Products: friction plate

Description: The company produces bronze plate, clutch, steel plate, and so on. The products are widely used in mechanic transmission, gearbox and braking system. The company has established long-term cooperative relationships with many large enterprises since establishment.

Hangzhou Kadiva Machinery Co., Ltd.

Address: 11 Zhaofeng Road, Xiaoshan Economic and Technological Development Zone, Xiaoshan District, Hangzhou City, Zhejiang Province, 311232

Email: kadiva_lxm@163.com

Products: round baling gear box, rotary tiller/beater gear box, disc mower gear box

Description: Hangzhou Kadiva Machinery Co., Ltd. is an enterprise specializing in the development and production of gearboxes. The company has strong technical force, independent research and development ability, technology integration ability and efficient operation mechanism. Its main products are large and medium harvesting machinery gearboxes, industrial application gearboxes and various agricultural machinery gearboxes. At the same time, the company also independently develops gearboxes according to market demands. The company has a number of patents in the manufacturing process, a large number of CNC manufacturing and testing equipment, with Japanese and German manufacturing centers, German-made coordinate measuring machines. The company relies on advanced technology as well as strict management to build a global market-oriented, independent brand with competitive advantages.

Hangzhou Qifei Intelligent Technology Co., Ltd.

Address: Room C901-903, Building 2, 452 No. 6 Avenue, Baiyang Street, Economic and Technological Development Zone, Jianggan District, Hangzhou City, Zhejiang Province, 310018

Website: <http://www.qifeizn.com/>

Products: plant protection man machine

Description: Hangzhou Qifei intelligent technology Co., Ltd. was established in 2015, is committed to the development and promotion of agricultural science and technology, is a high-end equipment supplier for the solution of plant protection drone, flight control system, RTK high precision navigation system, intelligent spray system, agriculture IoT and green prevention and control systems. In 2018, Zhejiang Qifei Intelligent Technology

Co., Ltd. was established. It is located in China Geographic Information Town, Zhejiang Geographic Information Industry Park, and is the permanent site of the United Nations Geographic Information Management Forum. As the operation center and production base of Qifei Intelligent, Zhejiang Qifei has more than 150 employees. AGR will vest drones a higher scientific and technological mission, replace machines, and promote the development of smart agriculture.

Hangzhou Xingfeng Industry Co., Ltd.

Address: 125 Futian Road, Yiqiao Town, Xiaoshan District, Hangzhou City, Zhejiang Province, 311256

Email: hzxfsy@vip.163.com

Products: plough wheel, agricultural chain, roller chain

Description: Hangzhou Xingfeng Industrial Co., Ltd. is a professional manufacturer of chain, sprocket, gear and other transmission products. It is the member of China Chain Association, the National Chain Transmission Standards Committee, "AAA" grade heavy contract credit company and Xiaoshan Charity Company. The company produces Xingfeng brand agricultural machinery chain, conveyor chain, motorcycle chain, special chain, and some agricultural machinery accessories.

Hangzhou Zhongce Rubber Co., Ltd.

Address: 28 Xiasha 18th Street, Hangzhou Economic and Technological Development Zone, Jianggan District, Hangzhou City, Zhejiang Province

Email: 894608175@qq.com

Website: <http://zc-rubber.com/>

Products: rubber tire, rubber track

Description: Founded in year 1958, Hangzhou Zhongce Rubber Co., Ltd. (ZC-Rubber) is the largest and fastest growing tire manufacturer in China with over 20,000 employees. The annual sales revenue of ZC-Rubber in year 2011 is over USD 4.5 billion and its annual production in year 2011 are: passenger and SUV Tires: 20.45 million pcs; truck and bus radial TBR Tires: 9.96 million pcs; off-the-road OTR and agricultural tires: 200 thousand pcs; bias truck Tires: 4.22 million pcs; and motorcycle bicycle tires: 80.67 million pcs. ZC-Rubber, the NO. 1 Chinese tire manufacturer and the TOP 10 global tire manufacturers in year 2012, takes great pride in producing tires that rank among the best in the world. The company has collaboration with over 10,000 distributors and has millions of consumers worldwide. The company's R&D team, consisting of over 1000 Japanese, Korean, Chinese and so on, is working together for latest technology and products with an investments nearly USD 50 million each year on the latest production equipment as well as testing facilities such as the No. 1 noise test laboratory and the MTS Flat-Trac III CT Tire Test System in China. The quality control system of ZC-RUBBER has been approved by most global tire manufacturers such as Goodyear, Cooper, Kumho and Yokohama. The company applied world's latest production facilities from Fischer, VMI, Krupp, etc.,

to inspect every single tire by the X-ray, balancing and uniformity inspection machines, and engineer. ZC-Rubber is one of the ISO9000: 2008 companies.

Hangzhou Zixiang Chain Co., Ltd.

Address: 7 Xueshi South Road, Fuchunjiang Industrial Park, Tonglu County, Hangzhou City, Zhejiang Province, 311504

Email: 1139576188@qq.com

Website: <http://www.hzzxlt.com/>

Products: agricultural machinery conveyor chain, precision roller chain

Description: Hangzhou Zixiang Chain Co., Ltd. was established in 2003, the main products of which are AB series precision roller chain, and a variety of agricultural machinery, industrial, hardware machinery dedicated chain.

Harbin Baixin Agriculture Machinery Co., Ltd.

Address: Foster Building, Nangang District, Harbin City, Heilongjiang Province, 150000

Email: rtkslmbgAGEP@58.com

Products: seeder of seeder, seeder blade, seeder monitor

Description: Founded in 1998, Baixin provides high-quality agricultural machinery spare parts and components in China and worldwide. The company has business contacts with more than 4,000 manufacturers, retailers, and wholesalers. Located in Harbin, the heart of China's large agricultural farms, Baixin has more than 10,000 square meters warehouses. The company's sales network covers Northeast China, Inner Mongolia, Hebei, Henan, Shandong and other provinces. The company has good cooperation with many international famous brands and has established close cooperation with Heilongjiang University and Northeast Agricultural University.

Products: green fodder harvester

Description: Hebei Dingguagua Machinery Manufacturing Co., Ltd., founded in 2009, specializes in the green fodder harvester and farmland homework from seedling planting machinery research and development design, production to sales of high-tech and modernized agricultural machinery. The enterprise is engaged in research and development and has strong production capacity. The company covers an area of 50,000 square meters, has 260 staff, including 25 engineering and technology research and development personnel, 20 high-level management personnel, 12 after sales service personnel, and more than 70 sets of processing production equipment.

Hebei Haoshiduo Rubber Plastic Technology Co., Ltd.

Address: Hebei Julu Economic Development Zone, Julu County, Xingtai City, Hebei Province, 55250

Email: will@hbhuk.com

Website: <https://hebeihaoshiduo.1688.com>

Products: walking wheel, rubber damping products, combination oil seal

Hebei Heiyi Rubber Co., Ltd.

Address: Industrial park, Julu County, Xingtai City, Hebei Province, 055250

Email: 718995505@qq.com

Website: www.heiyixiangjiao.com

Products: toothed belt of agricultural machinery, triangular zone, rubber products

Hebei Huichao Machinery Accessories Co., Ltd.

Address: Intersection of Kangyuan Street and Xingze Road in Economic Development Zone, Julu County, Xingtai City, Hebei Province, 55250

Email: hbhuichao@126.com

Products: drive belt

Description: The company's main products are rubber parts for self-propelled rice, wheat, corn harvesters, rubber roller of corn husker, sealing parts, nylon parts, small crawler, rubber miscellaneous parts, star wheel lifter harrow board of various sealing framework, oil seal rubber nylon products, notillage seeder limited wheel, pressing wheel, spacer ring, fertilizer pipe and other mechanical accessories.

Hebei Jingshi Rubber Plastic Technology Co., Ltd.

Address: Riyuexingcheng, Jing County, Hengshui City, Hebei Province, 053500

Email: jingzhi305@163.com

Products: metal hose, various pipe fittings, pair of silk

Description: Hebei Jingshi Rubber and Plastic Technology Co., Ltd. is mainly engaged in the production and sales of high- and low-pressure hose. The company's clients are in the fields of coal mine, steel plant, automobile factory and others. The company's annual production capacity of high-pressure hose is 3 million standard meters. At present, there are two production workshops with pressure kneading machine, rubber filtering extruder, open rubber mixing machine xk-400a, open rubber mixing machine, calender, pin cold feed extruder, four disk wire winding machine, double disc steel wire braiding machine, rubber extruder, steel wire stranding machine, horizontal steel wire braiding machine, double disc steel wire winding machine, and water cloth wrapping machine. The production personnel is responsible for the daily maintenance of the machinery. Over the past few years, on account of the company's excellent processing and production equipment, strict testing means and reasonable management methods, the company provides quality products which in the long term are well received by the majority of users.

Hebei Julu County Yingjian Agricultural Machinery Parts Factory

Address: Changying Village, Julu County, Xingtai City, Hebei Province, 055250

Email: 313174219@qq.com

Products: scraper, stamping parts

Hebei Keyuan Technology Co., Ltd.

Address: 6 North Ring Road, Dalucun Town, Ningjin County, Xingtai City, Hebei Province, 055550

Email: 5728625@qq.com

Products: hydraulic oil cooler, solenoid valve

Description: Founded in 1998, Hebei Keyuan Technology Co, Ltd is located in Hebei Dalucun village, one of the top ten agricultural machinery trading markets in China. The main products are automobile farm machinery, farm vehicle, construction machinery, harvester, hydraulic cylinder, copper radiator core and assembly. With scientific production process, advanced production technology, sophisticated processing equipment, and standard quality management, the products have won the praise of the majority of users. Since its establishment, the company has been greatly improved in product quality and market share through the unremitting efforts of experts and all employees, and has gradually enhanced its technical strength and economic strength. It is the first company to pass SO 9001: 2008 international quality management system certification in the industry. In 2005, with government approval, the company increased the construction area by 13, 000 square meters. Now its fixed assets are over CNY 12. 6 million and it has 89 employees. The company has the numerical control machine tool, the numerical control radiator tube-making machine, the hydraulic press machine, the benefit mill, the universal mill, the puncher and other equipment. The advanced processing equipment and the leading technical means have provided powerful safeguard for product quality.

Hebei Lianda Plastic Co., Ltd.

Address: Qianyangdian Village, Hejian City, Cangzhou City, Hebei Province, 062450

Email: 13932707743@163.com

Products: drug dispensing tube, connector for dispensing tube, quick connector for dispensing tube

Description: Hebei Lianda Plastic Co., Ltd. is located in Hejian city, Hebei Province. The company specializes in the production of high-pressure nylon tube, and has been committed to a variety of new nylon tube research and development for many years. The nylon tube produced by Hebei Lianda Plastic Co., Ltd is anti-high pressure and durable.

Hebei Longsheng Screw Co., Ltd.

Address: Limin Township, Hejian City, Cangzhou City, Hebei Province, 062456

Email: 402289425@qq.com

Website: <http://www.lslsgs.cn>

Products: power output shaft head, electric diesel fuel pump, rotary tiller square beam clip

Hebei Nengyi Heavy Machinery Fittings Co., Ltd.

Address: East of Fuyuan Street Middle Section, July Economic Development Zone, July County, Xingtai City, Hebei Province, 055250

Email: 621811748@qq.com

Products: oil filter, fuel filter, air filter

Description: The company specializes in the production of filter manipulation, flexible shaft, cable, speed sensor, copper sleeve, powder metallurgy, nylon, rubber parts, and professional products applicable to the harvesters, tractors, engineering machinery, automobile and other vehicles. The products sell well in China and are exported to Japan, Iran, India and other countries.

Hebei Nonghaha Agricultural Machinery Co. Ltd.

Address: North Ring East Road, Shenze County, Shijiazhuang City, Hebei Province, 052560

Email: 309354009@qq.com

Website: www.nonghaha.com

Products: reel folding horizontal dripping sprinkler, green fodder harvester, wheat fertilizer planter

Hebei Shengshun Hydraulic Machinery Co., Ltd.

Address: Zhaoping Qiubei Village, Dalucun Town, Ningjin County, Xingtai City, Hebei Province, 055550

Email: 1249720188@qq.com

Products: hydraulic cylinder, outrigger cylinder, oil cylinder of paddy field grader

Description: Hebei Shengshun Hydraulic Machinery Co., Ltd. is a large enterprise specializing in the production of all kinds of hydraulic machines. The company's main products are harvesting machinery series, plough tillage machine series, series of the press, TGL, HG, SG, DG series, HSG series cylinder, cylinder of vehicle, engineering and mining machinery, ship oil cylinder, and various nonstandard cylinders which can be customized according to the customers' needs. Over the years, through cooperating with the scientific research institutions of science and technology in the power industry, investment in technological transformation, technical exchanges, the introduction of talent, the company have improved to advanced processing production of hydraulic cylinder.

Hebei Shoutuo Auto Parts Co., Ltd.

Address: Agricultural Bank of China (Wofotang sub-branch), Hejian City, Cangzhou City, Hebei Province, 062453

Email: 345618630@qq.com

Products: oil filter, diesel filter

Description: Hebei Shoutuo Auto Parts Co., Ltd. specializes in the production of agricultural machinery engine oil filter, fuel filter, air drying cylinder, windshield wiper, sealant and other auto parts, mainly serving domestic and foreign agricultural machinery plants. The Jinshi brand filter produced by the company won the honorary title of "China Famous Brand" in 2012. Shoutuo company is a comprehensive auto parts service enterprise integrating scientific research and development, production and processing, auto parts trade, sales and service, with annual production capacity of CNY 7 million. All products are made of imported high-quality steel.

Hebei Shuangtian Mechanical Manufacture Co., Ltd.

Address: 2 South Shuangtianzhong Road, Shuangtian Industrial Base, Dingzhou City, Baoding City, Hebei Province, 073008

Email: kyxiaoshou@163.com

Products: comprehensive subsoiling and soil preparation combined machine, double shaft stubble rotary cultivator

Description: Hebei Shuangtian Mechanical Manufacture Co. Ltd. was established in April 2009 at the Shuangtian Industrial Base of Dingzhou by the former Dingzhou Kaiyuan Mechanical Manufacture Co. Ltd. through an investment of CNY 35 million. The company is located at Dingzhou that is known as the "ancient city of Zhongshan". Beijing-Guangzhou High-Speed Railway, National Highway 107, Beijing-Hong Kong-Macau Expressway and Shuozhou-Huanghua Railway go through the city. Dingzhou is 200 km away from Beijing, and 80 km away from Shijiazhuang, the capital city of Hebei Province. The company covers an average of more than 133,000 m². The fixed asset of the company is more than CNY 25 million, and the annual value of production is more than CNY 271 million. The company has integrated office, enterprise management office, technical department, production department, purchasing department, quality control department, sales department, etc., and has 8 senior engineers, 48 engineers and more than 600 staff. It is an executive director member of China Agricultural Machinery Distribution Association (CAMDA), member of China Agricultural Mechanization Association (CAMA), vice chairman member of China Rotary Tiller Industry Association, vice chairman member of Hebei Agricultural Machinery Production and Distribution Enterprises Association, etc.

Hebei Shuoxin Machinery Manufacturing Co., Ltd.

Address: South (west side of Shengshi Hotel) Chenjiazhuang Village, Gaoyang County, Baoding City, Hebei Province, 071504

Email: 409728328@qq.com

Website: www.shuoxinjixie.com

Products: sprayer, lawn mower, rake

Description: Hebei Shuoxin Machinery Manufacturing Co., Ltd. is located in Chengdong Pang Port Industrial Area of Gaoyang county, Baoding city, 2 km apart from the Daguang Highspeed exit, 3 kilometers north of Baocang Highspeed exit, where the transportation is convenient. The company mainly produces distributor, spraying machine, animal husbandry and other advanced agricultural machinery products. The company's products are mainly used in wheat, cotton, corn, orchards, vegetable crops such as nutrition and the prevention and cure of diseases and pests. Given full play to their advantages, the products can help reduce labor and improve work efficiency for the customers. The company, after many years of development, has achieved the integration of production, management and service. Now it has modern production equipment, strong technical force, as well as strong research, development and production capacity.

Hebei Taihong Agricultural Machinery Manufacturing Co., Ltd.

Address: Nanpangkou Village, Gaoyang County, Baoding City, Hebei Province, 071504

Email: 175636499@qq.com

Products: rocker arm assembly, crankshaft, cylinder liner

Description: Hebei Taihong Agricultural Machinery Manufacturing Co. Ltd., established in 1996, is a professional factory integrates the research, development, production and sale of diesel engine spare parts. Main products include rocker arm assembly, starting handle, bolt and so on. Tianhong spare parts are welcomed by the customers both in China and abroad. In 2004, the company established its exporting department, which specially exports diesel spare parts and diesel engine models including R175, R180, EM185, S195, S1100, ZS1105, S1110, S1115, ZH1105, ZH1110, ZH1115, ZH1125, ZH1130, CF1125, CF1130, JD300, L28, L32, GN12, DF12, 295, 2105, 2110, 395, 495, 4100, 4105, and 6315. The company also exports other agricultural machines such as disk mill, meat mincer, oil expeller, rice mill and spare parts ballbearing, v belt, etc.

Hebei Bainong Machinery Co., Ltd.

Address: Chengzhuang Primary School, Nangong City, Xingtai City, Hebei Province, 55750

Products: air feed sprayer

Henan Yonghua Conveying Equipment Co., Ltd.

Address: No. 1 Weibin Industrial Park, Xinxiang City, Henan Province, 453000

Website: www.xxygjx.com

Products: grain suction machine, handheld grain suction machine, grain suction machine with slide

Hejian Huacun Auto Parts Co., Ltd.

Address: Cangzhou City, Hebei Province, 62461

Products: clutch

Hebei Yunshan Machinery Manufacturing Co., Ltd.

Address: Xinji City, Shijiazhuang City, Hebei Province, 52360

Products: electric vegetable planter, manure spreader

Hebei Xuke Hydraulic Machinery Co., Ltd.

Address: Dalu Village, Ningjin County, Xingtai City, Hebei Province, 55550

Products: hydraulic motor, hydraulic steering gear, hydraulic valve

Hebei Zhuotian Machinery Manufacturing Co., Ltd.

Address: National Highway 308, Waiting Section (West of Overrun Station), Zhao County, Shijiazhuang City, Hebei Province, 51530

Products: straw crushing and returning machine, straw shredding and recycling machine

Hebei Xingjiang Machinery Co., Ltd.

Address: Room B3107, Jinding Throne, East Wusi Road, Gaoyang County, Baoding City, Hebei Province, 071000

Email: 323868@qq.com

Website: www.hbxjx.com

Products: cylinder liner, piston, shock absorber

Description: Hebei Xingjiang Machinery Co., Ltd., established in 1995, is a production and trading company integrating the production and sales of diesel engine parts, auto parts, and agricultural machinery parts.

Hebei Xingtai City Wei County Fansen Machinery Equipment Co., Ltd.

Address: East side of Tengfei Road and North side of Yin Hai Road, Wei County, Xingtai City, Hebei Province, 054700

Email: 985285709@qq.com

Products: pulley

Description: Hebei Xingtai City Wei County Fansen Machinery Equipment Co., Ltd. is located at Qingyin Highway, and there are National Highway 106 and 308 passing by. The transportation is very convenient. The company mainly produces spinning pulley, fertilizer machine, harvester unloading drum, corn husk, oil

sunflower thresher, the hand of the fertilizer car, the modified grain thresher, corn seedling machine and other farm tools. The company specializes in producing and processing all kinds of agricultural machinery and tools, and has a complete and scientific quality management system, 20 R&D staff, 30 technicians, 50 ordinary employees, all kinds of large tonnage pressing machines, and two laser cutting machines.

Hebei Xundieren International Trade Co., Ltd.

Address: Tian Village, Shimenqiao Town, Renqiu City, Cangzhou City, Hebei Province, 062550

Email: 396518187@qq.com

Website: renqiuyunda.en.alibaba.com

Products: cutter guard, klass retainer

Description: The company mainly produces harvesters, Russian tractors, lawn mowers and other machinery parts.

Hebei Yangke Machinery Co., Ltd.

Address: Xingfu West Street, Zhaopingqiu Zhong Village, Dalucun Town, Ningjin County, Xingtai City, Hebei Province, 055550

Email: 740977603@qq.com

Products: overturned plow, branch crusher, 435 turning plow

Description: Hebei Yangke Machinery Co., Ltd. specializes in the production of plow, harrow, hay cutter, drill, and fertilizing machine, rotary planting, rotary machine, straw returning machine.

Hebei Yiruolansi Agricultural Machinery Manufacturing Co., Ltd.

Address: North of Jiucheng Village, Pangkou Town, Gaoyang County, Baoding City, Hebei Province, 071500

Email: 549209649@qq.com

Products: tf80-100 suspension assembly, tractor pull down quick hook, automatic horizontal suspension

Description: Hebei Yiruolansi Agricultural Machinery Manufacturing Co., Ltd., which focuses on tractor suspension and has factory area of 20 mu, staff of 52 people, is one of the largest suspension production processing enterprises, owning 67% market share in Pangkou town market.

Hebei Yitaike Bearing Co., Ltd.

Address: Yunhe Industrial Zone, Linxi County, Xingtai City, Hebei province, 054901

Email: ceo@etkbearing.com

Website: www.etkbearing.com

Products: insert the spherical bearing, disc harrow bearings

Description: Hebei Yitaike Bearing Co., Ltd. (ETK® Bearing) was established in 1999, and has focused on bearing units and agricultural bearing manufacture for more than 20 years. ETK Bearing covers an area of more than 70,000 square meters, with building area of more than 40,000 square meters, and owns more than 200 of housing casting, housing painting, turning, grinding, assembly and other automatic production lines. The company has an annual output of more than 8 million sets and output value of more than USD 20 million. All the products of ETK Bearing reach the ZV2 quality standards.

Hebei Yuanzheng Agricultural Machinery Co., Ltd.

Address: East of the Fourth Village, Dalu Village, Ningjin County, Xingtai City, Hebei province, 055550

Email: donganjixie@163.com

Website: www.yuanzhengjixie.com

Products: green fodder harvester, production and sales of green forage harvester

Hedong District Aochen Plant Protection Machinery Factory

Address: Tangtou Sub-district Office, Hedong District, Linyi City, Shandong Province, 276000

Email: 1161696077@qq.com

Products: gasoline sprayer

Description: The company specializes in the production of garden machinery, plant protection machinery and irrigation machinery products.

Hefei Changyuan Hydraulic Co., Ltd.

Address: Yaohai Industrial Park, North Dangtu Road, Yaohai District, Hefei City, Anhui Province, 230011

Email: hfcyxsy@163.com

Website: www.hchc.cn

Products: gear pumps, multi-way valve, cylinder

Description: Hefei Changyuan Hydraulic Co. Ltd. (HCHC), is one of the key and high-tech enterprises which specializes in R&D, production and sales of all kinds of hydraulic components. After years of development, it has achieved an annual output capacity of 800,000 pcs of hydraulic components, and its business scale ranks high comparing to the other domestic counterparts. The company is one of the standing members of China Hydraulics Pneumatics Seals Association (CHPSA). The leading products of the company include three main lines of hydraulic gear pumps motors, hydraulic valves and hydraulic cylinders, covering the power components, control components and execute components of the hydraulic system. With a complete product system which includes more than 200 kinds and 4000 specifications, the products are widely used in the field of modern agricultural

machinery, construction machinery and special vehicles.

HCHC possesses strong technical force, advanced production equipment, provincial R&D center and a qualified high-tech team which includes more than 300 technicians including 14 senior engineers. With increasing investment in research and development, the company has obtained a series of core techniques and achievements which take the lead in the domestic market, and won 36 national patents, including 3 invention patents. Since 2005, 23 products have been certified as "Anhui province new product & new technology", and the main technical indicators has ranked top domestically. Moreover, the company has chaired or participated in formulation and revision of 5 industry standards such as JB/T 7939-2010. The company strictly executes the ISO9001 quality management system. Due to its strong technical strength and excellent product quality, the company has won Anhui province "specialized, refined, unique, new" small and medium enterprise (SME), top 50 of the Anhui province machinery industry, Hefei innovative enterprise and fastest developed SME. The company has also been awarded the honorary title of most influential brand and excellent supplier by China Construction Machinery Association CCMA-Parts Institution, excellent supplier by CCMA-Industrial Truck Institution, technology innovation advanced unit by China Hydraulics Pneumatics & Seals Association, and the national customer satisfaction enterprise by China Association for Quality. HCHC remains customer-oriented, provides not only excellent products but also systemic solutions for customers, and participates in R&D of host products together with all kinds of manufacturers. Relying on reliable quality and favorable reputation, HCHC has currently established long-term and stable cooperative relations with a great deal of well-known manufacturers which specialize in modern agricultural machinery, engineering machinery and special vehicles such as LOVOL Heavy Industries, Anhui Heli, Hangcha Group, XCMG, ZOOMLION, XGMA, Liugong, SHANTUI, Changchun Shenjun Special Truck, SunHunk HI Group, etc. HCHC is located in the beautiful lakeside City, Hefei, and has evident transportation and logistics advantages.

Hefei Yang Sheng Hydraulic Technology Co., Ltd.

Address: 17 Zhenjingang Avenue, High-tech Zone, Gangji Town, Changfeng County, Hefei City, Anhui Province, 231283

Email: baozhenju1974@163.com

Website: www.hfysyy.cn

Products: gear pump, gear motor, professional rand, production and sale of hydraulic gear pumps, gear motors and other hydraulic components and hydraulic systems

Heilongjiang Huida Technology Development Co., Ltd.

Address: Yitong Building 601-603, 611-618, Nangang District, Harbin City, Heilongjiang Province, 150001

Email: gu.mingming@huidatech.cn

Website: www.huidatech.cn

Products: huida beidou positioning intelligent terminal, huida operation detection equipment, huida navigation agricultural machinery automatic driving system

Description: Heida Technologuis committed to bring new solutions to the world's agriculture by applying BeiDou positioning, remote sensing, IOT, big data, mobile internet technology. With the goal of "leader of field agricultural solutions", Huida technology builds a smart agricultural ecological chain for global customers, and helps agriculture enter the intelligent, accurate and efficient 4.0 era. Huida technology is in a leading position in the field of agricultural machinery operation monitoring, agricultural machinery unmanned driving, agricultural machinery information intelligent management and other fields.

Hejian Fushuo Wire Factory

Address: Dazhu Village, Wofotang Township, Hejian City, Cangzhou City, Hebei Province, 62453

Email: 727569680@qq.com

Products: generating set battery cable, tractor battery line, automotive wire, battery wire, iow voltage wire, full line beam

Hengshui Jietong Rubber Products Co., Ltd.

Address: Zhang Gehou Rubber and Plastic Base, Jing County, Hengshui City, Hebei Province, 053500

Hesse Machinery (Xiangyang) Co., Ltd.

Address: Qianchang Industrial Park, the middle section of Mingcheng Road, Xiangzhou District, Xiangyang City, Hubei Province, 441001

Email: 755580645@qq.com

Website: www.hessen.tech

Products: double disc hydraulic manual control field fertilizer spreader, double-disc hydraulic manual control fertilizer spreader, stainless steel double disc fertilizer spreader

Description: Hesse Machinery (Xiangyang) Co. Ltd. is a subsidiary of Fukeside Investment Holdings, Germany, which is committed to introducing advanced technology, conducting professional development and manufacture with professional R&D team, advanced equipment, and strict management. The products are featured with high precision, high automation, and easiness to operate. The fertilizer machine is accurate, uniform, highly efficient, safe and environmentally friend.

Henan Xingyang Haitong Textile Machinery Co., Ltd.

Address: Xingyang Square, Xingyang City, Zhengzhou City, Henan Province, 450100

Email: 277147510@qq.com

Website: www.htfj.cn

Products: mobile wood chipper, branch shredder

Description: Henan Xingyang Haitong Textile Machinery Co., Ltd., formerly known as Xingyang No.1 Textile Machinery Factory, is a professional manufacturer of textile machinery with more than 30 years of mechanical processing history. It mainly produces and sells opening and cleaning equipment, cotton grabbing machine, mixing opening machine, coiler and blowing carding unit. The improvement of high-speed railway bridge pipe drawing machine, agricultural machinery hay cutter, TMR silage mixer, wood grinder and other mechanical equipment are well received by users.

HSG Laser

Address: 8 Zhujiang Avenue, Bijiang Industrial Park, IBeijiao Town, Shunde District, Foshan City, Guangdong Province, 528000

Email: siyulin@hsglaser.cn

Website: www.hsglaser.com

Products: plate and tube integrated laser cutting machine, professional cutting machine, gh series high power laser cutting machine

Description: HSG Laser is a national high-tech enterprise who is dedicated to providing laser intelligent equipment solutions to customers all over the world. The company focuses on the field of laser intelligent equipment manufacture with the concept of efficient, intelligent, environmental and compatible product development. As an important enterprise of laser intelligent equipment, HSG Laser has been providing key technology and customized integration solutions for industry 4.0 and future factories, helping enterprises to carry out intelligent manufacture, and enabling intelligent manufacture to change our work within touch.

HuaiYang HongYuan Transmission Parts Co., Ltd.

Address: Industrial Zone, South Ring Road, Huaiyang County, Zhoukou City, Henan Province, 466700

Email: hyzycz@163.com

Website: www.hyc1997.com

Products: bearing unit, insert ball bearing, plummer block housings, bearing housings with cover, and bearing housing

Description: HuaiYang HongYuan Transmission Parts Co., Ltd. was established in 1997. It's one of a leading bearing manufacturer in China. The company is a professional

ISO9001 certified manufacturer of different kinds of bearing units, pillow blocks and hand wheel with various materials including cast iron, cast steel, nodular cast iron and stainless steel. The registered trademark is Hyc. All work pieces are processed by digit control machine and the surface of housing adopts the static spray moulding.

Huaian Junbao Hydraulic Machinery Co., Ltd.

Address: 58 Changjiang East Road, Industrial Park, Huaiyin District, Huai'an City, Jiangsu Province, 223300

Website: www.junbaoyeya.cn

Products: hydraulic valve

Huojia Yongli Machinery Manufacturing Co., Ltd.

Address: Huojia County, Xinxiang City, Henan Province, 453800

Products: side bracket detachable starter, yongli brand lower bracket type non-sway starter, yongli free shake starter

Hunan Jinsong Machinery Co., Ltd.

Address: Science and Technology Industrial Park of Economic Development Zone, Shuangfeng County, Loudi City, Hunan Province, 417700

Email: jsricemill@163.com

Products: crushing mill, vibrating screen type combined rice mill, butterfly type ten-speed adjustable rice mill

Description: Human Jinsong Machinery Co., Ltd., as a leading enterprise of agricultural machinery industry in Hunan province. It takes part in formulating regional standards of mills and is one of the key enterprises passing the quality credit rating AA of Hunan Province. It is also one of the provincial industrial brand cultivation demonstration enterprises, provincial ecommerce application enterprises, and won the awards of "high tech enterprises in Hunan province", "Hunan famous brand", "Hunan famous trademark", the sixth and eighth "Hunan agriculture gold award". The company has a registered capital of CNY 20.08 million, covers an area of more than 40,000 square meters. It has 163 employees. The main products include combination meter machine, filming for the steam machine, and more than 20 agricultural machinery products, such as tea dryer and more than 80 kinds of models. Products are mainly sold in China, Indonesia, Thailand and other countries. Since its establishment in 2005, the company's technology center has conducted joint research and development with Hunan Agricultural University and other colleges and universities. It has applied 38 national patents, among which 31 has been authorized with 2 invention patents. The company has implemented 2 national supported projects, and 3 provincial supported projects.

Hunan Nongyou Machinery Group Co., Ltd.

Address: Hunan Nongyou Machinery Group Co., Ltd.,

Shuangfeng County, Loudi City, Hunan Province, 417700

Email: 630104855@qq.com

Website: <http://www.nongyoujixie.com/>

Products: batch type circulating grain dryer, rice combine harvester, tracked self-propelled rotary tiller

Description: Hunan Nongyou Machinery Group Co., Ltd. was established in 1995, with an area of 300 mu, standard workshops of 80,000 m², and total assets of nearly CNY 300 million. Currently, the company has more than 500 employees. The group includes 5 professional subsidiaries including Hunan Nongguang Agricultural Equipment Co. Ltd, and Hunan Nonyoushengtai Agricultural Technology Co. Ltd. The group mainly produces agricultural mechanical products, such as the harvester, rice transplanter, tillage machine, combined rice polisher, and drier, etc. Jointly Hunan Agriculture University, and Modern Agriculture Equipment Zhuzhou Combine-harvester Co., Ltd, the group set up the Hunan Modern Agriculture Equipment Engineering and Technological Research Center. It also led the setting up the National-level Agricultural Machinery Technology Innovation Strategy Alliance. The group is an executive member of Hunan Agriculture Machinery and Engineering Society and it is also the demonstrative enterprise of the commercialization of research finding in Hunan province, the key reserve listed enterprise in Hunan province, the executive member of China Association of Agricultural Mechanization, the executive member of CAAMM, the executive member of CAMDA, a national high-tech enterprise, the advanced unit with high quality services in national agriculture machinery industry, and the advanced group obtaining national agriculture science and technology service Golden Bridge Awards. The group has obtained more than 100 national patents, including 12 invention patents. The group led or participated in formulating 2 province-level local standards, 5 industrial standards and 2 national standards. 7 technological achievements have been identified as domestic leading level, and 1 technological achievement has obtained the second award of scientific and technological progress in Loudi City, the R&D and industrial application of mechanical operation and equipment for mechanization of rice production in the south and "the Second Award for Progress of the Science and Technology in Hunan province". The group has passed the certification of ISO9001: 2008 quality management system, and has obtained several honors, such as: "The Award for Product Quality in Hunan province", "The Famous Brand in Hunan province", and "The Famous Trademark in Hunan province", etc. In December 2012, the group's trademark of "Good Fortune" was identified as the "China Famous Brand". 14 products have been listed in the catalog of agriculture machinery products supported and promoted by the state and province, such as Hunan, Yunnan, Guizhou, etc., and the products have been sold to more than 20 provinces and cities in China, as well as many countries and regions, such as Vietnam, Thailand, Burma, Malaysia, and Laos, etc. Currently, the group is adjusting its development strategies -- changing from manufacture to R&D as the priority; adjusting structure of the products -- changing from the small processing machinery to the rice operation machinery with high technology content.

Hunan Zhuoer Bearing Technology Co., Ltd.

Address: Loudi Dafenghe Electric Vehicle Co., Ltd.,
Louxing District, Loudi City, Hunan Province, 417000

Email: zezwzq@foxmail.com

Website: www.zezwzq.com

Products: connecting rod, crankshaft

Description: Hunan Zhuoer Bearing Tech Co., Ltd., formerly known as August First Bearing Factory, has more than 40 years history of manufacturing slide bearings, engine bearing, bushing, thrust washer. The company has advanced engine bearing production lines and test equipments, owns professional technological staff and administration. The products are widely applied in vehicles, trains, planes, agricultural equipments, engineering equipments, and have been exported to 50 countries and regions around the world.

HuZhou Shengli Hydraulic Ltd.

Address: 376 Jifanggang Road, Wuxing District, Huzhou City, Zhejiang Province, 313000

Email: hzslyy0572@163.com

Website: www.slyy.com.cn/

Products: hydraulic cylinder, hydraulic valve

Description: The company was founded in 1993, and is located in Huzhou Economic and Technological Development Zone in Huzhou City. It is one of the national supported key high tech enterprises and enlisted as the Top 100 minor enterprises with the highest investment value in Zhejiang Province. The company covers an area of 18,000 square meters with 210 employees and 250 various devices such as machining centers, NC machine tools, three-coordinate measuring machine, etc. After 20 years' hard work, the company has engaged in applying its professional manufacturing ability of hydraulic components and power stations in the fields of agriculture, metal forming, leather processing, environmental protection, etc.

Hydac Technology (Shanghai) Co., Ltd.

Address: 28 Zhongping Road, Minhang Economic and Technological Development Zone, Minhang District, Shanghai City, 200245

Products: plastic fertilizer box, rotomolding plant protection medicine jar, and agricultural vehicle roof

Description: The company is mainly engaged in producing agricultural machinery accessories.

Jiangsu Chengtai Vehicle Co., Ltd.

Address: No. 16, South of National Highway 228, Zhewang Lingang Industrial Zone, Zhewang Town, Ganyu District, Lianyungang City, Jiangsu Province, 222113

Email: chengtaityre@163.com

Website: www.chengtaivehicle.com

Products: lawn mower tire, micro tiller tire, and lawn mower tires

Description: Jiangsu Chengtai Vehicle Co., Ltd. is a professional manufacturer of tubeless lawn garden tire, motorcycle tire and tube, golfcar tire, snow tire and ATV tire. Merged in 2018 from Qingdao Chengtai Handtruck Co., Ltd. and Qingdao Morewin Rubberware Co., Ltd., the new Chengtai covers an area of more than 60,000 m² and has 500 employees and production capacity of 20,000 pieces of tires per day. The new company combines the advanced manufacturing technology and first-class manufacturing facilities of the former two companies. The company is able to satisfy both big and small orders with specific requirements.

Jiangsu Fujie Industrial Co., Ltd.

Address: Gaozuo West Station Technology Pioneer Park, Jianhu County, Yancheng City, Jiangsu Province, 224752

Email: 775230216@qq.com

Website: www.jsfujie.com

Products: deep plow, cultivator plow, deep loose shovel

Description: Jiangsu Fujie Blade Industrial Co., Ltd, established in 1999, is a mid-scale enterprise in the multi-project business and mainly engages in the production of cutters of rotary cultivator. The factory has won the quality credit prize and scale-enterprise prize continuously for several years. Fujie has 2 districts, with a total area of 38 acres including a building area of 12,000 square meters. The factory has 150 employees and the production capacity of each year can reach 8,000,000 pieces. The total sales can reach CNY 48,000,000, which is applied in developing and researching the special products of the bit tool series. As a result, as a professional rotary colter factory, the blade it produces has the most complete variety in China. The products are related to many fields such as rotary tiller blade series: TS bent cutters of rotary cultivator, fieldmanaging blade, soil stabilizer blade, mud blade, vertical blade, GN tiller blade, national standard blade, and flail blades rings hangers; plough blade series: scraping cutter, shovel loose soil, plough tip, disc blade; woodworking blade: woodpulverizing blade, woodplanning blade; spring series and other blades: grasscutting blade series, harvester blade, tobacco blade, drill hole cutter, knife and plow assembly, papercut knife of flat. Fujie persists in strengthening management, emphasizing quality, increasing scientific investment, and utilizing advanced technology. The company will continue to develop new cutters and products with high additional value, high scientific and technological content to match for various machine styles.

Jiangsu Guonong Pump Co., Ltd.

Address: Tangzhuang Industrial Park, Jintan City, Changzhou City, Jiangsu Province, 213223

Email: 393415311@qq.com

Website: www.guonong.com.cn

Products: self-priming pump

Description: Jiangsu Guonong Pump Co., Ltd. is located in Shanghai-Nanjing economic hinterland, enjoying convenient transportation. The factory mainly specializes in producing self-priming pump, centrifugal pump, sand inhaling pump, spray irrigation unit, plasticcoated hose and it is a member of China Water Conservancy Business Enterprise Association Irrigation Drain Equipments Branch. Enjoying the superior geographic location, rigorous technological method and complete facilities, it produces 80,000 water pumps annually. The company has established scientific standards of quality assurance system with colleges and has been honored as "Changzhou Famous Brand Product", "Jiangsu Superior Quality Product". The products have been listed to Agricultural New Products Promotion Units by The

Ministry of Agriculture and Rural Affairs. The company has passed ISO9001 quality system certification and ISO14001 environment management system certification. The pumps that the company produces can be fitted with 224 horsepower diesel engine or 1.518-kilowatt electric motor, and the plastic-coated hoses, with an annual output of 3 million meters, can match with different water pump pipes. The products can meet the demands of different regions, different corps and different customers. The company is willing to provide high quality products, competitive price and satisfying service to customers. It honestly welcomes the cooperation from customers both at home and abroad.

Jiangsu Guorui Hydraulic Machinery Co., Ltd.

Address: 666 Shuanghu West Road, Jianhu County, Yancheng City, Jiangsu Province, 22470

Email: john@grhpower.com

Website: www.grhpower.com

Products: cycloid motor, hydraulic control valve, gear pump

Description: GRH specializes in providing hydraulic components and solutions to hydraulic systems. With persistent spirit in making improvements and enthusiasm over the past 30 years, GRH has been an emerging power in fluid power industry since it was established in 1986. Research and innovation on new products drive GRH to make progress, together with standards of TS16949 and SO14000 as the guiding principles. GRH designs and produces hydraulic gear pumps, gear motors, mono block valves, sectional stack valves, proportional valves and flow dividers. These components are mainly used on industrial machines, material handling, construction machines, as well as machines at agricultural and industrial fields. Apart from the products in GRH's catalogue, GRH has close cooperation with customers by offering them solutions to hydraulic systems. The customers can count on GRH's extensive system designing and application experiences when they design their hydraulic systems. GRH has designed and developed a series of load-sensed proportional stackable valves to help customers to improve valve's operating performances as well as to improve system efficiency.

Jiangsu Harriston Machinery Co., Ltd.

Address: National Pioneer Park, Yancheng Development Zone, Tinghu District, Yancheng City Jiangsu Province, 224001

Email: 51980788@qq.com

Website: www.harriston.cn

Products: rotary machine

Description: The company is the gold supplier of Ali website, with guaranteed transactions. It has a wide range of agricultural machinery products, and provides a variety of transaction methods, with short delivery cycle. It is a manufacturing and trading company with

strong and all-round strength. It is located in Yancheng, Jiangsu province, with a superb geographical position. It mainly sells Kubota and other high-quality agricultural machinery products such as combine harvester, tractor, rice transplanter, seeder, rotary tiller, flail mower, front and loader, backhoe, wood chipper, rear blade, disc harrow, seeder, spreader, baler, disk mower, as well as wrapping machine. The agricultural machinery products sold by the company have passed ISO9001: 2000 international quality management system certification. The company always adheres to the enterprise spirit of "unity, determination, truth-seeking and innovation", strictly controls the quality, and strives to make every product a fine product. The products are exported to Russia, Brazil, Argentina, Australia, Iran, Singapore, New Zealand and many other countries. The company not only provides convenient onestop service for customers, but also pays attention to scientific and technological innovation, management innovation and staff ability improvement.

Jiangsu Huayuan Water-saving Co., Ltd.

Address: 7 Yinshan Road, Tongshan District, Xuzhou City, Jiangsu Province, 221000

Email: 562750470@qq.com

Products: reel sprinkler, enterprise introduction

Description: The company mainly produces large spray irrigation machines, JP series coil blowers, CP type pipe sprinklers, micro spray, drip irrigation series, submersible pump series, GF series generating sets and other products widely used in dry agricultural water-saving irrigation industry, urban precipitation, water supply and drainage, fountain, as well as large, medium and small pumping stations and other fields. It is a well-known intelligent irrigation service provider and NEEQ-listed enterprise -- stock code 836024. The headquarter is located in a beautiful environment and it also has four subsidiaries and three modern production bases. Major honors include "National Hitech Enterprises", "Standard Drafting Unit Of Reel Type Sprinkler Irrigation Industry Standard", "National 13th Five Year Plan Project Undertaking Unit", etc. The company has won certificates including "Famous Trademark Of Jiangsu Province", "Famous Brand Products Of Jiangsu Province", "Jiangsu Consumer Reassuring Consumer Unit", etc. and was China's favorite agricultural machinery brand in 2015, and Chinese customers' top ten preferred brands of field management machinery in 2016. It is in the catalogue of new products and technologies at provincial level. The national intellectual property authority has authorized the company with more than 70 patents and 7 major categories of high and new technology products.

Website: www.js-hb.com

Products: fuel injection pump, fuel injection nozzle

Description: The company specializes in the production of diesel engine fuel injection system in the nozzle, plunger, delivery valve, valve parts, oil pump and fuel injector. Products such as motorcycle single-cylinder, multi-cylinder diesel engine can match with the automotive, marine, engineering machinery, and agricultural machinery; nozzle and valve components such as carter common-rail systems can match with the equipment of Bosch, Denso, Delphi, Siemens.

Jiangsu Tianshui Irrigation Equipment Co., Ltd.

Address: Hanrun Road, Pei County, Xuzhou City, Jiangsu Province, 221600

Email: 1057793895@qq.com

Products: reel sprinkler, water pump, electric sprinkler

Description: Jiangsu Tianshui Irrigation Equipment Co., Ltd. is a professional manufacturing enterprise engaged in water-saving irrigation equipment, sprinkler, water pump and a backbone enterprise in the irrigation industry in Jiangsu province. The company brings together a number of highly qualified professionals, design and manufacture techniques of automatic winch-type sprinkler JP series, light volume disc sprinkler, pointer type sprinkler, water pumps and other products, as well as the perfect after-sales service. Its sales network is all over China and southeast Asian countries, and products are well received by users. The company covers a total area of 150,000 square meters, with a building area of 100,000 square meters. It has 186 staff, 28 engineering and technical personnel, 16 management personnel, more than 200 sets of main production equipment, and the advanced submersible pump laboratory.

Jiangsu Top Power Machinery Co., Ltd.

Address: Yandu District, Yancheng City, Jiangsu Province, 224001

Email: jstoppower@163.com

Website: www.cntoppower.com

Products: diesel oilgenerating set, diesel engines

Description: Jiangsu Top Power, located in Jiangsu province of China, is a company of the Artex Group, which is involved in the research and manufacture of small diesel engine products in China. Its selection of products includes

diesel engines 4 HP, diesel generators 2kw-10kw, water pumps of 1.5/2/3/4 inches and diesel power engineering machinery. As a subsidiary, Jiangsu Top Power always keeps going on enhancing its product value and creating long-term partnership with its worldwide strategic partners. The wide range of general engines, portable and home backup generators, emergency lighting, water pumps and engineering machinery fit for a diverse range of applications. They are put to use in scenarios ranging from domestic, government, corporate, co-generation to telecommunications. The company has long standing relationships with some of the largest players in the market including its customers and suppliers. The company's wide product range and industry expertise enable it to tailor solutions to meet specific needs of customers.

Products: wheeled tractor, rice transplanter, combine harvester

Description: Jiangsu World Agriculture Machinery Co., Ltd., one of the 12 subsidiary companies belonging to Jiangsu World Group, is a large-scale professional agriculture manufacturer with an integration of R&D, manufacture, marketing, and after-sale service. Established in 1996, it has now employed over 3000 staffs nationwide. The company's main product lines cover whole-feeding rubber track combine harvester for rice and wheat, whole-feeding tyre combine harvester for wheat and rice, whole-feeding rubber track/tyre combine harvester for rapeseed, whole-feeding wheeled combine harvester for corn, head-feeding combine harvester, 40-150hp four wheel tractor series and so on. The company has been dedicated to becoming an international first-class agriculture machinery company in the past decade. With high-quality products and customer-oriented service, the company's products command a good market both at home and in 67 countries and regions overseas. So far, more than 300,000 of its machines have been sold and used globally.

Jiangsu Yueda Intelligent Agricultural Equipment Co., Ltd.

Address: 9 Nenjiang Road, Yancheng Economic and Technological Development Zone, Yancheng City; Jiangsu Province, 224007

Email: panjg@yantuo.cn

Website: www.jmtractor.com

Products: wheel tractor

Description: Jiangsu Yueda Intelligent Agricultural Equipment Co, Ltd. is the holding company of Jiangsu Yueda Investment Co., Ltd., the stock code of which is 600805. The Yueda Intelligent Agricultural Equipment is a core company of Jiangsu Yueda Group Co., Ltd. The registered capital was CNY 514 million. The company has assets of CNY 827 million, 1000 employees, and owns an area of 333,333 square meters. It has nearly a hundred kinds of products, sold in more than 30 provinces in China, and exported to about ninety countries and regions in North America, Europe, South America, Africa, Southeast Asia and the Middle East. The predecessor of the company is Yancheng Tractor Factory. It started to produce the tractor in 1969 and has become one of the famous producers of tractor in China. The company has undertaken foreign aid projects of the government for many times. The Yueda Intelligent Agricultural Equipment has strong ability to develop and design products and possesses perfect quality management system. The production equipment is excellent and there are production lines for pretreatment,

electrophoresis, assembly and flexible manufacture. The company reasonably allocates various resources, makes process through continuous improvement, and is strict in quality control during the production process. Through many years of efforts, huanghaijinma tractors by Yueda Intelligent Agricultural Equipment has achieved many national and provincial honors, including "the most reliable products" for five consecutive years by User Committee of China Quality Association. The products have been identified as "the most satisfactory products" in China as well. The company is an AAA credit rating company in China's national agricultural machinery industry. The tractors passed all related quality supervision and inspection. The Yueda Intelligent Agricultural Equipment was included in Top 500 China Machinery Companies through the identification of China Association Of Machinery Industry Enterprise Management. In the same year, the huanghaijinma tractor has been rated as "farmers' favorite tractor". The product obtained the "China Famous Brand" and "National inspection-exempted products" titles in 2006 and awarded as the "Famous Trademark" in Jiangsu province in 2007. The huanghaijinma brand won the "China's Agricultural Machinery of Customer Satisfaction" brand in year 2010. In December, it won the famous trademark in Jiangsu province and was elected as the "national brand in development" by Department of Commerce of Jiangsu Province. Yueda Intelligent Agricultural Equipment is an important part of Yueda Intelligent Manufacturing Group. Also, it's the new economic growth point of Yueda Group and Yancheng's local industry development. The company fully implements its guideline of using intelligent manufacture to serve for China's food production mechanization.

Products: 14. 5*57 reclamation knife, joint assembly, IT245 225 rotary tiller

Description: Jiangsu Fidel Group is registered in 1974, a national enterprise which was developed from its parent enterprise Jianhu Fidel Agricultural Machinery Fittings Factory, consists of 5 branch factories, and 3 exportation bases in China. It is entitled as the Vice Director Unit of Chinese Agricultural Machinery and Rotary Tillage Machinery Society and the Director Unit of National Rotary Line Organization. The quality series products are rotary blades, stubbing blades, swing blades, mower blades, toplink, topshaft, gears, spline shafts, and combine parts, etc.

Jianhu Jiuda Aluminum Products Co., Ltd.

Address: Zichen Apartment Building No. 1, 114 Jianhu County, Yancheng City, Jiangsu Province, 224700

Email: 261304309@qq.com

Products: paddy field weeder, harvester aluminum ladder

Description: Jiangsu Yancheng Jiuda Aluminum Products Co., Ltd. specializes in the production of elephant brand high-strength non-slip aluminum ladder, which is widely used in combine harvesters, tractors, transplanters, excavators and other machinery. High-strength anti-skid aluminum ladder has been used in developed countries and regions such as Europe, North America, Japan and South Korea for decades, and is widely used in agricultural machinery, engineering machinery and other vehicles. The utility model has the advantages of safety guarantee, portability, firmness, corrosion resistance, etc., greatly reducing the labor intensity and labor cost. In order to meet the market demand, after several years of exploration, production and sales, the company has fully absorbed the aluminum alloy springboard technology and become mature in production, application and after-sales service. In order to improve the product quality, the company selects raw materials from national large-scale aluminum factory to ensure that the tensile strength, compressive strength, shear strength and other mechanical properties of the aluminum ladder meet the national standards. Its purchases aluminum alloy welding equipment and cutting equipment imported from Europe to ensure that the welding indexes such as penetration and width of aluminum ladder are qualified. Before delivery of the products, the company conducts simulated mechanical test on each aluminum ladder to ensure that they are qualified. In recent years, the company has produced 10,000 sets of aluminum ladders without any quality problems. The elephant brand aluminum ladder produced by Jiuda Aluminum Products has good raw material, better resistance and longer service life. Under the same service conditions, it is more than twice the service life of imitated products in the market. The company strives to become the leader of the aluminum ladder industry. It

has a good reputation as well as perfect sales network and logistics platform to maximize the benefits of customers.

Jianyang Chengxi Precision Machinery Co., Ltd.

Address: Yucheng Township, Tongmeng Village, Jianyang City, Ziyang City, Sichuan Province, 641419

Email: 406678338@qq.com

Website: www.cxjgix.com

Products: self-priming crusher, shredder

Description: Jianyang Chengxi Precision Machinery Co., Ltd., as a professional manufacturer of agricultural machinery with a history of over 50 years, mainly produces "Jinggong" powder crushers series, household rice mill and powder crusher combined series, single rice mills, flour mills, corn or grain threshers, winnower, juice grinders, motors, solar water heaters and other products. These products have fine functions, excellent performance, reliable quality and wide application, and sell well in China, Southeast Asia, Mongolia, Russia, Africa, South America, Europe and other countries and regions. The company has solid technical strength and 12 national patents. It is a National Industrial Product Production License Enterprise and ISO9001-2008 Quality Management System Certified Enterprise, and was certified to International Standard and CQC. Our products have obtained the titles of "Sichuan Brand Product" and "The Most Satisfactory Excellent Product" from Ministry of Agriculture and Rural Affairs. Moreover, the company has obtained awards like provincial and municipal "Contract-honoring Promise-keeping Enterprise" and "Provincial Excellent Machinery Company" for many times. It is a leading enterprise of Jianyang Agricultural Machinery Industry Association and a member unit of Chengdu Casting Industry Association. Jinggong will create a glorious future with more refined management and excellent products and service.

Jiaozuo Yupuma Agricultural Machinery Co., Ltd.

Address: 4208 Jianshe Road, Macun District, Jiaozuo City, Henan Province, 454100

Email: 809448204@qq.com

Website: www.YBMNJ.com

Products: corn kernel and sorghum harvester header

Description: Jiaozuo Yupuma Agricultural Machinery Co., Ltd. is located in the Eastern Industrial Park of Jiaozuo city, Henan province. Covering an area of 250 mu, it is a professional agricultural machinery production enterprise. The main products are 4 rows and 12 rows corn and sorghum harvester header. The company has advanced product technology, high configuration reliability, and high working efficiency. The products can match with domestic mainstream models. The company in the leading level in the domestic industry, and its products are loved by the majority of users. The company

improves the distribution network and after-sales service system to provide customers with high-quality products and services.

Jiashan Bearing Machinery Manufacturing Co., Ltd.

Address: Beimen Bridge, Jiashan County, Jiaxing City, Zhejiang Province, 314100

Email: 448450116@qq.com

Products: solid lubrication bearing, bimetal self-lubricating bearing, oil bearing

Description: Jiashan Bearing Machinery Manufacturing Co., Ltd., an oilfree self-lubricating bearing manufacturing enterprise, specializes in the development and sales of various self-lubricating bearings. For years, it has relied on advanced technology and equipment as well as adoption of advanced processes. The company produces oilfree bearings, bearing bushes, bushes, copper bushes, etc. of various modes and specifications with high standards. Products of the company are sold in most provinces and cities in China and are exported to 13 countries and regions overseas, winning good reputation and applause of customers. Under strict factory management, the company implements industrial standard in production, and passed the certification of ISO9001: 2000 Quality Management System. The company lays stress on people-oriented humanized service so that each customer can feel at ease and satisfied. It is willing to make efforts for creating benign reciprocal cooperative relation and its ultimate goal is to make common development with customers.

Website: www.jxtisens.com

Products: sliding bearing, oil self-lubricating bearing, bimetal bushing

Description: The main products are sliding bearing, oil-free bearing, composite bearing, bronze bushing, bimetal bushing, connecting-rod engine bushing, gear pump bushings, which are applied to the chassis of motor; automotive transmission, pump cylinder, engine gearbox, seat hinges, agricultural machinery and other

transportation facilities. Some bushings match with vehicles/machines of Jiefang Automobile, Saic Motor, Gac Group, Foton Lovol, Chery, World Group, Yucheng and other companies.

Jinan Huqing Agricultural Machinery Technology Co., Ltd.

Address: Yuhuangmiao Town, Government Station, Shanghe County, Jinan City, Shandong Province, 251604

Email: chongjun8866@163.com

Products: 2m self-propelled rotary tillage planter, garlic peeling machine, garlic sorting machine

Description: Jinan Huqing Agricultural Machinery Technology Co., Ltd. is located in the north of the Yellow River, adjacent to Jinan International Airport, east to 248 Provincial Road, south to National Highway 220 and Jiqing Expressway. The company was established in 2010 with a registered capital of CNY 5.5 million. It covers an area of 28,000 square meters with 10,000 square meters of workshops and 1,200 square meters of warehouses. There are more than 50 employees, including 4 senior engineers, 15 engineering technicians, and a group of professional team members with rich experience in installation, debugging and after-sales service. The company can provide a variety of drying equipment for garlic processing industry customers. After years of experience and continuous exploration, the company has the leading edge on research and development technology, powerful resource network, advanced management concept, and perfect after-sales service, on which it based to provide the overall solution tailored to customers' needs. With the integration of mechanical equipment manufacture, research and development, processing, metal casting, the craft of the company is advanced in the production of lathe, punching machine, drilling machine, milling machine, grinding machine, electric welding, two shielded welding and argon arc welding and other equipment. The company relies on sophisticated technology, excellent professional talents and strict quality management system and import modern management methods and concepts, which have laid a solid foundation for the development of the company. It mainly produces garlic machinery, vegetable machinery, machine tool parts, and conducts machine processing research and production, steel structure production and installation. The company's products include belt conveyor through drying machine; garlic, peanuts, hot pepper, ginger, and garlic cutting machine; drying oven peeling machine, swing machine, dicing machine, stainless steel automatic drifting machine, automatic feeding machine, slicing machine, garlic powder processing blow play machine, milling machine, winding machine, automatic feeding machine, dry peeling machine, vegetable washing machine, stainless steel blanching machine, carrot washing machine, wash dish pool, pool skin machine, flat belt transmission machine, flat car, pushing the skip, etc. Moreover, the company can customize various non-standard dewatering equipment. The enterprise has now set up a garlic whole-coursing mechanization research and development center, cooperating with Shandong Agricultural University to establish a scientific research base. The company owns 23 independent intellectual

property rights and has set up a research and development center to develop new products for the market. At present, the company is undertaking two provincial-level R&D projects and two city-level R&D projects. We obtained the "Jinan's Famous Brand" title in 2016. It has also won the international equipment manufacturing industry exposition silver medal, and has been awarded a high and new technology enterprise certificate, and the intellectual property rights management certification. The company has also cooperated with Shandong Agricultural University as well as Heilongjiang Bayi Agricultural and Reclamation University successively. The company insists on continuously improving equipment performance and the quality of service. It is trusted by the user in regard to credit worthiness, and the technical parameters of its products parallel with or surpass the national standard. All products will undergo strict inspection before they are sent out of the workshop to ensure product quality.

Jinan Xinde Laser equipment Co., Ltd.

Address: East Hua Dexin Industrial Park, South End of Airport Road, Jinan City, Shandong Province, 250000

Email: 491435063@qq.com

Website: www.xd-laser.com

Products: cylinder liner, laser marking machine, pneumatic marking machine

Description: The company specializes in the production and sales of laser marking machine, pneumatic marking machine, laser cutting machine, laser welding machine and other automated equipment.

Jining Dadi Industrial Trading Co., Ltd.

Address: 3 West Station Road, Rencheng District, Jining City, Shandong Province, 272000

Email: qpy713@163.com

Website: www.dalu2007.com

Products: oil filter, fuel filter, air filter

Description: The company is located Jining City of Shandong Province with convenient transportation connections. The company focuses on R&D, manufacture, and sales of filters. It produces all kinds of paper filters, twist filters, PU pastern filters and so on. Its products are widely used on diesel oil generators, air pressure machines, mechanism, forklift and many homebred or imported shuttle bus, and cranes. In the recent years, it has applied advanced production line and testing equipment. From raw material to the product, from manufacture process to finished product testing, the company uses online control system to ensure the quality of all the producted filters with the brand of Dalu. The company has set up sales network in China and overseas.

Jinjiang Hangwan Auto Parts Co., Ltd.

Address: Neikeng Town Industrial Zone (Qianhong, Pancuo, Zhainei Village), Jinjiang City, Quanzhou City,

Fujian Province, 362200

Email: 1638272@qq.com

Website: www.qgwx.com

Products: drive shaft universal joint, king pin, steel plate pin, etc.

Description: Jinjiang Hangwan Auto Parts Co., Ltd. is located in Jinjiang, adjacent to Quanzhou Airport, where transportation is very convenient. The company was founded in 1997 and it is one modern automobile production enterprise integrating production/manufacture and trade.

Jinlanma Rubber Products manufacturing Co., Ltd.

Address: 6 Changyang Road, Agricultural Machinery Park, Jiadong High-tech Zone, Dongfeng District, Jiamusi City, Heilongjiang Province, 150000

Email: jmsjlm@126.com

Products: double-tooth type gear belt, skinning roller star wheel, high intensity lodging finger

Description: Jinlanma Rubber Products Co., Ltd. belongs to Heilongjiang Agricultural Machinery Key Supporting Enterprise, and locates in the high-tech agricultural machinery park of Jiamusi City, covering an area of 70 acres. The main products include rubber and plastic parts of agricultural machinery, farm machinery V belt, all kinds of high strength conveyor belt, automotive rubber parts, agricultural machinery matching stamping welding machine and accessories, such as corn peeling machine, elevator and other small and medium sized agricultural machinery parts. The company cooperates with "John Deere", "Chery Heavy Industry", "AGCO", "Case New Holland", "Dongfeng Motor", and other large agricultural machinery manufacturing enterprises. The company has strong technical force, advanced production technology and reliable quality assurance system, excellent production equipment, and complete detection means. The company's production technology is in the lead in domestic industry, and it has eight new technology products with national patent. The company has passed ISO9001 and G223 quality management system certificates.

JMCG Concord Transmission Technic Co., Ltd.

Address: 1 Xinwei Avenue, Xiaolan Economic Development Zone, Nanchang County, Nanchang City, Jiangxi Province, 330200

Email: hual@jctt.cn

Website: www.jctt.cn

Products: drive axle assembly of harvesting machine, transmission gearbox of agricultural machine, gearbox of animal husbandry machine

Description: JMCG Concord Transmission Technic Co., Ltd. was founded in September, 2006 and locates in Nanchang

City covering an area of 86,710 m². The registered capital of the company is CNY 20,000,000 with total assets of RMB 200,000,000. JCTT is a professional manufacturer of drive axle assembly used in harvesting machine, transmission gearboxes used in harvest machine, agricultural implements, and gearboxes used in automobile, industrial stockbreeding machinery. The company owns strong technical force and possesses independent research and development capacity. It takes the lead in releasing multiple agricultural transmission products and has obtained 36 items of proprietary intellectual property rights. JCTT is approved as new and high-tech enterprise and is awarded as the leading enterprise in components and parts industry. The annual production capacity of JCTT is 20,000 sets of gearboxes for different kinds of harvest machine, 12,000 sets of gearboxes for engineering and construction machine, 200,000 pieces of gearboxes for various harvesting and agricultural machine, and 180,000 pieces of gears. Meanwhile, JCTT has already established ISO/TS16949: 2009 and ISO9001: 2008 Quality System and passed OHSAS18001 2007 Occupation Health Safety Management System. With stable and reliable quality, the products possess leading competitiveness domestically and are popularly exported to European and American countries, etc.

Julu Yifeng Seal Technology Co., Ltd.

Address: Julu County, Xingtai City, Hebei Province, 55250

Products: oil seal, o-ring, oil seal

Description: Julu Yifeng Sealing Technology Co., Ltd. was founded in 1992, and locates Xintai City of Hebei province. The company covers an area of more than 1,000 square meters, with 10 flat vulcanizing machines and 3 glue injection machines. As a mould making, manufacturing and processing enterprise, it has a collection of silicone rubber products, construction machinery rubber products, industrial rubber products, injection molding products, and polyurethane products. The company has nearly one thousand kinds of products. Julu Yifeng Sealing Technology Co., Ltd. mainly produces and sells loader seals, mine equipment seals, oil seals, O-rings, rubber iron-clad parts, rubber shock absorbers, rubber cushions, rubber plates, rubber sleeves, rubber rings, silicone seals, silicone hoses, silicone miscellaneous parts, various rubber miscellaneous parts and various plastic products. In recent years, the company has successfully developed new products for a large number of domestic customers. The company has established a complete set of quality management system, successfully passed ISO9001 system certification, and set up various rubber physical and chemical performance testing instruments to meet the different needs of customers. It has realized the integration with the international advanced management methods through upgrading the enterprise's management system. The company will further strengthen the enterprise's capabilities and enhance its market competitiveness to enter into a high-speed and healthy development track.

Junan Xintai Abrasive Tools Co., Ltd.

Address: Xingwei Hope Primary School, Junan County,

Linyi City, Shandong Province, 276612

Email: xtmlmj@163.com

Products: corn grits making machine, grinding wheel for rice mill, vertical rice mill, rice mill, peeling machine, mill and other food processing machinery.

Juxian Vanward Machinery Manufacturing Plant

Address: Sangyuan Town, Ju County, Rizhao, Shandong Province, 276500

Email: 1007864316@qq.com

Products: tiller, orchard mini tiller

Description: Juxian Vanward Machinery Factory, was founded in 2008, and focuses on R&D and manufacture of micro tillage machine accessories and micro farming machine accessories. The main products are fertilizer, plastic film machine, deep plowing knife, hopper and others. After 10 years of development and innovation of science and technology, the company has advanced production equipment and testing equipment, has accumulated rich experience in manufacturing technology and application, and has become the micro farming machine parts quality benchmarking enterprise with 20 product patents.

Kaifeng Shenwei Rubber Co., Ltd.

Address: Liuzhuang Village, Zhangshi Town, Weishi County, Kaifeng City, Henan Province, 475500

Email: 943641287@qq.com

Products: joint light V-belt, triangle belt, agricultural machinery variable speed V-belt

Description: The enterprise spirit is being pragmatic, working hard, taking up responsibility and sticking to integrity; maintaining a win-win situation; creating a good working environment; adopting the new mode of management; survival based on perfect technology, thoughtful service, and excellent quality. The company always adheres to the notion of "customers first" by providing best services to customers.

Laisai Laser Technology Co., Ltd.

Address: 106 Hsinchu 2nd Road, Xinbei District, Changzhou City, Jiangsu Province, 213031

Email: 392475859@qq.com

Website: www.laisai.com

Products: satellite automatic navigation driving system, digital laser level, ldh11 leveling system

Description: Laisai Laser Technolog Co., Ltd. specializes in the development, manufacture and sales of related products in the industry of laser intelligent measuring and control, engineering machine and laser intelligent equipment. It is the drafter of the standards in the

construction laser measuring and engineering industry as well as the solution provider in the laser intelligent measuring field. With 26 years' development, Laisai has been the manufacturer of laser emitting, laser receiving, laser distance measuring, distance sensing and control, levelness and angle sensing and control, machine valve servo control, electromagnetism valve servo control and other core intelligent products. Laisai has 10 series of products such as laser level, laser meter, laser intelligent land leveling system, micro laser intelligent paver, etc. The products are widely used in horizontal reference layout and automatic engineering construction, clearance measurement, space positioning and obstacle avoidance, precise agriculture intelligent measurement and intelligent positioning. Laisai has passed ISO9001: 2015 quality management system certification, ISO14001: 2015 environment management system certification, CE and other international standard certificates, and has over 100 patents. The newly-built 46,000 square meters laser intelligent measurement production and research base has intelligent plants, R&D centers, laser measurement laboratories, professional routine laboratories and other industry-leading specialized equipment. Laisai Laser is committed to the research and development as well as manufacture of intelligent laser intelligent measurement applications.

Laiyang Wode Machinery Co., Ltd.

Address: 112 Longmen Road, Laiyang District, Yantai City, Shandong Province, 265200

Email: 188335099@qq.com

Website: www.laiwodongli.cn

Products: diesel engine

Laizhou Huihua Laser Equipment Co., Ltd.

Address: Heping Village, Shahe Town, Laizhou City, Yantai City, Shandong Province, 261423

Cell: 13181607837/ 0535-2822010/ 0535-2315268

Email: lzl_x@163.com

Website: www.huihuajiguang.com

Products: electric nameplate marking machine, laser marking machine

Description: Laizhou Huihua Laser Equipment Co., Ltd. is a high-tech enterprise engaged in the development, production and sales of laser equipment. The company has professional machinery manufacturing personnel, photoelectric professional and technical personnel. The main products include optical fiber laser marking machine, CO2 laser marking, pneumatic marking machine, manual marking machine and so on. The types of machines include desktop, portable, rotary and hand-held, etc. The products are mainly used in digital products, electronic components, electrical appliances, auto parts, precision instruments, hardware molds, instruments and meters, sanitary appliance, organic glass, gold and silver jewelry, wood, paper, leather, commodity, craft gifts, etc. Laser marking

machine is not only applicable to enterprise product marking, but is also the preferred high-tech equipment for advertising companies, graphic design stores, decoration stores and Taobao shop owners. It functions quickly and quietly, occupies a small space, and has simple and convenient operating process. The company specializes in producing laser marking machines, door to door service, technical guidance, and after-sales service.

Laizhou Wei Tai Machinery Manufacturing Co., Ltd.

Address: Qianchen Village, Shahe Town, Laizhou City, Yantai City, Shandong Province, 261427

Email: 449285830@qq.com

Website: www.weitaimachine.com

Products: tracked self-propelled rotary tiller, pastoral management machine, four-wheel drive micro-tiller, remote-control crawler, self-propelled rotary tiller

Laizhou Jufeng Machinery Co., Ltd.

Address: Dongdai Village, Tushan Town, Laizhou City, Yantai City, Shandong Province, 261400

Website: www.sdzkjf.com

Products: self-loading concrete mixer truck, self-loading concrete mixer truck with bidirectional driving, self-loading concrete mixer truck with 4-wheel steering

Langfang Greenplains Irrigation Technology Co., Ltd.

Address: 1 Fuming Road, Bafang Industrial Park, Dacheng County, Langfang City, Hebei Province, 65900

Email: 2262660466@qq.com

Website: www.greenplains.cn

Products: small valve, dripper

Description: Langfang Greenplains Irrigation Technology Co., Ltd. was established in 2009 with a registered capital of CNY 3 million. It mainly produces agricultural water-saving irrigation and garden irrigation equipment. It is a modern manufacturing enterprise integrating design, research and development, production, and sales. The company now covers an area of 10,000 square meters, with the production department including injection workshop, extrusion workshop, mold workshop, and the quality inspection department. The main products include drip head, drip arrow, drip irrigation belt and PE tube accessories, irrigation small valves, micro-sprinkler heads and atomization sprinklers, movable irrigation systems, rocker sprinklers, mesh and disc filters, automatic reverse washing filtration system, Wencuili fertilizer dispenser, water saddle, PVC ball valves, PVC pipes, PVC coated water belts and accessories, PP quick irrigation valves and so on. With the unique design and high product quality, Yushen water-saving products are exported to dozens of countries and regions such as Europe, Africa, Southeast Asia, the Middle East, South America, and Asia, and are

highly praised by domestic and foreign customers.

Leshan Chuanggong Machinery Manufacturing Co., Ltd.

Address: 46 Xingmin Lane, Yancheng Town, Jingyan County, Leshan City, Sichuan Province, 613100

Email: 1215457497@qq.com

Website: www.scchuanggong.com

Products: rice milling and crushing combine machine, crushing mill

Description: Leshan Chuanggong Machinery Manufacturing Co., Ltd. was founded in 2002, which integrates research and development, production, sales and after-sales service. "Chuanggong" trademark has successively won the 10th and 11th "Sichuan Province Famous Brand" and "Well-Known Trademark in Leshan". "Chuanggong" provides products of high quality and considerate service, which gives the customers a completely new experience. The company focuses on product development, innovation and quality improvement, constantly improves the products' internal and external structural design, and eventually enhances the products' performance to a higher level.

Leshan Dongchuan Machinery Co., Ltd.

Address: 88 Jiaotong Street, Yangliu Town, Wutongqiao District, Leshan City, Sichuan Province, 614000

Email: 676047660@qq.com

Website: www.63dc.com

Products: grass cutter, feed grinder, crushing mill

Description: Leshan Dongchuan Machinery Co., Ltd. is located in Wutongqiao, Leshan city, Sichuan province, near Leshan Giant Buddha, adjacent to the world famous Mount Emei, and only 120 km from Chengdu by expressway, where the land and water transportation is very convenient. The company was founded in 1991. The main products are tiller, crusher, corn peeling machine, motor, water pump and rice mill machine. Dongchuan has established and improved its overall quality as well as production and management system, and attached great importance to the development of intellectual property rights, having obtained 16 patents and passed ISO9001 certification and CE certification.

Leshan Shangxin Machinery Manufacturing Co., Ltd.

Address: Building 2, No. 31, Yanxi Alley, Yancheng Town, Jingyan County, Leshan city, Sichuan Province, 613100

Email: 634492734@qq.com

Products: automatic multi-functional crusher, claw crusher, corn crusher

Description: Leshan Shangxin Machinery Manufacturing Co., Ltd. is located in Yancheng town, Jingyan county,

Leshan city. It is a market-oriented, technology-based, and diversified production enterprise integrating R&D, production and sales of small agricultural machinery. So far, it has a history of more than 20 years. It mainly produces rice mill, and feed grinder series products. The products have fine workmanship, excellent performance, reliable quality, and extensive application. Its products are sold throughout the globe. Moreover, the company has strong technical strength and quality products, seeks development through innovation, and has more than ten existing technology patents. The products are good-looking with novel structure, dust pollution free, and require low power and energy consumption. It is applied in real life in rural households and commercial processing.

Lianyungang Leon Precision Machinery Technology Co., Ltd.

Address: North of Tonghua Road, Taolin Town, Donghai County, Lianyungang City, Jiangsu Province, 222334

Email: jxhts@163.com

Products: plow blade, reclaiming knife, power harrow

Description: Lianyungang Leon Precision Machinery Technology Co., Ltd. is a professional enterprise engaged in producing and selling rotary tiller blade, plough sharp, plough shovel, plough power harrow, forging accessories, and other farm machinery accessories. Its products are of good quality and best price, and they sell well in the country, with some entering the international market, favored by domestic and foreign users. The company possesses strong technological strength and advanced production lines. The heat treatment equipment and test equipment are of first-class standard in China and the company has successively been awarded with such honorable titles including "enterprise with good credit in contract honoring", "enterprise with trustworthy quality", "Excellent Private Enterprise", and "Famous Trademark of Lianyungang City". The company is located in Donghai county, at the east bridgehead of the new Asian-European Continental Bridge, which enables convenient transportation. It is north to National Highway 310, west to Beijing-Shanghai Expressway, and south to Lianyungang Huoerguosi Highway. The Longhai Railway runs through the county and it's only half an hour's drive to the airport. The excellent geographical location also lays

a solid foundation for the development of the enterprise.

Products: cooling water pump, groupware for agriculture

Description: Liaocheng Mountain Ring With Power Machinery Co., Ltd., located in the beautiful Liaocheng, specializes in the production of internal combustion engine fittings and integrates development, production and sales in one. It has strong technical strength, exquisite processing technology and advanced detection methods. The company mainly produces various models of diesel engine groupware, cooling water pump and other diesel machine parts. The company launched two brands and more than 100 models of diesel engine and groupware and has preferably the best host accessories matching assembly. The company's agricultural vehicles including multi-cylinder diesel engine, cooling water pump, water seal, and key parts such as bearings have passed the ISO / TS16949: 2002 international quality system certification. The company has independent pump performance testing laboratory. With exquisite processing, strict testing, product quality and durability, the company has become

Shandong Laidong, Weifang branch and other well-known enterprises' choice of supplier. In 2014 and 2015, the company was awarded as the "excellent supplier" by Shandong Huayuan Laidong. The products sell well in more than 20 provinces all over the country, and are exported to Pakistan, Vietnam and other countries. In 2011, the company registered for a fully-owned subsidiary which mainly engages in the production of Weifang 49541004105 diesel engine fittings, and diesel engine assembly. The company has staff of more than 80 people, including 11 technical staff and groupware design personnel. The annual production capacity is 50 million units of cylinders, and 15 million units of cooling water pumps. The company has become one of the largest manufacturing enterprises of groupware and cooling water pump and passed the IATF16949: 2016 quality management system certification.

Website: www.jtvbearing.com

Products: deep-groove ball bearings, tapered roller bearings

Description: Linqing Jietewei Bearing Co., Ltd., founded in 2005, covering an area of 20,000 square meters, with more than 80 professional and technical personnel, is a professional producer of bearings and rollers for private enterprises. The company is located at the junction of Shandong and Hebei, east of Beijing-Kowloon Railway and Nantong Jehan Highway, where transportation is very convenient. The main products of the company include taper roller bearing, automobile bearing, loader bearing, cylindrical roller bearing, deep groove ball bearing, automobile axle bearing, loader bearing, torque converter

bearing, transmission bearing, and agricultural machinery bearing. The company has strong technical force, advanced equipment and technology, has established a set of quality management system suitable for the development of the company, and passed the IATF16949: 2016 International Quality Management System Certification. The "JVZ" bearing, produced by the company according to the international standard, has a broad market prospect, mainly used in textile, paper, food, household appliances, chemical, petroleum, electricity, cement, mining, steel and automobile and other industries. With excellent product quality, accurate and timely delivery, and good prestige, the company has won the high praise of many professional manufacturers. The products are sold in more than 10 countries and regions including Asia, Europe, and America, winning users' high praise as well.

Linqing Jingha Bearing Co., Ltd.

Address: South of Village, Niuzhangzhai Town, Yandian Town, Linqing City, Liaocheng City, Shandong Province, 252665

Email: 1095449372@qq.com

Products: bearing

Description: The main products of the factory include high precision deep-groove ball bearings, spherical outer surface ball bearing units with inserts and housings, taper roller bearings, free maintenance bearings for binding machines and zero tilling machines. By producing high-quality special bearings with competitive price, the company can provide first class service to customers at any time. The products are widely used in agricultural machinery, the printing industry, textile industry machines, rubber manufacturing machinery, the electric power industry, paper machinery, steel manufacturing machinery and so on.

Address: Ankang Street, Jiu District Street, Hedong District, Linyi City, Shandong Province, 276000

Email: 969260736@qq.com

Website: www.CHNbestor.com

Products: sprayer, snow blower, wind fire extinguisher

Description: Linyi Bestor Garden Machinery Co., Ltd, was founded in 2007. The company has an experienced product development team and leading technology talents in product research and development. The company concentrates on professional R&D and production of the mid- to high-end garden equipment and fire extinguishing blower.

Linyi City Lanshan District Linhua Hose Co., Ltd.

Address: Linxi 11th Road, Jiaoda Industrial Park, Nansha Buzhuang Village, Lanshan District, Linyi City, Shandong Province, 276000

Email: 3179859126@qq.com

Products: high-pressure durable anti-freezing pumping, agricultural plastic-coated hose

Description: Linyi City Hube Industry Company Limited, founded in 1998, is located in the China "business city" of Linyi, with convenient transportation for logistics leading to all directions. The company specializes in the production of Tengfei licensed agricultural hose, sprinkler, series of hose products with available specifications from an inch to eight inches, and from 10 meters to 100 meters.

Linyi Dazhuang Machinery Co., Ltd.

Address: Luozhuang District, Linyi City, Shandong Province, 276000

Email: ben@cndazhuang.com

Website: <http://www.cndazhuang.com>

Products: brush cutter, smoke machine, lawn mower

Description: Linyi Dazhuang Machinery Co., Ltd. is a manufacturer which specializes in gasoline engine and lithium-battery powered garden machines including brush cutters, mist dusters, blowers, water pumps, and hedge trimmers. The annual production capacity is 600,000 sets, and the products have passed ISO9001 certification and gained CE certifications.

Linyi Hongtong Pipeline Industry Co., Ltd.

Address: Jinluo Industrial Park, Lanshan District, Linyi City, Shandong Province, 276036

Email: 352430284@qq.com

Products: hose, micro spray belt, drip tape

Description: Located in Linyi, Shandong province, the famous logistics capital, the company mainly sells agricultural water-saving irrigation products and garden irrigation tools. At present, the company's products mainly include sprinkler irrigation system, drip irrigation system, high-strength composite water belt, accessories, etc. Products are widely used in agricultural water-saving irrigation, garden landscape, greenhouses, cooling and dust removal. The company has strong technical force, high-end R&D talents, professionally advanced production equipment and production process, professional engineers and technicians as the backbone of the enterprise, and a strong after-sales service team. Its investment in modern advanced equipment, assembly line operation, complete product specifications, design and production are all considered according to customer requirements. It has great competitiveness and influence in the field of agricultural water belts in terms of talents, resources, network, scale, experience, etc. The water belt products developed by the company are at the leading level in the domestic agricultural water belt industry. The company has established a complete scientific system for product design, research and development and product quality control. At present, the products have been exported to more than 20 countries and regions, and have been recognized and praised by many customers. The company adheres to the philosophy of honesty, high quality, high efficiency and innovation, constantly explores the demands in potential markets, and relies on professional technology and continuous innovation to provide high-quality products for the vast number of users.

Address: Jianxi District, Luoyang City, Henan Province, 471003

Email: lygjrz@139.com

Website: www.ruanzhou.cn

Products: hydraulic multi-valve, electric control lever

Description: Established in 2003, Luoyang Guanjie Push-Pull Cable Controller Co., Ltd. is a manufacturer and trader specializes in the research, development and production of push-pull control cable and push-pull control lever. All of its products comply with international quality standards and are greatly appreciated in a variety of markets throughout the world. It has grown gradually with the great efforts and support from the entire team and global customers.

Luoyang Harvest Fenmeide Agricultural Machinery Equipment Co., Ltd.

Address: Jinping Town Industrial Cluster Area, Xizhuang Industrial Park, Jinye San Road, Yiyang County, Luoyang City, Henan Province, 471600

Email: 320665450@qq.com

Website: www.lyfsfmd.cn

Products: wheel-type tractor

Description: Luoyang Harvest Fenmeide Agricultural Machinery Equipment Co., Ltd. is a private joint-stock enterprise, established in 2018, and is located in the Equipment Manufacturing Industrial Park, Yiyang County Industrial Cluster District, Luoyang City. The company's cumulative investment amounted to CNY 230 million; it has 98 employees, and the plant covers an area of 58,000 square meters. The company has advanced domestic production equipment and operating environment. It is a high-tech enterprise integrating product development, design, production and sales. The company currently has 24 patents and the leading products have independent intellectual property rights. The products have won the appraisal of the Henan provincial appraisal station and the Ministry of Agriculture and Rural Affairs, and have entered the national agricultural subsidy catalog. The company currently has 217 agents, and its products are sold in 23 domestic provinces and autonomous regions, and are exported to Myanmar, Australia, New Zealand, Southeast Asia and other countries and regions. The success of the enterprise stems from the establishment of a talent team. It is their dedication, diligence, and hard

work that has contributed to the company's development. Luoyang Harvest Fenmeide Agricultural Machinery Equipment Co., Ltd. sticks to the business philosophy of "integrating innovation and sharing harvest" and strives to improve the competitiveness of the enterprise with the vision of "inclusive and win-win cooperation".

Luoyang Mingdi Transmission Shaft Co., Ltd.

Address: New and High-tech Zones, Luoyang City, Henan Province, 471003

Email: market@mingdicdz.com

Website: <http://www.mingdicdz.com>

Products: agricultural machinery drive shaft, car drive shaft, engineering machinery drive shaft

Description: Luoyang Mingdi Transmission Shaft Co., Ltd. is based on the brand development strategy of specialization, scale, and industrialization. The company takes "creating high-quality products and perfect services for the customers" management thought as the guide. It adheres to the direction of "creating high reputation varied style, high quality, excellent price and perfect after sale service". Besides, the service concept is "quick delivery as appointed". The company aims to realize the mission of "efficient energy, and safer output". It focuses on the transmission assembly parts manufacturing industry, whose main products include non-constant speed automobile transmission shafts.

Luoyang Reastar Transmission Co., Ltd.

Address: 2 South Industrial Road, Logon Science Park, Luolong District, Luoyang City, Henan Province, 471023

Email: baopengyan@reastar.com

Website: www.reastar.com

Products: transfer case, transfer gear, special transmission, power head, hydraulic swivel head, hydraulic actuator

Description: Luoyang Reastar Transmission Co., Ltd., founded in 2008, is located in Luolong Science and Technology Park, Luoyang City, with a total investment of CNY 100 million. It is a high-tech enterprise focusing on the design, R&D, production, sales and service of hydraulic and transmission products such as transfer case, transfer gear, special transmission, power head, hydraulic swivel head, hydraulic actuator, etc. The products include military equipment, oil drilling, construction machinery, ship-manufacturing, and high-end agricultural machinery with core technologies and proprietary brands. At its inception, Reastar set up the factory model from a high starting point, drew lessons from American innovative ideas, Japanese lean production model and combined them with Chinese traditional people-oriented concept to establish the enterprise culture, R&D concept and management mode with Reastar's characteristics. After years of technical research, Reastar finally made breakthrough in the field of transmission, and has truly realized independent research and development. Up to now, the company has achieved the R&D and sales of more

than 50 products of 6 series. Among them, NT automatic gearbox is the world's first tailor-made special gearbox for mud pump. Products like HR series hydraulic rotary table, high pressure rotary seat, DC series hydraulic actuator and other special hydraulic products are the core parts of the domestic major equipment field, and are the first of their kinds in China, filling the gap in the field of hydraulic transmission. The company has obtained 8 invention patents, 24 utility model patents, 4 software copyrights, and another 11 patents are in the application process. The company has reached a good cooperative relationship with more than 100 small and medium-sized enterprises such as Sany Heavy Industry, SJ Petroleum Machinery Co. Ltd., CNPC Dagang Oilfield, Epiroc Nanjing, etc. At the same time, the products are exported to more than 10 countries and regions including Europe, North America, the Middle East, Southeast Asia, and Latin America. The company firmly believes that with the continuous growth of Reastar, it can provide its customers with the best quality products, the most considerate service and the most cutting-edge and reliable technical solutions.

Luoyang Shengyuan Clutch Co., Ltd.

Address: Advanced Manufacturing Agglomeration, Jianxi District, Luoyang City, Henan Province, 471003

Email: 413504542@qq.com

Products: 12 inch clutch, 14 inch clutch, 11-inch clutch

Description: Our factory have specialized in the production of clutch assembly and clutch piece for 20 years, mainly for Dongfang Hongquan series, Futian Revo series, John Deere, Shanghai New Netherlands, Kubota, Kessner Netherlands, Chugsen, Dongfeng, Changfa, Qingjiang, Taishan, Shuhe, Ward and other major market models. We hope to have the opportunity to cooperate with you!

Luoyang SiDa Agricultural Machines Co., Ltd.

Address: Xikou, Yellow River Avenue, Mengjin County, Luoyang City, Henan Province, 471100

Email: sdnjyxb@163.com

Website: www.lysdnj.com

Products: silage lawn mower

Description: Luoyang SiDa Agricultural Machines Co., Ltd. focuses on the research, development, manufacture and sales of farming machines. They've recruited a wealth of specialist talents, together with advanced manufacturing techniques and adequate checking instrument. Several national patents have been awarded to the machines that they designed. The company has the right to deal with import and export businesses, and provides seven types, over forty kinds of farming machines including fodder grinder, ensiling chaff cutter, wheatrice sheller, stalk crumbler, mower, cotton stalk cutter, and stalk pickercutter. Their corporation has been recognized as "Henan Quality Star Enterprise", "Henan Featured Grand". Since 2001, SiDa ensiling chaff cutters have several times taken the lead in industry in the spotcheck organized by General Administration of Quality

Supervision and the Inspection and Quarantine of PRC. In 2005, they were awarded "Henan Good Quality Product with which farmers are satisfied"; in 2006, SiDa chaff cutter was awarded "Henan Good Quality Product". SiDa cotton stalk cutter has become the first choice in the bioenergy industry. Their vision is "everything for the customers", and their aim at "producing best goods in industry and achieving first-class advancement of the era".

Ma'anshan Ruisheng Trade and Industry Co., Ltd.

Address: Jinjiazhuang Industrial Park, Jinjiazhuang District, Ma'anshan City, Anhui Province, 243000

Email: ZHLi123789@126.com

Products: triangular belt for imported crawler machines, triangular belt for domestic crawler machines, special

triangle belt for corn harvester

Description: Ma'anshan Ruisheng Industry Trade Co., Ltd., formerly known as Ma'anshan Liannong Belt Factory (established in 1996), was established in December 2003, with a registered capital of 25 million yuan, covering an area of 70 acres, CNY 138 million of fixed assets. It is an industry leading enterprise that integrates research and development, production and sales of specialized rubber products, whose products are professional rubber products related to quality agricultural belt, chloroprene rubber industry belt, and highquality rubber parts. At present, LIANGNONG brand is the the most valuable brand in the domestic harvester industry. Its production and sales rank top in the agriculture rubber belt industry. There are 4 transit warehouses and sales department in Harbin, Zhengzhou, Linyi, Changsha, with sales network covering all the country. The company has many senior personnel and advanced detection means in the belt research. With continuous technological innovation and technological upgrading, harvester belts are developed directly for various domestic harvester factories. The leading product neoprene rubber belt has reached the international advanced level. The new type of practical and economical belt with high quality has won the majority of users. Recently, the domestic and foreign advanced production technology to develop a maintenance-free super belt with no elongation reaches Chinese belts' quality peak. Faced with the change of the domestic industrial structure and upgrade of equipment, Ruisheng has developed high quality belt for agricultural machinery, chloroprene rubber belt and high quantity rubber parts. The belt comprehensively matches with Chinese mainstream wheat, rice and corn harvester manufacturers, like Foton Lovol, Zoomlion, CLAAS, Star AG, Liulin Technology, World Group, AGCO, HakingHandan, ect.

Maschio Gaspardo

Address: Hongdao Economic Zone, Export Processing Zone, Chengyang District, Qingdao City, Shandong Province, 266113

Email: dqin@maschio. cn

Products: no-tillage precision planter, hydraulic flip plow, round baler

Description: Maschio Gaspardo is an international group, leader in the production of agricultural equipment for tillage, seeding/planting, crop protection, landscaping and hay making. The Group produces a wide range of rotary tillers, power harrows, mulchers, precision planters, cereal seed drills, combination cultivator, drills, flail mowers, ploughs, minimum tillage tools, sprayers and balers. The company has 8 production plants, 5 in Italy and 3 in Romania, India and China. Moreover, Maschio Gaspardo has 12 sales branches worldwide. The Group currently employs approximately 2,000 people, held together by the following core values: Strong orientation to productivity and commitment, proactive approach to development and innovation, service and quality check, and strong customer care. The Group's economic growth is based on continuous R&D, performed by a large team

of high skilled engineers, but also through the synergies created with the top leaders of the agricultural sector at an international level. The positive trend has also given a start to productive investments, among which there is the installation of photovoltaic systems over the roofs of the Italian plants. They are a solid company that conceives new solutions, implements and gives life to new technologies, introduces and spreads its knowledge for the development of agriculture.

Meishan Sansan Machinery Co., Ltd.

Address: San Su Town People's Government, Dongpo District, Meishan City, Sichuan Province, 620010

Email: korosolo@163.com

Website: www.scssjx.com

Products: gasoline pumps

Description: Meishan Sansan Machine Co. Limited, a professional pump manufacture in China, has a trusted band with twenties years of history called Sansan Pump. This company, founded in 1995, located in Sansu township, Dongpo district in Meishan, Sichuan---the hometown of Three Sus. Alongside the 106 provincial road, approaching to the Chengdu-Leshan Highway and Chengdu-Kunming Railway, still with a distance of 60 kilometers to the capital city Chengdu and 50 kilometers to the Shuangliu International Airport, it earns the company too much transportation convenience. The company, covering a area of 11,000 square meters, has a total investment for more than 10 million yuan, and obtains the advantages of mature technology, perfect management mechanism, excellent R&D staff, and 118 high-skilled and professional workmen. The company aims at producing not only various standards within 1 to 6 inches, such as water centrifugal pumps, automatic centrifugal pumps for crude oil engines and gasoline engines, self-priming pumps, screw pumps, slush pumps (with cutting equipment), WB automatic centrifugal pumps, high pressure fire pumps, but also motor pulleys and crude oil engine combination wheels. Moreover, the company produces foreign casting and machining in small patch. The company consistently sticks to making progress by technological innovations, developing their enterprise through scientific management.

Address: Hai'an Industrial Park 70-4-2, Hai'an County, Nantong City, Jiangsu Province, 226600

Email: yuancheng@ntjooy.com

Website: www.ntjooy.com

Products: pickup assembly, spring tooth

Description: Nantong Zhuoyue Accurate Fittings Co., Ltd. established in 2002, is a modern trading company, we have our own factory specializing in the research,

design, manufacture, sale and service of spring fittings. The company has fixed assets of 50 million yuan and covers an area of about 15,000 square meters. At present, there are 38 employees, including 8 technical personnel, 12 management personnel and marketing personnel. There are more than 80 sets of production test equipment, including computerized coiling machine, wire forming system, hot coiled spring line, 8 computerized model machine, automatic quenching annealing line, automatic grounding machine and shot peening machine. With the most advanced spring production equipments, we can manufacture different kinds of springs with diameters from 0.1 mm to 80.0 mm. The daily output is about 40 million pieces. The products include compression springs, extension springs, torsion springs, belleville springs, spiral springs, wave springs, disc springs, wire form springs, punching components, stainless steel springs and so on. The spring hardware products are widely used in transportation accessories, agricultural equipments, elevator accessories, sports fitness equipments and other industries. Agricultural machinery parts springs are one of the main products, such as the baler machine spring tooth, hay rake machine spring tooth, rubber spring tooth, harvesting machinery springs, spring tooth hard machinery, etc. In 2007, the company passed the ISO9001:2000.

Ningbo Combine Machinery Co., Ltd.

Address: Room 1428, 598 Jiangnan Road, Yinzhou District, Ningbo City, Zhejiang Province, 315040

Email: buyer1@combineparts.cn

Website: www.combineparts.cn

Products: flail knife, cutter head, agricultural machinery cutter

Ningbo Hedi Machinery Co., Ltd.

Address: No.128 Chenshan West Road, Xiaogang Street, Beilun District, Ningbo City, Zhejiang Province, 315801

Email: purchase11@hedicorp.com

Website: www.hedicorp.com

Products: plow tip, plough, pivot plow

Description: Hedi Machinery specialized in researching, designing and manufacturing different types of wear parts for construction, mining, agriculture, forestry, recycling and tunneling industries more than 16 years, founded in 2004 with production area of 18,500 sqm and employees more than 150 persons to work. The annual exporting turnover over fifteen million us dollars which widely sold to USA, Canada, UK, Spain, Germany, Australia etc.

The main products is agricultural tillage tools such as reversible plough for Lemken, Kverneland, Kuhn etc, subsoiler and carbide tillage tools. Wooden recycling Mulcher teeth, Stump Grinder, hammer mill tips, shredder Construction bucket teeth, cutting edge, buckets, chocky bar, grouser bar Tunneling carbide cutting tools, drilling

bits, auger teeth, holders.

The introduction of foreign advanced robot hardfacing tungsten carbide grits and brazing technology to achieve the wear parts surface hardness 650-700BHN, enhances the wear life to save the energy consumption of equipment and reduces labor costs.

Ningbo Licheng Agricultural Spray Technology Co., Ltd.

Address: 200 Jinsheng No.2 Road, Yuyao City, Ningbo City, Zhejiang Province, 315400

Email: Lichengmuju@163.com

Products: spraying electromechanical dynamic spray control valve, plant protection spray filter system, spray nozzle

Website: <https://lcnypw.en.alibaba.com/>

Description: Ningbo Licheng Agricultural Spray Technology Co., Ltd., formerly known as Yuyao Licheng Mold Factory, has engaged in plastic mold design and manufacture for over 20 years, with a variety of gold processing equipment and injection molding machines, professional design and manufacture of precision plastic mold. Since 2010, the company has developed and produced many kinds of spray system components for spraying machine. Now the company has dozens of varieties such as sprayer nozzle, filter, pipe filter, quantitative spraying control system and other spray machine accessories, and has applied for more than ten items of appearance, structure and invention patents.

Ningbo Master Irrigation Gardening Equipment Co., Ltd.

Address: No. 370, Jiangjiadu Dongjiang, Lizhou Street, Yuyao City, Ningbo City, Zhejiang Province, 315410

Email: sherry@yymaster.com

Website: www.yymaster.com

Products: mcgonagall nozzle, rocker arm nozzle

Description: The company is a manufacturer specializes in producing water-saving irrigation equipments, sprinkler equipments and micro-drip irrigation equipments. Products are made of solid durable engineering plastic, zinc alloy and high quality all-brass material. All products have precise designs and advanced manufacturing processes, with reliable quality and the best price (suitable for China's national conditions). They are used for the irrigation of agricultural land, flowers, landscape, stadium, greenhouse, courtyard, golf course and the industry of temperature decrease, dust removal and so on. We have also introduced overseas advanced water-saving irrigation equipment production technologies. By combining them with current strength, The company has produced a series of water-saving irrigation equipments, spray equipments and micro-drip irrigation equipments. With good quality and best price, our products are welcomed by domestic and foreign customers. The main

products include the cross-atomization sprinklers, drip arrow series, inverted micro sprinklers, ground-insert micro sprinklers, impact sprinklers, pop-up sprinklers, drip irrigation equipments, filters, current regulators, high and low pressure drip-preventing, pressure compensation drippers, fast connectors, quick coupling valves, swing joints, hole punches, ball valves and so on.

Ningbo USJ Transmission Co., Ltd.

Address: No. 128 Yunli Road, Yunlong Town, Yinzhou District, Ningbo City, Zhejiang Province, 315000

Email: 13906625473@163.com

Website: www.usj.com.cn

Products: ball coupling assembly for internal thread, internal tie rod assembly, tie rod assy

Description: Ningbo USJ Transmission Co., Ltd. was established on June 1st, 1990. The company dedicates to designing, developing and producing ball joints, tie rods, tie rod ends, knuckle bearing, stabilized link, connecting rod, control arm, steering knuckle, sub-frame, back shaft, etc. Applications including vehicle manoeuvring, steering and suspension, chassis system for cars, trucks, farm machineries, ATV, industrial equipments, etc. Products are used in universal joints, pull/push, connection, and transmissions.

Ningbo Zhongyi Hydraulic Motor Co., Ltd.

Address: 88 Zhongyi Road, Zhenhai District, Ningbo City, Zhejiang Province, 315200

Email: zxxgoot@163.com

Website: www.zihyd.com

Products: inside curve roller motor, steering gear, gerotor motor

Description: Ningbo Zhongyi Hydraulic Motor Co., Ltd., founded in 1971, is one of the largest enterprises in China, specializing in the production of hydraulic production with an area of 46,000m². The company has 300 employees, with an annual production quantity is 300,000 pcs. The new factory Wuhu Zhongyi Hydraulic Technology was opened in 2011 with 80,000 square meters, mainly manufactured in hydraulic steering control units with an annual capacity of 200,000 pcs. With first-class processing and testing equipment and strict quality control, each Zhongyi product has a full quality guarantee.

Ningbo Hongge Hydraulic Co., Ltd.

Address: 9 Yuanfeng Road, Xikou Industrial Zone, Fenghua District, Ningbo City, Zhejiang Province

Website: www.nbhoge.com

Products: high pressure ball valve

Ningjin Jinhe Machinery Co., Ltd.

Address: West Luo Village, Ningjin County, Dezhou City, Shandong Province, 253400

Email: 1016252348@qq.com

Products: hay cutter, feed granulator, multifunctional grinder

Description: Jinhe Machinery is located in Ningjin, Shandong province, with advantageous geographical location and convenient transportation. It is a company with feed machinery, grass cutting machinery and equipment, and silk rolling machinery and equipment as its main products. The company has professional knowledge and dedicated sales personnel, and has also built up a team of hardworking elites. The production includes a series of granulator equipment, granulator series, feed granulator, hay cutter series, large-scale silage hay cutter, large-scale silage kneading machine, small-sized grass cutter, corn straw chopper, feed grinder series, straw crusher, feed grinder, corn straw crusher, small household grinder, multi-functional grinder, jade rice thresher, universal grinder and other mechanical equipment. Ningjin Jinhe Machinery Co., Ltd. has set up the Machinery Research Institute, which takes scientific research, technology introduction, technical improvement and the combination of production, learning and research as the main goals, aiming at the technical frontier of the industry, and constantly improving the overall scientific and technological innovation ability of the enterprise.

Ningjin Lugong Hydraulic Machinery Factory

Address: Village Industrial Park, Ningjin County, Xingtai City, Hebei Province, 055551

Email: 13931964503@163.com

Website: www.hblugong.com

Products: hydraulic ram

Description: The factory is a professional producer of hydraulic cylinders for large enterprises, mainly produces industrial, agricultural, construction and mining machinery.

Ningjin Mao Yuan Machinery Co., Ltd.

Address: Dacao Town, Ningjin County, Dezhou City, Shandong Province, 253400

Email: 195542389@qq.com

Products: electric fertilizer spreader, rear barrel fertilizer spreader, hand push manure spreader, fertilizer spreader, applicator, seed dressing machine, wheat cleaning machine, weeding machine

Ningjin Pengxu Machinery Parts Factory

Address: South of Ningxin Road, Sizhilian Zhendianhuying Village, Ningjin County, Xingtai City, Hebei Province, 055550

Email: wuweisong1992@163.com

Products: deep loosening machine accessories, cultivator assembly, planter accessories

Description: The factory has Xingqiao trademark, more than ten utility model patents and appearance patents, with supply capacity for main engine accessories of major manufacturers, independent intellectual property rights, stable quality of patented product accessories, high product versatility, as well as flexible and convenient replacement.

Ningjin Yunfeng Tractor Fittings Factory

Address: No.2 Dalu Village, Dalucun Township, Ningjin County, Xingtai City, Hebei Province, 055551

Email: 641543161@qq.com

Products: plough share, hydraulically reversed plough share, dongfanghong series limit lever

Description: The main business covers production and operation of large- and medium-sized tractors, agricultural machinery and equipment assembly components.

Ningjin County Yangfan Machinery Parts Factory

Address: Luzhen Homestead, Ningjin County, Xingtai City, Hebei Province, 55550

Products: spline shaft of returning machine, corn harvester spline shaft, rotary machine

Ningjin Xiangfeng Machinery Co., Ltd.

Address: Economic Development Zone, Ningjin County, Dezhou City, Shandong Province, 253400

Products: field cultivator, garlic planter

Power HF Co., Ltd.

Address: 7879, High-tech Zone, Yingqian Street, Kuiwen District, Weifang City, Shandong Province, 261041

Email: lvlei@powerhf.com

Website: www.powerhf.com

Products: agricultural diesel engine

Description: Power HF Co., Ltd. was founded in 1920. The company was initially known as Weifang Huafeng Machinery Co., Ltd, which was one of the earliest engine manufacturers in China, and was accorded the prestigious title of "No.1 Factory at the North of Yangtze River". With nearly a century's development, Power HF has built up rich corporate heritage, and developed strong R&D and manufacturing capabilities. The company has modern engine generator set assembly line and advanced flexible machining line. The annual production capacity of engine and spares exceeds 120,000 units and 200,000 sets respectively. Power HF has three core business areas: diesel engines, generator sets and engine spare parts. These products are widely used in various sectors such as agricultural equipment, construction machinery,

telecommunications, stationary power, power generation, and marine vessels. The company's principal markets are China and India and its sales and service network extends to more than 40 countries and regions all over the globe. In recent years, Power HF has been keeping pace with the global trend of "environmental protection, resource conservation and less emission" by focusing on the reduction of fuel consumption and emissions. Meanwhile, the company is also committed to the research and development of new energy and alternative energy engines, as well as hybrid generator sets. Currently, some of these new-generation products have been introduced into the market and are well received by customers.

Address: Jiaxing Road, Shibei District, Qingdao City, Shandong Province, 266200

Email: 409056663@qq.com

Website: <http://www.gofeemotor.com>

Products: die casting aluminium fan blade blower, poultry house nylon fan blade blower, high negative pressure fan

Description: Qingdao Gofee Motor Co., Ltd. was founded in 2008. At the beginning of its establishment, it was committed to research and development, production, sales, and environmental control equipment for livestock and poultry houses, providing high-tech, cost-effective environmental control products and environmental control solutions for domestic and foreign breeding industry users. In order to provide customers with better services, the company begins to initiate the pig farm EPC project and provides customers with a complete set of pig farm equipment and solutions.

Qingdao Hishing Smart Equipment Co., Ltd.

Address: No.17 Longquan He Road, Haixing Intelligent Industrial Park, Automobile Industry New City, Jimo City, Qingdao City, Shandong Province, 266217

Email: yangtao@hishing.com

Website: www.hishing.com

Products: intelligent pneumatic feeding system, intelligent rotary drum microfilter, intelligent aquaculture tail water treatment microfilter

Description: Qingdao Hishing Smart Equipment Co., Ltd. is located in Hishing Smart Industrial Park, Jimo city, Qingdao. Founded in 2007, it covers 13,667 m², with mechanical workshop, automation workshop, office building, dormitories and canteens. The 160 personnel include more than 20 mechanical design, electrical automation and software engineers. Hishing is a high-tech enterprise specializing in the R&D, manufacture, sales, and installation service for the industrial eco-recirculating water aquaculture system, sea cages farming system equipment, aquaculture wastewater treatment system, IPA pond circulating water aquaculture equipment, intelligent aquaculture management system and "internet of things". Hishing has good technical cooperation with top research institutes in China, such as IOCAS, YSFRI, ECSFRI, CAFS,

Dalian Hohai University, Ningbo University, Shandong University, Ocean University of China, Qingdao University of Science and Technology, etc. Hishing can obtain the guidance of experts and professors in time, and grasp the latest scientific and technological development in the aquaculture industry at the earliest time. Hishing is one of the first company in China to engage in the research, development, application and transformation of industrial-eco RAS, with rapidly transforming scientific research results into productivity to provide customers with high-quality, high-tech, high reliability and high performance-price ratio RAS. Hishing has passed the certification of ISO9001: 2015 quality management system, ISO14001: 2015 environmental management system, OHSAS18001: 2007 occupational health and safety management system, and GB/T23001-2017 integrated management system certification. The company implements strict and perfect quality management, which strictly controls the quality from parts entering the factory, to process inspection and factory inspection. With the special quality-improvement team, the company implements quality traceability, analysis, rectification, and the establishment of product quality minefield files and other management measures to continuously improve the product quality. The products have been widely and unanimously praised by a large number of famous Chinese aquaculture enterprises, scientific research institutes and colleges. Hishing is the executive director unit of China Fisheries Association, vice director unit of special aquatic engineering branch of China Agricultural Engineering Society, and director unit of salmon branch of China Aquatic Products Circulation and Processing Association. The company has won titles including high-tech enterprises, Qingdao small and medium-sized enterprises special new products, top 20 Qingdao High-tech Growth in 2019, enterprise credit rating AAA credit enterprises, Gold Award of the Second China International Modern Fisheries and Fishery Science and Technology Expo, Gold Award of The First China International Intelligent Fishery Expo and The Third China International Modern Fisheries and Fishery Science and Technology Expo, and the most influential brand. It has also won many awards which include the most trusted brand of Chinese shrimp breeders in 2019, the most popular equipment supplier, the 2019 intelligent fishery quality product award, the fishery intelligent contribution award, the best product quality award of China international marine ranching conference, and the aquatic industrialization contribution award of industrial aquaculture and equipment industry technology innovation strategic alliance.

Address: 8 South Guangzhou Road, Economic Development Zone, Pingdu City, Qingdao City, Shandong Province, 266700

Email: 1323068352@qq.com

Website: www.qdjrx.cn

Products: turning over hydraulic grid plough

Description: Qingdao Jirunxiang Mechanics Co., Ltd. is located in the beautiful coastal city of Qingdao, specializing in the production of all kinds of farm machinery accessories. The main products are various kinds of parts for domestic and foreign brand big ploughs, kinds of points, mouldboard, plough legs, harrow disc of various sizes and other accessories. After nearly 20 years of development, the company has established a complete and scientific production management and quality management system. Our integrity, strength and product quality are recognized by the industry.

Qingdao Juyuan Rubber Product Co., Ltd.

Address: 2506, Jiaonan Street Office, Huangdao District, Qingdao City, Shandong Province, 266400

Email: edward@qdjyuan.cn

Website: www.qdjyuan.cn

Products: solid tyre, solid non-inflatable farm tyre

Description: Qingdao Juyuan Rubber Products Co., Ltd. is a professional manufacturer of non-pneumatic tires. The main products are PU foam wheel, half core tire, rubber powder wheel and other non pneumatic solid tire, and PU foam wheel combination. The company is located in

Jiaonan, Qingdao. It is adjacent to Qingdao Economic and Technological Development Zone, Xuejiadao tourist resort and Langyatai tourist attraction. It is adjacent to National Highway 204. It is 40 kilometers away from Qingdao Liuting Airport, 20 kilometers away from Qingdao port, Jiaohuang and Jiqing railways, Qinghuang Expressway and Jiqing Expressway. It is a sea, land and air three-dimensional intersection, where transportation is very convenient. The company attaches great importance to the supervision of product quality; "making high-quality tires and creating a quality rubber and plastic brand" is our quality policy. Based on continuous improvement of product performance, it has passed ISO9001 quality certification and ROHS environmental protection certification. The company has an advanced production equipment assembly line and professional technical personnel, which can not only ensure the timely delivery of large quantities of orders, but is also able to produce for small batches of customers. The company's products are exported to dozens of countries and regions, favored by customers at home and abroad.

Qingdao Kangliyongfeng Machinery Co., Ltd.

Address: Taishan No.3 Road, Jimo City, Qingdao City, Shandong Province, 266200

Email: 344958118@qq.com

Products: grinder, feed grinder, universal pulverizer

Description: FFC gear-claw series disk mills produced by our company are multi-purpose disk mills, which includes chaff cutter and chopping fodder disk mill with the models of FFC-700, FFC-600, FFC-500, FFC-45A, FFC-37, FFC-360, FFC-320, FFC-26, FFC-22, FFC-19, FFC-16, FFC-15, 9FQ-40-20, 9FQ-50-40 9FQ50-60 DA, etc. The series disk mills are highly similar in structure except for the difference in specification, so as to meet different users' requirements. The products with three materials including stainless steel, cast steel and cast iron are developed. Each model has automatic feeder, suction ventilator, unloader and stirring device, which greatly reduces the operator's labour intensity. This is the perfect machine for milling corn, soybean, sorghum, dried sweet potato, bean cake, other coarse cereals and fodder. The raw material can be fully milled without residue at one time.

Qingdao Little Gold Biotechnology Co., Ltd.

Address: 336 Yinhe Road, Xiazhuang Street, Chengyang District, Qingdao City, Shandong Province, 266107

Email: qdjsy@vip.qq.com

Website: www.yidianjin.net

Products: rice mill, color separator

Description: Qingdao Little Gold Biotechnology Limited Company is a company with rich internet experience, with scientific knowledge on how to make free rice grow healthier, and is committed to multifunction dust-free rice processing equipment development and sales. The company is now the leading company of the South Korean bright rice mechanism "Shuihua Industrial Society" in

China, mainly responsible for LEEHWA gold brand marketing in China and sales network construction. The company stick to the "a bit of gold to let live/fresh rice into the company" vision, and is committed to providing efficient and stable non-dust fresh rice processing equipment. Our products now cover rice shops, business, market, mobile processing, scientific research and other fields.

Qingdao Main-Link Cleaning Equipment Co., Ltd.

Address: Room 402, Unit 1, Building 6, 168 Shenzhen Road, Laoshan District, Qingdao City, Shandong Province, 266200

Email: info@main-link.com.cn

Website: <http://www.main-link.com.cn>

Products: polyester fertilizer tank truck, hose fertilizer, solid liquid separator

Description: Qingdao Main-Link Cleaning Equipment Co., Ltd. is a professional equipment manufacturer, dedicated to research, production, sales and service. According to the breeding and food factory's environment, and based on advanced cleaning technology, we developed many kinds of cleaning equipment, including Centralized High Pressure Washer System, Equipment for Truck Wash and Disinfection, Foam Disinfective Equipment, Cold-hot Water High Pressure Washer, etc. Main-Link is also a ISO certificated and OHSAS18001 certificated company, and the governing unit of ICAC. Since 2008, the company has cooperated with SUTTNER, the leader in cleaning industry in German, and shared the technology and production experience. The core parts used are from famous brands like Interpump, ABB and Siemens, according to national standards. Depending on the advantages of safe and reliable quality, reasonable design, complete varieties, intelligence and high effectiveness. Qingdao Main-Link Cleaning has established business relationship with many famous companies in China, including Guangdong Wen's Foodstuffs Group, New Hope Group, Zhengbang Group, Twins Group, CP Group, Bright Food Group, Muyuan Group, West Hope Group, Jiahe Agricultural Stockbreeding and Yangxiang Stock. After years of development, we have grown to be a key leading enterprise in cleaning field.

Products: self-propelled boom sprayer; seedling transporter, combined sprayer and fertilizing machine

Quanzhou Deyuan Bearing Industrial Co., Ltd.

Address: No. 1, Xipu Industrial Zone, Heshi Town, Luojiang District, Quanzhou City, Fujian Province, 362013

Website: <https://www.ldk-bearings.com/>

Products: bearings

Description: LDK Deyuan Bearing Factory is located in the developed economic zone of southeast China that enjoys superior geographical position and easy shipment access by sea and air. The products are widely used for the agriculture, textile, mining, food & beverage, pharmaceutical, chemical processing, printing, dyeing, airport, aviation, air-conditioning and various kinds of conveying and rolling devices. A domestic network of distributors, and distribution center exists throughout China, the products are exported worldwide; LDK enjoys good reputation for its good quality. In 2011, the company has brought in fully automatic casting production line, automatic bearing assembly line and developed automatic processing machinery for housing with its own intellectual property rights (patent pending). With bore grinding machinery coming into force, the dimensional accuracy, roundness and roughness of the inner diameter of the bearing housing are improved significantly; therefore lead the product precision grade to the same level of the top brands. Through years' effort, the company has successfully become a High & New Tech enterprise from a labor-intensive enterprise and achieve requirement of "low carbon omission and environment friendly".

Quanzhou Fengze Xinghua Hardware Co., Ltd.

Address: Beifeng Industrial Zone, Fengze District, Quanzhou City, Fujian Province, 362000

Email: LEJINWEN76@163.com

Website: <http://www.fjxh-china.com>

Products: steel plate bearing housing, steel plate adjustable bearing housing, steel plate dust cover

Description: Quanzhou Fengze Xinghua Hardware Co., Ltd., founded in 2001, is a private enterprise specializing in the production of steel plate stamping, bearing seat series products and auto parts. After years of development, the company has the whole process operation ability from product development to production and service.

Quanzhou Shuangta Automobile Parts Co., Ltd.

Address: Rongshun Building, Nan'an, Quanzhou City, Fujian Province, 362300

Email: xuzhenpeng@shuangta.com.cn

Website: www.shuangta.com.cn

Products: driving wheel in the roller

Description: Quanzhou Shuangta Automobile Parts Co.,

Ltd. was founded in 1983. The company produces tensile drawing spare parts and welding parts for automobile and motorcycle which is a professional design, R&D, and production agent in China. It mainly engages in producing automobile and motorcycle mating parts for vehicle groups at home and abroad. Since 2003, Shuangta has extended its business in auto sales and maintenance, with Quanzhou Transit Auto Sales and Service Company JMC 4S Shop and Quanzhou Kaishun Auto Sales and Service Company Ford Transit 4S Shop established in succession. In 2007, the company invested totally 80 million yuan in expanding our factory section which locates in Bingjiang Mechanical Equipment Base in Nan'an city, Fujian province and which has been put into use since May 2009. The company occupies an area of 45,000 square meters including 55,000 square meters of construction area, and now has 100T, 2100T types of hydraulic press machines, 40T, 630T types of punching machines, compact tools and mould processing equipment and machinery processing equipment, altogether 300 machines. Now the company can independently develop new moulds and form the massive production capability and management system with an annual output valued more than 324 million yuan. We have 600 employees including 45 intermediate and senior engineering technicians. It is an automobile motorcycle main engine factory fixed-point business enterprise. The products consist of automobile engine oil pan, cylinder cover, thermal insulation cover, oil dipstick, cooling pipe assembly, automobile bumper assembly, motorcycle stamping fender, construction vehicles wheel and some other spare parts of automobile, motorcycle and construction vehicles. The enterprise has gained reputation for its stability, quality, reasonable price and good service; it also has a good reputation within the industry.

Qiqihar Chain Transmission Co., Ltd.

Address: 3 Delong Road, Longsha District, Qiqihar City, Heilongjiang Province, 161005

Description: Sanmen Suncare Rubber-belt Co., Ltd., founded in 1989, is a professional manufacturer of high-quality agri belts, ribbed belts, and seeder wheels. Suncare seeder wheels were born as a concept more than five years ago to address a glaring problem facing OEM agricultural machinery manufacturers on how to get individualized product from knowledgeable suppliers, who will maintain high standards for quality, reliability and service. Suncare provides the following service: • Providing specialized production and delivery of products that is tailored to precisely meet customers' requirement. • Offering adequate capacity, advance planning, and overtime work as needed to fulfill clients' orders with the least possible time.

Seastar International Enterprise Limited

Address: Room 602, Jiuzhou Building, 36 Middle Renmin

Road, Tinghu District, Yancheng City, Jiangsu Province, 224000

Email: huangxin hao@china-seastarco.com

Website: www.china-seastarco.com

Products: tyre

Description: Seastar International Enterprise Limited is one of the professional agricultural implement tyres manufacturers in China. Seastar also provides assembly service for tyres with rim. Seastar's factory is located in Yancheng city, Jiangsu province, which is between Shanghai and Qingdao city. Seastar focuses on researching and producing agricultural tyres, including implement tyre, flotation tyre, forestry tyre, skidsteer tyre, forklift tyre, etc. The company has a total of more than 180 specs and 400 varieties, and the new specifications of tyre would be added each year. Seastar has invested in the most advanced production and testing equipments, combined with excellent management team, advanced tyre producing technology and unique technology innovation. Seastar's factory passed the authorization of ISO9001: 2008 Quality System, and Seastar tyres have reached the standard for the European market. Seastar products are exported to more than 20 regions all over the world, such as North America, Europe, Australia, South America, North Africa, Southeast Asia, etc.

Shaanxi Hang Feng New Material Co., Ltd.

Address: West Tianxiong Road, Fengxi New City, Qindu District, Xianyang City, Shaanxi Province, 712000

Email: asddy0214@hotmail.com

Products: wet paper-based friction sheet

Description: Shaanxi Hang Feng New Material Co., Ltd., located at the national-level central city, the Fengxi New City of Xixian New Area, in Xiangyang city, Shaanxi province, is supported by the state-owned Shaanxi Investment Group Co., Ltd. and invested and cofounded by the Shaanxi Aviation Industry Development Group and Northwestern Polytechnical University. The company relies on the powerful research background and twenty years' technical research achievements of Northwestern Polytechnical University, and converts its technical strengths into product advantages, with its products' wide application in areas such as vehicle automatic transmission, brake band, synchronizer cone ring, hydraulic transmission for engineering machinery, as well as wet brake and clutch for high class motorcycle. It aims to realize the localization of the high-performance carbonfiber enhanced paper-base friction material products and goes international step by step. The company owns a team of experts who are masters in academics, have solid technical strengths and are well-experienced in product quality management. The company has already applied for national invention patents for 11 of its technologies, all of which have proprietary intellectual property rights, and the company has been rewarded the first prize winner of the 2014 Technological Invention Reward.

Shandong Baili Machinery Co., Ltd.

Address: Dongshibu Community Industrial Park, High-tech Zone, Luozhuang District, Linyi City, Shandong Province, 276015

Email: 543028596@qq.com

Website: www.bailijixie.com

Products: fruit tree medicine dispenser

Description: Shandong Baili Machinery Co., Ltd., founded in 2015, is a high-tech enterprise focusing on the R&D, production and service of fruit application machinery. The company is located in the logistics capital Linyi, Shandong, China. Shandong Baili Machinery Co., Ltd. mainly produces self-propelled air sprayer series, ride air sprayer series, suspended air sprayer series, vehicle mounted air sprayer series, and hand push power sprayer series. The company always adheres to the credibility for development, and the business purposes of quality and survival. In the spirit of pragmatic attitude, professional spirit, strong technology, committed to the research and development of new products.

Shandong Bosheng Power Technology Co., Ltd.

Address: 41 Longhu Road, High-tech Zone, Luo Zhuang District, Linyi City, Shandong Province, 276017

Email: 363651777@qq.com

Website: www.sdbosheng.cn

Products: knapsack spray duster

Description: Shandong Bosheng Power Technology Co., Ltd. is located in Hi-Tech Development Zone, Linyi city, Shandong province, China. Bosheng specializes in researching and producing plant protection machinery such as small gasoline engines, knapsack power mistdusters, brush cutters and other garden machinery and irrigation machinery, 130 series in all. Now products are sold to all parts of the country, and thirty more overseas countries and areas including Europe, Americas, Africa, Asia and so on. Bosheng covers an area of 40,000 square meters and has building area of 30,000 square meters. With 360 employees and 56 technical staff, the company's overall production ability can reach 500,000 pcs per year. In recent years, Bosheng has built technical centers with complete function and new products research centers equipped with 12 modern professional production lines successively and has introduced high-precision processing facilities and test equipments from Japan, Germany and other developed countries. So far, the technological equipment, and product testing and controlling measures Bosheng own has been up to the advanced level. Besides, the company has obtained ten patent certificates. Bosheng owns national industrial production licence, and passed ISO9001, International Quality Certification System in 2008, National Mandatory 3C Certification, CE Certification and EMC Certification. "BOSHENG" power mistduster series are listed as promoted products and purchasing subsidy products of agricultural machinery by Ministry of Agriculture and Rural Affairs of the People's Republic of China and have been regarded as farmers' satisfying products of Shandong power mistduster series for two

years. The company is a member of China Agriculture Machinery Dealers Association, and the products have reached standard of China Products Quality Supervision Bureau for five years. Over the years, Bosheng has focused on brand strategy, strengthened accurate management in the process of production, and implemented ISO9001 standard through every step in the production and management.

Shandong Denong Agricultural Machinery Manufacturing Co., Ltd.

Address: Yinhe Development Zone, Ningjin County, Dezhou City, Shandong Province, 253400

Email: 3542382251@qq.com

Website: www.dnnyjx.cn

Products: hanging type green forage harvester, deep loosening joint operation machine, traction type air suction type corn no-till planter

Description: Shandong Denong Agricultural Machinery Manufacturing Co., Ltd. is located in Yinhe Development Zone, the plains of Luxibei, Ningjin county, where the geographical position is advantageous, and the transportation is convenient. It is the integration of agricultural machinery products research and development, manufacture and sales. The company has 20 years of experience in mechanical processing, covers an area of 120 acres, with existing staff of more than 600 people, including 5 senior engineers; professional and technical personnel account for 70% of the total, and various management staff account for 10%. In addition, it has fixed assets of 60 million yuan, eight production assembly lines, and more than 350 sets of equipment, with an annual production capacity of 100,000 sets, and a complete quality management system. The company has always pursued the business philosophy of "quality for development, credibility for survival", relying on strict quality management, high standards of quality and good after sales service, and has won the majority of customers' trust and praise. The company has formed many varieties and series production pattern. Our leading products include self-propelled spray boom sprayer, grain drill, corn seeder, micro tillage machine, maize peeling machine, corn thresher, plant protection machinery, grain dryers, combined soil preparation machine, seedbed soil preparation machine, etc. and other various kinds of agricultural machinery.

Shandong Dingchang Intelligent Technology Co, Ltd.

Address: Weifang City, Shandong Province, 261000

Email: 792526881@qq.com

Website: <http://wfdc.b2b.huangye88.com/>

Products: plastic blister agricultural machinery interior trim, plastic roller, plastic agricultural machinery ceiling, plastic rolling, plastic oil tank

Description: Shandong Dingchang Intelligent Technology

Co, Ltd, founded in 2008, has a registered capital of CNY10 million. It is a hi-tech enterprise integrating R&D, production and sales. The company has more than 20 sets of large-scale processing center, mold manufacturing equipment, and international testing equipment.

Shandong Dongqi Agricultural Equipment Co., Ltd.

Address: 55 Haihe Road, Laiyang City, Yantai City, Shandong Province, 265200

Email: scb@enfly.cn

Website: www.ytdongqi.cn

Products: roller tractor

Description: Shandong Dongqi Agricultural Equipment Co., Ltd. is the sole producer of large and medium-sized tractor in Jiaodong area and the key enterprise of Yantai city. The company is located in the Economic Development Zone of Laiyang city, the famous "pear city", adjacent to Lancun-Yantai Railway andwith Yantai-Qingdao Firstgrade Highway passing by. It has a floor area of 80,000 square meters, a building area of 50,000 square meters, and more than 660 staff including 142 engineering technicians and 22 senior engineers. At present, the company mainly produces "Yingfulai" large and medium-sized tractors of 40 to 260 horsepower and matching products and has an annual productivity of 20,000 sets. Products of the company are sold all around the country and are exported to Australia, India, Nepal, Thailand, Burma, the Philippines, Laos, Iran, United Arab Emirates, Saudi Arabia, Azerbaijan, Kazakhstan, etc. By always prioritizing users' demands, the company absorbs advanced experience from mature domestic machine types and introduces the latest advanced technology from abroad to continuously improve and perfect products in combination with the condition of China so as to better meet different operation requirements of a wide range of users. The company sticks to promoting the enterprise through technology. Besides improving technical content of the products, the company strengthens quality management and perfects various detection measures so that the quality standard of the company is accordance with the international standard.

Address: Shandong Enbao Biotechnology Co., Ltd, Laixi City, Qingdao City, Shandong Province, 266600

Email: 345595461@qq.com

Website: www.sdenbao.com

Products: compound fertilizer

Description: Shandong Enbao Biotechnology Co., Ltd. is located in the beautiful coastal city of Laixi, Qingdao, China. With alginate as the core, the company is committed to the R&D and production of new environmental protection and ecological functional fertilizers, including alginate compound fertilizer, alginate slow and controlled release fertilizer, alginate organic fertilizer, alginate foliar

fertilizer, etc. The company provides comprehensive service of fertilization technology. In the field of alginate technology research and development and new fertilizer research and development, the company has taken the lead in drafting "alginate fertilizer industry standard" and "alginate urea industry standard" and has successively undertaken the national "12th Five-Year Plan" and "13th Five-Year Plan" new fertilizer major scientific and technological projects, and also the construction project of "National Alginate Public Technology Service Platform". It is a new fertilizer achievement transformation base of the National Academy of Agricultural Sciences and a demonstration base of the "National 863 Science and Technology Plan".

Shandong Gaomi Dahua Rubber Product Co., Ltd.

Address: Gaomi Economic Development Zone, Gaomi City, Weifang City, Shandong Province, 261500

Email: 1060864566@qq.com

Website:

Products: flip plow

Description: The company is located in, Gaomi City, near Qingdao, Yantai and other open cities and ports, where there is excellent environment, and convenient transportation. It is a company integrating design, production and sales of professional agricultural tires. The company's products have herring-bone tread pattern, a guide pattern, and engineering patterns that can be used in paddy field tires, tractors, agricultural tricycle, micro tillage machine, forklift trucks, forklifts, excavators, construction vehicles and other machinery.

Shandong Gaotang Xinhang Machinery Co., Ltd.

Address: East Renhe Road, Renhe Industrial Park, Gaotang County, Liaocheng City, Shandong Province, 252800

Email: 420224860@qq.com

Website: www.gt xinhang.com

Products: orchard ditching machine, furrow fertilization and soil covering machine, chain trencher

Description: Shandong Gaotang Xinhang Machinery Co., Ltd. is a professional manufacturer of ditching machines and fertilizer machines. The products are widely used for laying water pipes or cables with rectangular grooves in farmland, planting yam and fertilizing orchards.

Shandong Green Soil Eco-Agricultural Development Co., Ltd.

Address: 15 East Guangming Road, Gaotang County, Liaocheng City, Shandong Province, 252800

Email: zuomin2005@126.com

Website: www.lv yinjixie.cn

Products: round straw baling baler, straw kneading and dust removal square straw baling machine, square straw baling machine

Description: Shandong Green Soil Eco-Agricultural Development Co., Ltd. was established in 2016. Its main focus is on the important links of the comprehensive utilization of straw pulping and papermaking. On the one hand, it produces straw bundler, corn harvester and straw baler picker; on the other hand, it produces pulping and papermaking equipment, including straw shredder, and straw harvester of pulping and papermaking, vacuum pulp washer, twin roll pulp extruder, toilet paper machine and pressure vessels, etc. In addition, it provides processing and manufacturing services for various unshaped riveting and mechanical processing products. The company has always attached great importance to technological innovation and transformation, and has formed a set of effective production and processing equipment technology development system. The company has passed the ISO 9001 international quality system certification, and the agricultural machinery it produces has won the certificate of Agricultural Machinery Extension appraisal of the Ministry of Agriculture and Rural Affairs, and the qualification of ministerial subsidy. It has obtained the design and manufacture license of special equipment pressure vessel of the People's Republic of China in pulp and paper making equipment, and has many national patents. Among them, there is "a kind of application for preparing raw materials of grass pulp", and "hammer crusher" won the national utility model patent, with patent No. ZL 2007 2 0195 585.2; "cylinder screen in the screening process of grassland material preparation" won the national utility model patent, with patent No. ZL 2007 2 0195 586.7. The company has comprehensive mechanical processing, riveting, assembly and inspection capabilities. It has complete mechanical equipment, wide processing range, high processing accuracy, as well as accurate, reliable and durable inspection equipment, and high testing efficiency. The main equipment includes various types of lathes, grinders, drills, boring and milling machines, wire cutting, winding machine, shearing machine, bending machine, pipe bending machine, leveling machine, shot blasting machine, dynamic balancing machine, woodworking multi-purpose machine, rational laboratory and non-destructive testing room. It can process all kinds of metal and non-metal materials, undertake the welding of large structural parts and the manufacture of D1/D2 pressure vessels, as well as the manufacture and packaging of export shipping packing boxes. As an emerging enterprise, the company continuously optimizes and implements the strategic plan for enterprise development, improves the modern enterprise system, speeds up the pace of equipment transformation and technology introduction, strengthens cooperation with R&D institutions and advanced manufacturers at home and abroad, actively expands foreign markets and participates in the international competition.

Products: single cylinder diesel engine

Description: Shandong Hengwang Group Ltd. was established in 2003, with a registered capital of 300 million yuan, is a professional enterprise engaged in single cylinder diesel engine R&D and production. In 2015, the enterprise made efforts to put into operation the electric tricycles and electric four-wheel cars. During the ten years of development, the company has always adhered to the "innovation, quality, service, saving, dedicated, thanksgiving" 6-word concept. The company constantly

sbsorbs new ideas, maintain strict quality control, and a full range of service tracking in order to make high-quality products. We hold on to the five-word spirit of "pursuit, staff, technology, spirit, interests". Now the company has a group of elite management personnel and a high-quality professional and technical team, comfortable and elegant office environment and has more than 60 acres of new modern standard factory.

Shandong Hengzhe Steel Pipe Co., Ltd.

Address: Baililai Technology Industrial Park, Dongchangfu District, Liaocheng City, Shandong Province, 252000

Email: 1069296963@qq.com

Products: precision shaped tube, deformed steel pipe, precision pipe. farm machinery fittings pipe custom all kinds of specifications of the special steel pipe

Description: Shandong Hengzhe Steel Pipe Co., Ltd. focuses on the production of various specifications of special-shaped steel pipe, precision seamless steel pipe, outer circle inner hexagon pipe, outer circle inner square pipe, outer circle internal spline pipe, inner and outer hexagon pipe, and supports processing and customization according to drawings.

Shandong Heze Huaxing Fuel Injection Equipment Co., Ltd.

Address: The middle section of Guangzhou Road, Heze Development Zone, Mudan District, Heze City, Shandong Province, 274016

Email: huaxing2006@sohu.com

Website: www.hzdiesel.com.cn

Products: spare parts for injection pump, fuel injector, common rail

Description: Shandong Heze Huaxing Fuel Injection Equipment Co., Ltd. is located in the famous hometown of peony - Shandong Heze Development Zone. Beijing-Kowloon Railway, Ri-Dong Highway, Ri-Nan Highway, Ji-Guang Highway, National Highway 220, and National Highway 327 goes through the city, so the transportation is convenient. The company is a manufacturer specializing in the research, production, sales and service of gasoline and diesel engine fuel injection device. Since its establishment, hte company is committed to research and production of all kinds of fuel injection system. The company has 1600 employees with 495 professional technical engineers. It covers an area of 123,000 square meters, with building area of 53,000 square meters. Besides, it has total assets of 300 million yuan and is national fixed-point export production base. It also is a large taxpayer, industrial enterprise and machinery industry leading enterprise of Heze city. The company mainly produces gasoline and diesel engine accessory for automobile, agriculture machinery, ships and engineering industry. The main products consist of S series, P series fuel injector assembly and injector nozzle matching parts, Q type, AD type, P type and EUP fuel injection pump assembly and plunger, delivery valve matching parts, high pressure common rail fuel injection

system and thousands of varieties of GDI. The company has passed the certification of "TS16949 Quality Management System" and got independent import and export right. It was rated as high-tech enterprise by Shandong province. The registered brand "HEZHONG" of the company has become the main product brand among "Shandong Famous Brands" and the injector nozzle matching parts and assembly are entitled as "Shandong Famous Products". The company has been rated as "advanced enterprise of observing contracts and keeping promise" and "excellent strategic cooperation suppliers" for 18 years in a row. More, it is also rated as bank credit rating Grade "AA" enterprise, and Grade A tax enterprise.

Products: tine, blade guard, harvester blade

Description: Shandong Liangshan Hengtong Machinery Manufacturing Co., Ltd. was built in 2000, and located at the foot of Mount Liang that is well-known at home and abroad. It is at the east of Beijing-Shanghai Expressway, west of Beijing-Kowloon Express and the National Highway 220, which provides great convenience to communication and transportation. The company holds fixed assets of CNY 36,000,000, possesses 160 sets of various equipment and has 260 employees among whom there are 66 engineers and technicians. It has strong capability in product design and development. Its main products include: varieties of combine harvester mower blade, forged knife guard hay loader tine, forged cylinder, conveyor bar for transmission chains, cutter and cutter bar, as well as wobble box. All of them are supplied to many domestic customers, and they are exported to Europe, Southeast Asia, South America, etc.

Shandong Liming Machinery Co., Ltd.

Address: Huagou Village, Daotuo Town (north of town government), Yishui County, Linyi City, Shandong Province, 276410

Email: 304829702@qq.com

Products: hydraulic oil cylinder, steering cylinder

Description: Shandong Liming Machinery Co., Ltd. is a manufacturing enterprise, which focuses on researching and producing various types of hydraulic cylinder, hydraulic DCV and hydraulic gear pump for agricultural machinery. Founded in 1986, the company covers a total area of 39,300 square meters and a production area of 28,000 square meters, with more than 200 staff. The company has fixed assets of CNY 30 million, with annual output value of more than CNY 80 million. The company produces various

types of hydraulic cylinder, hydraulic DCV and hydraulic gear pump, supporting corn machine, combine harvester, tractors and other agricultural machinery. With strong comprehensive matching ability and service capabilities, the company's hydraulic cylinder has taken up more than 60% of domestic market share. After many years of efforts, the hydraulic DCV and hydraulic gear pump have also gradually levelled with the scale-matching ability in major agricultural machinery manufacturers, and have achieved excellent market performance and good reputation. With excellent product quality, the company has set up good cooperation relationships with LOVOL, Zoomlion, Agco, Claas Jinyee, Sinohar, Yongmeng, Mushen, Fugesen Machinery, and BOYOMAC, and has been rated as "outstanding supplier" for many years. The company has strong technical strength, advanced production equipment, and testing equipment, and has passed the ISO9001: 2000.

Shandong Maria Machinery Co., Ltd.

Address: Kangqiao Village, Wangpi Town, Jinxiang County, Jining City, Shandong Province, 272203

Email: sdmariasyf@163.com

Website: www.mariamachine.com

Products: rotary tiller precision garlic planter, garlic seed splitting/sorting machine, garlic harvester

Description: Shandong Maria Machinery Co., Ltd., located in Jinxiang county, Jining city, Shandong province, is a professional producer engaged in garlic machinery

research and development, manufacture, sales and service, as one of the agricultural machinery manufacturing enterprises. The company currently has 1 researcher, 6 senior engineers, and 15 engineers. The company, covering the whole chain of garlic machinery and equipment, with research & development and production, strives to achieve entire mechanization of the garlic industry. The company mainly produces garlic planter, garlic harvester, garlic seeds splitter and sorter, garlic sorter, garlic production line, garlic processing machine and other series of products. Since 2012, the company has developed garlic planter and garlic harvester, which has independent R&D and design basis in garlic mining, garlic holding and transportation. There are three garlic harvesters that have been successfully tested, and brought to market in 2014, 2015, and 2016 for three consecutive years. The company has 26 patents, and is expected to declare more than 200 patents. All products of the company have their own intellectual property rights, and the main products have passed Jinan quality testing in the agricultural machinery product quality testing center of the machinery industry. Domestic products are sold mainly in Shandong, Henan, Jiangsu, Gansu, Yunnan and other places, taking up more than 90% market share of garlic sorter, garlic seeder and splitter. The products are exported to Peru, Spain, Japan, United States, India, The Philippines, Thailand, Malaysia, Russia, Australia and other countries, and are highly recognized by domestic and foreign customers. The company's products were reported by the CCTV "I Love to Invent" column, Shandong province "Village Monsoon" column and other media platforms. In October 2014, Shandong Maria Machinery Co., Ltd. signed a strategic cooperation agreement with Spain ZOCAPiA company that has 60 years of history and that has the world's leading technology to produce garlic machinery. The company has successfully introduced foreign advanced garlic machinery technology into the domestic market. In November 2016, Shandong Maria Machinery Co., Ltd. and Henan University of Science and Technology signed garlic machinery production and research cooperation agreement. In December 2016, the company and the Shandong Provincial Agricultural Machinery Research Institute signed a scientific research results conversion agreement.

Shandong Miao Wang Water-saving Irrigation Equipment Co., Ltd.

Address: Laiwu District, Jinan City, Shandong Province, 271110

Email: 1136564419@qq.com

Website: <http://www.sdlwmw.com/>

Products: water fertilizer integrated machine, drip irrigation pipe, automatic backwashing sand and gravel laminated filter

Description: Miao Wang Water-saving Irrigation Equipment Co., Ltd. is a comprehensive enterprise integrating the research, development, production, design and installation of integrated irrigation equipment and fertilizer, drip irrigation, spray irrigation, micro-sprinkler irrigation and other products. Its main products include

drip irrigation pipe, drip irrigation belt, filter, fertilizer applicator, integrated automatic machine irrigation and fertilizer, and various PE/PVC pipe fittings. The company's products have met the national standards, with field indicators, radio frequency engineering and crop monitoring management to provide advanced and persistent package service. At the same time, the company is also engaged in irrigation equipment sales, engineering contracting, and irrigation system design, technical advice, technical training and other services. The business scope involves agriculture, landscape, afforestation, environmental engineering and other fields, and the company can provide overall solutions of the irrigation system for users. Combined with many years of practical engineering experience, it can also provide customers with a variety of products and technical services. The company is willing to provide advanced technology, quality products, satisfactory service, and is looking forward to sincere cooperation with the customers.

Shandong Nongyuan Water Saving Irrigation Equipment Co., Ltd.

Address: Jinluo Industrial Park, Lanshan District, Linyi City, Shandong Province, 276000

Email: 1763178262@qq.com

Website: www.pvcplastichose.com

Products: spray hose, layflat hose, agricultural water belt

Description: Shandong Nongyuan Water Saving Irrigation Equipment Co., Ltd. is located in the famous logistics capital of Linyi, Shandong province. It mainly deals with agricultural watersaving irrigation products and garden irrigation tools. At present, the company's products mainly include: sprinkler irrigation system, drip irrigation system, highstrength composite hose, garden irrigation tools and accessories. The products are widely used in agricultural watersaving irrigation, horticultural landscape, municipal greenery, greenhouses and cooling and dust removal. The company has strong technical force, high-end R&D talents and professionals, advanced production equipment and production processes, professional engineers, technicians, and a strong after sales service team. The company has invested in modern advanced equipment, assembly line operation, and complete product specifications. Moreover, the products can be designed and produced according to customer requirements. In the field of agricultural water belts, it has great advantages and influences with regard to talents, resources, network, scale and experience. The company has passed ISO9001 quality management system certification, and has established a complete scientific system for product design, R&D and product quality control. At present, the products have been exported to more than 20 countries and regions, and have been recognized and praised by many customers.

Address: East End of Xujiadalu Village, Fangcheng Street, Fangzi District, Weifang City, Shandong Province, 261200

Email: renlianminhyt@126.com

Products: wheel tractor, round bale baler, square bale baler

Description: Shandong Ruike Agricultural Equipment Co., Ltd. is located in Weifang, the kite capital and green power city. The factory is located at the junction of Weijiao Road and Beihai Road, Fangzi district, Weifang city. Founded in 2018, with a registered capital of 10 million yuan and an area of about 53,000 square meters, the company is a modern comprehensive enterprise integrating scientific research, production, marketing and international trade. The company has more than 300 staff, including 20 technical staff, and sales and foreign trade staff of more than 30 people. The company is a one-stop enterprise integrating independent product research and development, trial production, production, sales, foreign trade and service. The company has always been committed to leading the forefront of modern agricultural mechanization in China, paying attention to the needs of users, and promoting product quality upgrade. Its leading products are tractors of 200 horsepower and above. All products are in line with the requirements of national standard system and mature service guarantee system, and have passed the national product quality system certification, and enjoy the national financial subsidy. The company has abundant technical force, production equipment, rich technical resources and product resource reserves; the factory has electrophoretic painting workshop, assembly workshop, trial production workshop, machining workshop, sheet metal forming workshop, equipped with advanced automatic electrophoresis coating line, automatic assembly line, laser cutting machine, bending machine and other large equipment, and all kinds of vehicles, milling, planing, grinding as well as several sets of advanced equipment. The product quality control, together with professional quality control personnel and complete testing equipment, effectively ensure the stability of product quality.

Address: Cuimao Village, Ningjin Town, Ningjin County, Dezhou City, Shandong Province, 253400

Email: senruishichangbu@163.com

Website: www.senruinz.com

Products: self-propelled green fodder harvester, suspended green fodder harvester, knapsack green fodder harvester

Description: Shandong Senrui Agricultural Equipment Co., Ltd. is located in Dezhou city of Shandong province, where the geographical position is advantageous, and the transportation is convenient. The company, as one of the leading high-tech manufacturers, focuses on animal husbandry equipment manufacture. The consistent pursuit of Senrui is to provide customers with high-quality, safe and reliable technology and products. The company's main product is silage harvester, which is mainly used for straw silage. Once the machine is in the field, the operations of cutting, conveying, flattening, chopping, throwing and loading of corn plants can be completed. This machine is the forage harvester with the highest efficiency that has been developed by the company. It includes chassis, engine, driving platform, cab, electric system, hydraulic system, cutting platform, projecting barrel, etc.

Shandong Shantuokaitai Agricultural Equipment Co., Ltd.

Address: Caohe Industrial Park, Yanzhou City, Jining City, Shandong Province, 272113

Email: shantuokaitai@163.com

Products: wheel tractor

Description: Shandong Shantuo Kaitai Agricultural Equipment Co., Ltd. is a modern private enterprise supported by Yanzhou Economic Development Zone. Shandong Shantuo Kaitai Agricultural Equipment Co., Ltd. is a well-equipped tractor producer. It has advanced technology and an excellent quality guarantee system. The factory produces Shantuo tractors including 250, 280, 284, 300, 304, 350, 354, 400, 404, 450, 454, 500, 504, 550, 554, 600, 604, 700, 704, 804, 1000, 1004, 1204, 1304, 1404, 1604

and 1804 series, with more than one hundred varieties. The factory has a complete production service system from R&D, manufacture, assembly with perfect after-sales service to timely spare parts supply. The products are popular in China, Latin-America, Africa, Russia, etc. The company is ready to provide high-quality products and excellent service to the customers both at home and abroad.

Shandong Shanyan Hydraulic Technology Co., Ltd.

Address: 126, Strength Building, West Jingshi Road, Huaiyin District, Jinan City, Shandong Province, 250022

Email: 896770551@qq.com

Website: www.shanyanhydraulic.com/

Products: one-way balance valve, balance valve, hydraulic lock

Description: Shanyan Hydraulic Co., Ltd. has a dominant business on the ball valve, hydraulic lock, single and double closed balance valve, single and double open balance valve and various functional valve units. The detailed information of each kind is as follows: Ball valve is mainly used in various hydraulic systems to connect and stop the circulation. The joint dimension of the ball valve, in accordance with the products of international companies like HYDAC of Germany and GEMILS of Italy, can be used universally. The ball valve has characteristics of easy-operating torque, pressure-resistant and long service life. Pilot check valve is mainly used in hydro-cylinder of various vehicles of engineering-machinery, like hydraulic aerial cage, crane truck and forklift. The hydraulic lock has a stable feature in terms of opening and closing and has speedy reaction. Overcenter valve is used principally in hydro-cylinder and motor system of various vehicles of engineering-machinery, like land leveler, crane and pump truck. The company currently has 4 series of counter-balance valve, of which there is single open counterbalance valve, single close counterbalance valve, double open counterbalance valve and double close counterbalance valve. Moreover, the company can render various functional valve units into an accordingly small-size manifold block with softwares like AutoCAD, Solidworks, and Ansys, which can efficiently and effectively downsize the space needed.

Products: manure spreader, double vertical screw fertilizer spreader, self-propelled fertilizer spreader

Description: Shandong Tiansheng Machinery Science and Technology Co., Ltd., a private enterprise, specializes in the research and development, manufacture and sales of agricultural machinery. At present, it is the first and the biggest manufacturing factory of organic fertilizer spreader and manure spreader in China. The company is the industry standard drafting unit for "disc harrow", "disc plough" and "mouldboard plough" of China as an excellent professional agricultural machinery manufacturer, and it owns the self import and export license. In July, 2006, the company passed the ISO9001: 2000 Quality Management System Certification; in 2014, it passed the ISO9001: 2008 Quality Management System Certification; in 2015, the company was identified as the high-tech enterprise of Shandong province. The company

has 36 invention patents and utility model patents. It is the member of China Chamber of Commerce for Import and Export of Machinery and Electronic Products (CCCMB), the member of China Agricultural Machinery Distribution Association (CAMDA), the executive director of Shandong Agricultural Machinery Industry Association, the leading enterprise of Chinese agricultural machinery parts and components plough disc and harrow disc, and the main supplier of Chinese aid products of the Ministry of Commerce of the People's Republic of China. Shandong Tiansheng Machinery Science and Technology Co., Ltd. is located in national High-tech Industrial Development Zone, Dezhou, Yucheng, Shandong province. It covers an area of 82,800m², with standard workshops of 68000 m², various kinds of mechanical facilities of 358 sets, existing staff of 369 people, and engineering and technical personnel of 96 people. The main products of the company include "Tiansheng" brand and "Qingquan" brand self-propelled manure spreader, fertilizer spreader, smart orchard mower, rotary tiller, disc plough, disc harrow, moldboard plough, farm trailer, precut sugarcane planter, sugarcane cultivator and fertilizer applicator, sugarcane perennial root management fertilizer applicator, sugarcane dump wagon trailer, wheat and corn seed drill, vegetable planter, potato planter, potato harvester, lawn mower, rake, cultivator, boom sprayer, thresher, ditcher, ridger, land scraper and other agricultural implements. With an annual output of 56,000 units of complete machines, 1.2 million pieces of 38 million B5 harrow and plough discs, 30 million B5 harrow and plough discs and 65 million harrow and plough discs, the company's products are annually exported to the United States, Russia, Germany, South Africa, Mali, Nigeria, Brazil, Cuba, Myanmar, Thailand, South America and other 108 countries and regions.

Address: Yongtaizhuang Industrial Park, Bancheng Town, Lanshan District, Linyi City, Shandong Province, 276000

Email: sales@sdtonyun.com

Website: www.pvcplastichose.com

Products: PVC hose, PE hose, water belt-micro spray belt

Description: The company is located at Bancheng, Linyi -- the famous city of logistics in Shandong. It is a professional manufacturer and seller of high-strength double layer PE layflat hose, drip hose, sprinkler irrigation hose and PVC hose and special high-pressure-bursting-proof plastic hose, under the brands of Tongyun, Yuwa, Limiaofeng, Zhunong, etc., with a full range of specifications. The products can meet the requirements of customers in different regions.

Shandong Transce Agricultural Machinery Technology Co., Ltd.

Address: 423 East Wenchang Road, Leling City, Dezhou City, Shandong Province, 253600

Email: yang@xs-tc.com

Website: www.xs-tc.com

Products: potato harvester, potato planter, potato cultivating soil and fertilizer applicator

Description: Shandong Transce Agricultural Machinery Technology Co., Ltd. is an agricultural machinery research, development and production enterprise engaged in the research, development, production and sales of potato industry machinery with its registered brand of "Transce". It is also a new high-tech enterprise in Dezhou city, and has constructed a wide sales network in the whole country, selling its products to Inner Mongolia, Heilongjiang, Liaoning, Ningxia, Gansu, Xinjiang, Hebei, Henan, Guizhou and other provinces. It is honored as the "Chinese Potato Machinery Manufacturing Expert" in the industry. The company has built 6 professional laboratories, such as mechanical, physical and electronic laboratories, with design and R&D department, production department, quality department, financial department, sales center, test center, and after-sales service center. The company is equipped with over 130 sets of advanced and precise production and testing equipment, advanced CAD work stations, scientific research and test facilities, intelligent test systems, three-dimension design software introduced by world-leading machinery manufacturing experts, and electronic design automation EDA with various products. In the meantime, the company has also constructed a domestically leading agricultural machinery production line equipped with functions of scientific research, production and after-sales service, providing strong technical support and reliable quality guarantee for the research, production and service business of the company.

Shandong Uniglory Tire Co., Ltd.

Address: Caifu Building, Laoshan District, Qingdao City, Shandong Province, 266000

Email: olivia.liu@uniglorytire.com

Products: crushing baler, silage baler, straw baler

Description: Shandong Xinshengtai Machinery Manufacturing Co., Ltd. is located in Qufu city, the hometown of Confucius. The registered capital of the company is CNY 12 million. The company mainly engages in manufacturing collection-feed crushing machinery, baling machines, baling machines, particle machines, blenders, belt conveyor, food machinery, modern agricultural machinery and equipment, large-scale breeding of new livestock and poultry, and production and marketing of forage grass processing machinery. The company also provides modern agricultural equipment information technology services as a comprehensive modern agricultural machinery equipment research and development, production, manufacture, technology innovation enterprise. The company registered trademarks of "Shengtai" and "New Shengtai", and has more than 30 national patents. The enterprise has passed the international certification of ISO9001: 2015 quality management system. The products have obtained the national industrial production license issued by the General Administration of Quality Supervision, Inspection and Quarantine of China. The enterprise has the right to import and export independently. The company is in the catalogue of

national agricultural machinery subsidies. It continuously strengthens enterprise management, strengthens the technological transformation, and improves the level of pre-sale, sale, after-sales service. After several years of development, the products are sold all over the country and are exported to Ethiopia, Vietnam, Uzbekistan, Brazil, India and other countries and regions.

Products: front steering drive axle of tractor

Description: Shandong Yunyu Machinery Group Co., Ltd. is situated at the west foot of Mount Tai in the Feicheng city, which borders Tai'an to the east, and confronts Jinnan to the north, enjoying convenient transportation facilities. It was originally known as Shandong Feicheng Vehicle Axle Plant back in 1969, and began to manufacture drive axles for engineering machinery in 1980. The company specializes in manufacturing the drive axles for engineering machinery. It was transformed to a private enterprise in July 2001. The group has been manufacturing drive axles for over thirty years, mainly providing accessories for over 60 engineering machinery vehicle plants. The main products are drive axles for ZL0880 loaders, drive

axles for TCM and CB series forklift, drive axles for 80260 horsepower tractors, ZL series clampdisc type brakes, steel rims and castings, etc. Its annual production quantity amounts to over 200,000 drive axles for various kinds of engineering machines, 100,000 tons of casting, 1 million sets of brakes, and 100,000 sets of steel rims. Its leading products, i.e., the drive-axle assemblies have become famous brand products in Shandong. The brand of Yunyu has become famous in Shandong province. Up to now, there are 1300 staff in the group, including over 400 technicians. The group has great capacity in technology research and development and is able to develop and design products meeting customer's needs. Covering an area of 320,000 square meters, including 200,000 square meters of building area, the Group boasts over 800 varieties of manufacturing and processing equipments, complete technological equipment, integrated second-level physical and chemical testing methods, ensuring the production of stable quality products. The group consists of Shandong Yunyu Machinery Group Co., Ltd., Jingcheng Axle Co., Ltd., Xiandai Brake Co., Ltd., Yunyu casting Co., Ltd., Yunyu Steel Rim Co., Ltd., etc.

Shanghai AllyNav Technology Co., Ltd.

Address: China Beidou West Hongqiao Base, Gaoguang Road, Qingpu District, Shanghai, 201702

Email: jingang@allynav.cn

Website: www.allynav.cn

Products: Beidou navigation automatic driving system, Beidou satellite flat system, Beidou intelligent spray variable-control system

Description: Shanghai AllyNav Technology Co., Ltd. is a high-tech enterprise integrating R&D, production, sales and service, focusing on providing customers with comprehensive, multi-domain, high-precision navigation and positioning system solutions. Following the development trend of global satellite navigation systems in the world, Allynav has comprehensively deployed high-precision industry application and promotion, and fully meets the needs of different applications in different industries. The products cover multiple high-precision fields such as precision agriculture, intelligent transportation, mechanical control, deformation monitoring, geographic information, surveying and mapping engineering, etc. The company's core personnel have won the national, provincial and ministerial level scientific and technological progress awards, with more than 10 years of satellite navigation industry product development, industry applications, product promotion and technical service experience. The main products and services cover high-precision GNSS boards, high-precision BDS/GNSS receivers, wireless data transmission equipment, integrated navigation products, deformation monitoring systems, autosteering systems, variable control and other products, solutions and related software development applications, etc.

Shandong Yuke Intelligent Technology Co., Ltd.

Address: Area C of the Seventh Industrial Park, Yanzhou District, Jining City, Shandong Province, 272000

Products: direction machine instrument, multimedia instrument, armrest box

Shanghai Jingcheng Bearing Co., Ltd.

Address: 521 North Guangxi Road, Huangpu District, Shanghai, 200001

Email: 365220124@qq.com

Products: pallet gear clutch assembly, three-consecutive gear, gear shaft

Description: The company specializes in designing, manufacturing and selling bearings. Based on more than ten years of production experiences, strong technological force, international advanced equipment, reasonable price, reliable quality, and scientific service, it has stood out in the bearing manufacturing industry. Especially in terms of bearings for the uni-directional clutch, the company has gained equal position with the famous manufacturers

in the world. Parameters such as transmitted torque, setting accuracy, antireversion have reached standard like imported competitive products. The products are widely used in metallurgy, petrochemical industry, printing, package, machine tools, electricity, mining, textile machinery, especially in agriculture combine harvesters.

Products: P.T.O. aluminum gear box, P.T.O. cast iron gear box, gear pump and motor, electromagnetic clutch, hydraulic power unit

Shanghai Star Modern Agriculture Equipment Co., Ltd.

Address: 1300 Huaining Road, Minhang District, Shanghai, 200245

Email: xiaotao818@163.com

Website: <http://www.shanghai-star.com/index.html>

Products: grass baling machine, disc mowing flattening machine, rice direct seeding machine

Description: Shanghai Star Modern Agriculture Equipment Co., Ltd. was established in 2002 by the investment of Modern Agriculture Equipment Co., Ltd. which is one of the subsidiary companies of Shanghai Electric Group Corp. and IHI STAR Machinery Corporation in Japan. The current products are disk mower, gyro rake, roll baler, hay baler, wrapping machine, manure spreader, fertilizer spreader and rice seeder, etc.

Shanghai Taomu Trading Co., Ltd.

Address: No.3, Lane 1998, Jinbi Road, Fengxian District, Shanghai

Email: 859612385@qq.com

Products: plough blade

Description: Since its establishment, the company has been involved in the industry with a pragmatic, pioneering and innovative spirit, and has been developed into a business entity integrating product development, manufacture, sales and technical consultation.

Shanghai Xingbo Industrial Co., Ltd.

Address: 67 Caoli Road, Fengjing Town, Jinshan District, Shanghai, 201502

Email: andrewzhou@briliantglobe.cn

Products: gasoline engine, water pump, generator

Description: Shanghai Xingbo Industrial Co., Ltd. is the wholly-owned subsidiary of Brilliant Group USA. It is the manufacturing and operating subsidiary of the gasoline engines project. In 2004, Mitsubishi Heavy Industries Co., Ltd. (MHI) reached an agreement with a Chinese company on technology licensing and production of Mitsubishi GT series small-size, general-purpose 4-cycle gasoline engines in Shanghai. This was the first time for MHI to produce general-purpose 4-cycle gasoline engines in China. In 2008, Brilliant Group formally acquired the whole project and set up Shanghai Xingbo to continue the partnership with Mitsubishi especially in developing and manufacturing GT series OHV air-cooled 4-cycle gasoline engines. In 2015, Brilliant Group wholly acquired and owned the complete set of technology including the design and techniques of all engines and engine parts of Mitsubishi GT series engines including GT241, GT400, GT600, GT1000 and GT1300. Moreover, the first batch of "BRILLIANT" brand GT engines were manufactured and sold in January 2015.

Shanghai Shinlink Intellectual Technology Co., Ltd.

Address: Building 5, 738 Guangji Road, Hongkou District, Shanghai, 200434

Email: sunhm@stonemeter.cn

Website: www.stonemeter.cn

Products: combination instrument, controller, sensor

Description: Shanghai Shinlink Intellectual Technology Co., Ltd., formerly known as Shanghai Stone Instrument Factory, founded in 1992, specializes in the production of construction machinery, agricultural machinery, automotive instruments and accessories. In the past 20 years, in the course of business and innovation, the factory has now developed a variety of specifications of STZB type combined instrument model and serial STD single table and panel assembly, with novel appearance, excellent quality and complete variety, favored by many construction machinery and agricultural machinery manufacturers at home and abroad.

Shanghai Yimin Electric Machine Co., Ltd.

Address: Chenwan Village Committee, Fengxian District, Shanghai, 201401

Email: 89475974@qq.com

Website: www.shyimin.cn

Products: water wheel aerator, impeller type aerator, floating pump

Description: Shanghai Yimin Electric Machine Co., Ltd. was founded in 1992. It is a large-scale professional automatic aerator and pump manufacturer in China, and is an aerator detection base in Shanghai Agricultural Machinery Promotion Station. It has three wholly-owned subsidiaries and two production bases in Shanghai and Zhejiang. The company has unique utility model patents of YC waterwheel aerator of "Yimin" brand, YL impeller-

type aerator and unique power transmission structure. The products are also combined with modern aeration technology. The environmental protection performance of the equipment is reliable and is widely praised by customers. The sales volume in the domestic and foreign markets has reached a new peak, and the brand has become an important brand in the international market. "Yimin" brand aerator series products have more than 20 specifications, such as water wheel type aerator, impeller type aerator, surge type aerator, water spray type aerator, etc. The products are mainly used for aeration of various kinds of fish, shrimp and eel pond and other special aquaculture. In addition, the company has an annual production capacity of 200,000 sets of aerator and pump products.

Shanghai Zhengyang Bearing Co., Ltd.

Address: Room 6F, 179 West Zhongshan Road, Changning District, Shanghai, 200050

Email: metersong@zyzbearing.com

Website: www.zyzbearing.com

Products: agricultural machinery bearing

Description: ZYZ Bearing was founded in 1994 and is TS16949, ISO9001, ISO 14001 OHSAS18001 certified. It produces various standard ball bearings, roller bearings and nonstandard customizable ones. The company owns an independent modern heat treatment workshop, and a series of automatic precision grinding assembly lines. It has five hundred staff, a highly experienced technical team and a national standard laboratory which enable it to provide durable reliable products and professional services to both domestic and overseas clients.

Shijiazhuang Ouya Huitong Filter Co., Ltd.

Address: 8 Hongda Road, Anjiazhuang Industrial Zone, Jinzhou City, Shijiazhuang City, Hebei Province, 52260

Email: sales@oyhtfilter.com

Website: <http://www.oyht.com.cn>

Products: air prefilter, oil filter, air filter cartridge

Description: Shijiazhuang Ouya Huitong Filter Co., Ltd. is an integration of scientific research, production, sales and service as one of the modern enterprises. The company

has advanced automation manufacturing equipment and a strong technical force team. It specializes in the design and manufacture of all kinds of agricultural machinery, engineering machinery, industrial, trucks, buses and the internal combustion engine, heavy equipment, air, oil, fuel filter and filter assembly, and other products. In order to obtain the local integrity management model, the company joined the anti-counterfeiting industry association and passed the ISO TS16949: 2009 and national ISO9001: 2008 quality management system certification.

Shijiazhuang Zhongxing Machinery Manufacture Co., Ltd.

Address: Xinzhaidian Industrial Park, Zhao County, Shijiazhuang City, Hebei Province, 51530

Email: zxmmxsbs@126.com

Website: www.sjz zxmm.com

Products: steel ring, rim, agricultural wheel

Description: Shijiazhuang Zhongxing Machinery Manufacture Co., Ltd. is a specialized manufacturer of steel wheels for agricultural machinery, engaged in R&D, production and sales. The company has developed more than 500 mature products with the quick accumulation of enterprise assets. The strength of the products has won the recognition from middle- and high- end customers including international magnates and domestic market leaders in agricultural machinery manufacturing. The company has been firstly awarded The Leader of Agricultural Machinery Components/Parts Wheel Manufacturers in China. From time to time, it breaks the record of the maximum diameter and width of agricultural machinery wheels in China, and also owns independent intellectual property rights in manufacturing special-purpose equipment for high ground clearance inter-row tractor wheel and some other wheels. The company has 8 flexible rim production lines and 2 cathodic electrophoresis production lines, almost covering major products of agricultural machinery wheels including series W, DW, LB and CB, which may satisfy the individual requirements from different customers. It can also provide appropriate and integrated solutions as required by each agricultural machinery wheel users. The company endeavors to build a win-win product chain with upstream/downstream suppliers and customers, and to start a journey to success through its continuous innovation and improvement.

Shouguang Jin Dier Machinery Co., Ltd.

Address: Hou Town, Shouguang City, Weifang City, Shandong Province, 262500

Email: sjgde123@163.com

Website: www.cnsparepart.en.alibaba.com

Products: combine harvester blades, mower, crop lifter, earth auger

Description: Shouguang Jin Dier Machinery Co., Ltd. is a private jointstock enterprise engaged in research, design and production. The factory can produce many kinds of

combine harvester spare parts such as harvester blades, knife guards, cutter bar assemblies, augers, etc. These are widely used in famous combine harvester brands in China and abroad. For instance, the New Holland, John Deere, Class, Fugesen, Kubota, Yanmar, and Foton.

Shuyang Desheng Hydraulic Machinery Factory

Address: Wangjian Primary School Kindergarten, Shuyang Cross, Shuyang Country, Suqian City, Jiangsu Province, 223613

Email: 736204028@qq.com

Products: tractor multi-way valve

Description: Jiangsu Shuyang Desheng Hydraulic Machinery Factory is located in Suqian, a beautiful historical city, with elegant environment, pleasant scenery, and Beijing-Shanghai Expressway, National Highway 205, Beijing-Shanghai Grand Canal passing through, where the transportation is very convenient. The factory has very advanced, precise processing and equipment, specializing in the hydraulic industry and related fields of express development, design and manufacture, to provide customers with high-quality products. The main products include each internal hydraulic distributor, manual reversing valve, multi-valve series equipped with retaining plate, straight check valve and other products. They are widely used in engineering, vehicle, construction, plastics, oil, agriculture, fish and other industries. With exquisite technology and reliable quality performance, the products sell well all over the country.

Sichuan Donggong Electric Motors Co., Ltd.

Address: Zhenhua Avenue, Niuhua Town, Wutongqiao District, Leshan City, Sichuan Province, 614800

Email: 1124282129@qq.com

Website: www.scdgdj.com

Products: feed mill, rice mill, fully-automatic pulverizer

Description: Founded in 1996, as one of the most famous brands in China, Sichuan Donggong Electric Motors Co., Ltd. is located in Leshan city, Sichuan province. The company covers over 2,000 square meters. It is a professional manufacturer of agro machines, electric motors and water pumps. The production lines cover products including corn thresher, rice mill, flour mill and feed grinder. The company is certified as the "Advanced Enterprise", "AAA Honor Enterprise" and the brand has been honored "Sichuan Famous Brand". In addition, "Donggong" has been awarded the famous trademark of Sichuan province. Nowadays, the products have won a good reputation and trust from global customers.

Sichuan Heli Agricultural Machinery Co., Ltd.

Address: Jianyang City, Chengdu City, Sichuan Province, 610000

Email: 290079693@qq.com

Website: <https://schlnj.en.alibaba.com/>

Products: grain sorting machine, rice and wheat thresher, corn sheller

Description: Sichuan Heli Agricultural Machinery Co., Ltd. is located next to Tianfu International Airport, Chengdu-Yu Expressway, Cheng-Yu High-speed Railway, Airport Expressway and Linjiang Station of Metro Line 18. It enjoys very convenient transportation, and obvious location advantage. The company was founded in 2004, and has become a municipal-scale industrial enterprise after more than 10 years of development. The company has already passed ISO 9001: 2015 certification. The company integrates development, manufacture and sales together. Brand "Heli" is famous for 6 series of products: the multi-function thresher, corn threshing machine, winnower machine, rice-mill machine, grain grinder and chaff cutter, including more than 30 models. The company annually produces and sells more than 300,000 sets of various agricultural machinery and tools. The products not only sell well all over China, but are exported to Thailand, Vietnam, Laos, Myanmar, India, Africa, etc. The small agricultural machines developed by the company follow innovation-driven enterprise development spirit, and it has gained numbers of national patents.

Sichuan Jiaxin Machinery Manufacturing Co., Ltd.

Address: Tianxingba Village, Nanqiang Town, Chuanshan District, Suining City, Sichuan Province, 629000

Email: 1443493114@qq.com

Products: corn husk sheller, rice and wheat thresher

Description: Jiaxin company is a professional producer engaged in agricultural machinery research, development and production in Suining. Tianfu brand series of agricultural machinery has won the user's praise for long. The company has spent 20 years of continuous efforts on the R&D and production of the rice and wheat thresher, miniature combined harvester, corn thresher, corn peeling machine, grinding potato machine, rice bean curd machine, and noodle machine. The company will stick to the "quality first, user first" faith through the whole process of production, from raw materials into the factory to the production process. Through continuous improvement to ensure the quality of products and services, the company aims to meet the changing needs and expectations of customers, with professional technical team and strong business strength, coupled with integrity and the attitude of cooperation.

Sichuan Wanma Machinery Manufacturing Co., Ltd.

Address: No.36, Yanxi Lane, Yancheng Town, Jingyan County, Leshan City, Sichuan Province, 613100

Email: scwanma@xwanma.com

Website: <http://www.scwanma.cn>

Products: rice milling machine, feed pulverizer, combined

rice polisher

Description: The company is located in the county of Jingyan in Sichuan province. It has 45 professional and technical personnel, inspection equipment, new product development ability, and an annual production capacity of 40 thousand sets. The production of the "Qianlima" brand of rice milling and crushing combined machine was awarded as "Sichuan famous brand" and "Leshan famous trademark". The enterprise is identified as "high-tech enterprises" and passed the ISO9001: 2008 quality management system certification. It also has the right to be engaged in import and export business. The products are widely used, with compact structure, easy operation, reliable quality, and loved by the majority of users. They are exported to Southeast Asia and Africa, and are entitled to the agricultural purchase subsidies of many provinces and cities.

Sichuan Xudong Machinery Manufacturing Co., Ltd.

Address: 106 Hope Avenue, Xiajiaqiao Street, Yancheng Town, Jingyan County, Leshan City, Sichuan Province, 613100

Email: 845481166@qq.com

Website: www.scxudong.com

Products: ensilage machine

Description: Sichuan Xudong Machinery Manufacturing Co., Ltd., the former Sichuan Xudong Machinery Factory, was founded in 1993. The company produces agricultural machines, like rice mill, corn sheller, powder crusher, feeding machine, hammer mill, disc mill, cereals thresher, multi crops thresher, maize sheller, and farm machine. The company is located in Jingyan county, Leshan city, Sichuan province, China, adjacent to National Highway 213, near Giant Buhhda and Mount Emei. The company has been awarded "Quality Credit A in Sichuan", "Leshan Top 10 Agricultural Machinery", "Jingyan Advanced Enterprise" and "National Patent Certification". The company has developed from a small company which had only 10 employees and operated in a shabby work shed covering an area of 100 square meters into a modern comprehensive enterprise with a plant area of 20,000 square meters after years of unremitting efforts. Now the company has more than 200 staff including 20 technicians with intermediate and senior titles. Since its establishment, the company has been devoted to research, development and manufacture of new products such as agricultural machinery, auto motors and general dynamic motors. With its strong technical strength, advanced production equipment, outstanding modern management system, strict quality monitoring system and considerate service, the company is always on the path of development. The company has obtained a national industrial product production license, foreign trade self-run import and export rights, and passed the certification of ISO9001: 2008 Quality Management System in 2006. At present, the company can realize an annual productivity of 100,000 sets of agricultural machinery, auto motors and marine motors, and output value of CNY 100 million. Its leading

products include "Xuyang", "Xudong", FNM3 series of domestic-use multifunctional rice mills, 6N series rice mill machine, 9FQ and 9FZ series of feed crushers, 5TG series of rice and wheat threshers, 5TY corn sheller and maize thresher, 5TW series of multi crops threshers, all types of flour grinders, drainage and irrigation machinery, bamboo processing machinery, etc. The company has obtained many national patents. Its products have been listed in the provincial catalogues of agricultural machinery purchase allowances in China On account of their reliable quality, flexible operational performance as well as economic and applicative characteristics, the products are well sold in provinces including Sichuan, Yunnan, Guizhou, Guangxi, Hunan, Hubei, Shanxi, Gansu, Hainan, Zhejiang, Guangdong, etc. and neighboring countries, winning approval from customers.

Sichuan Yibai Development Technology Co., Ltd.

Address: 88 Yibin Avenue, Shouan Town, Pujiang County, Chengdu City, Sichuan Province, 611633

Products: electric tea picker, electric single blade hedge trimmer, fruit tree shears

SJ Driveshaft Hangzhou Co., Ltd.

Address: 11 Hongtai Sixth Road, Hongken Farm, Xiaoshan District, Hangzhou City, Zhejiang Province, 311232

Email: zgz@driveshaft.cc

Sunpu Machinery Manufacturing (Changzhou) Co., Ltd.

Address: 7 Heshan Ring Road, Jintan City, Changzhou City, Jiangsu Province, 213200

Email: zhuangxh@sunpuj.com

Products: orchard platform, truck

Description: Sangpu Agricultural Machinery Changzhou was founded in 2017. It is a professional agricultural machinery manufacturer for forest, fruit and paddy field, which integrates independent research and development, manufacture, sales, export and after services. Currently, as an intelligent remote-control forest and fruit industry agricultural machinery company, which has the most comprehensive models in the domestic market, the company mainly manufactures orchard working platform, mini tiller that can be equipped with rotary tiller, grass chopper, ditcher, sweeper, levee shaper, wood chopper, etc., and rice transplanter. We also do the agency service for many foreign brand orchard machinery companies from countries like South Korea and Japan, mainly including multifunctional garden plant and pest control machinery, transporter, air blast long range sprayer, fruit sorting machinery, etc. Sangpu Agricultural Machinery is committed to providing the high-cost-performance forest, fruit and paddy field industry machinery for global customers. To satisfy our customers' needs, we hold on to "advanced technology, superior quality, comprehensive models, favorable prices and excellent services.

Suzhou Aowo Auto Parts Co., Ltd.

Address: Fengyang Road, Shuangfeng Town, Taicang City, Suzhou City, Jiangsu Province, 215400

Email: 1911351310@qq.com; gm@awauto.cn

Website: <http://www.awauto.cn/>

Products: electric-control silicone oil clutch; cooling system

Description: Suzhou Aowo Auto Parts Co., Ltd., founded in 2006, is located in the emerging port city with beautiful scenery -- Taicang city, Suzhou, Jiangsu province. Located in the north of Shanghai, the land, sea and air transportation around Taicang is very convenient. The company is mainly engaged in mechanical processing and manufacture, and has specialized machine tool equipment. Since 2010, the company has been engaged in the development and manufacture of silicon oil clutch, and has professional production line, testing equipment and laboratory equipment. Moreover, it carries on strict quality control. After years of development, Suzhou Aowo Auto Parts Co., Ltd. has supplied products for Volvo, Steyr, Cummins, Renault, Iveco, North Benz, Mercedes, BMW, Ford, Mazda, Nissan, Mitsubishi, etc. The products are exported to Europe, the Americas, the Middle East, Russia and other regions. The company has won the trust and favor of customers with high-quality products, professional service, and competitive prices.

Suzhou Bucher Hydraulics Co., Ltd.

Address: 168 Kuxing Road, Fen Lake Economic Development Zone, Wujiang City, Suzhou City, Jiangsu Province, 215200

Email: Sunny.Sun@bucherhydraulics.com

Products: directional control valve, differential locking valve

Description: Bucher Hydraulics is an international leading provider of innovative hydraulic drive and control technologies for mobile and industrial hydraulic applications. Contributing high-level technical expertise, the company supports its clients' product development activities from the initial stage to the finished machine. It can provide valuable help in manufacturing advanced machinery that features stringent technical demands and exacting quality standards.

Suzhou Fengming Agricultural Machinery Co., Ltd.

Address: Room 40-42, Building 9, Windsor Garden, Shaxi Town, Taicang City, Suzhou City, Jiangsu Province

Email: 849319116@qq.com

Products: rotary cultivator

Description: In order to build a complete sales chain, the company has created its own brand and has served the domestic market. It also has an efficient team to share high-quality products with more people who love quality life.

Address: 11 Quanxin Road, Economic Development Zone, Sishui County, Jining City, Shandong Province, 273200

Email: tfmfj@163.com

Website: www.tfmfj.com

Products: flour machine, precleaner

Description: Shandong Sishui Taifeng Flour Machinery Co., Ltd., originally known as the Shandong Flour Machinery Factory before restructuring, is engaged in the flour processing of complete sets of equipment development, design, manufacture, sales of grain machinery comprehensive production. The company is located in the Sishui county West Economic Development Zone, in the south of Shandong province, adjacent to historical and cultural city Qufu in the west, with Mount Tai in the north and the Yanshi Railway, National Highway 327 crossing by, where the transportation is very convenient. The leading product flour machine (single and complete sets of equipment) is divided into two major series and more than 30 varieties, including complete sets of equipment using double-entry mill or unilateral grinding and hit powder

loose powder, and the combination of Gaofangping sieve, cone sieve, round sieve, clear powder machine, screen inside and outside take powder classification, and the light of the new inquiry fine grind milling process. In recent years, the company has developed special powder, fine powder and special powder out of corn, rice, chili and stone mill powder equipment using a number of national patent technologies, and has won a national new product award and millions of rural consumer trustworthy product awards. The products sell well all over the country, and are sold to eastern Europe, Mongolia, North Korea, South Korea, Africa, and dozens of other countries and regions. The company is appraised as a key enterprise in Shandong province.

Taizhou Aodisen Machinery Co., Ltd.

Address: Building 81, China Feiyue Science and Innovation Park, Jiaojiang District, Taizhou City, Zhejiang Province, 318000

Email: 154060968@qq.com

Products: gasoline engine, water pump, spray insecticide machine

Description: The company produces gasoline engine, water pump, power sprayer, and high-pressure washer.

Taizhou Bohan Plastic Co., Ltd.

Address: No. 5, Shizhu South Industrial Zone, Sanjia Street, Jiaojiang District, Taizhou City, Zhejiang Province, 318014

Email: 260219886@qq.com

Website: <http://www.bohanhose.com>

Products: power sprayer, high-pressure braided hose, high-pressure hose

Description: Taizhou Bohan Plastic Co., Ltd. is a professional manufacturing enterprise focusing on R&D, high-quality production and diversification of sales and has extensive experience in export. It specializes in manufacturing high-pressure spray hose, high-pressure pipe of cleaning machine, air hose, low-pressure water hose, hot resisted hose, etc. Combining the best features of hoses from home and abroad, the company has made products with high quality and decent appearance that are convenient to use. There is an innovative R&D team to meet the growing market demands.

Taizhou Chunyu Machinery & Electronic Co., Ltd.

Address: Lu Nan Street, Changpu New Village, Luqiao District, Taizhou City, Zhejiang Province, 318050

Email: guanyanchi@163.com

Products: spray insecticide pump

Taizhou CMR Machinery Co., Ltd.

Address: Xinxin Middle Road, Chengxi Village, Xinxin Town (Inside Taizhou Great Wall Machinery Manufacturing Co., Ltd.), Wenling City, Taizhou City, Zhejiang Province, 317502

Email: sales@cmr-ch.com

Products: cast iron gear box, rake gear box, wheel case for fertilizer application

Description: Taizhou CMR Machinery Co., Ltd. is a joint venture company founded by CMR Group SPA from Italy and Taizhou Greatwall Machinery Manufacturing Company from China. The company was established on June 19th, 2015, and is dedicated to the manufacture of agricultural reducers. The products are sold not only in the Chinese market, but also to overseas markets all over the world.

Taizhou Gyuan Industry & Trade Co., Ltd.

Address: No. 318 Xingxing, Xiachen Street, Jiaojiang District, Taizhou City, Zhejiang Province, 318010

Email: 870506973@qq.com

Products: micro tillage machine, spray insecticide machine, connect the medicine dispenser directly

Description: Taizhou Common Source Industry and Trade Co., Ltd. is located in the beautiful coastal city of Taizhou, with an advantageous geographical position and convenient transportation. It is an integration of product development, manufacture, marketing and trade. The company specializes in manufacturing various kinds of agricultural, garden machinery and equipment, gasoline engine water pump, generator, spraying machine, micro tillage machine, high pressure cleaning machine and other eight series.

Taizhou Haohui Mechanical and Electrical Co., Ltd.

Address: Sanjia Binhai Industrial Zone, Jiaojiang District, Taizhou City, Zhejiang Province, 318014

Email: 657976182@qq.com

Website: www.haohuichina.com

Products: 2 inches of water pump, sprayer

Description: The factory is located in the Jiaojiang Economic Development Zone, enjoying the economic prosperity, beautiful scenery, and land, sea and air transportation convenience of the East China Sea. It mainly engages in the research and development, production and sales of washing machine, garden machinery, plant protection machinery, gasoline engine, gasoline engine water pump, generator and other products, which are widely used in automobile, train, tanks, ships and other motor vehicles, engineering machinery and agricultural machinery maintenance and cleaning. There are products available for livestock and poultry farms, zoo, market, business center, swimming pool, gymnasium, environmental protection, as well as garden watering, sanitation and epidemic

prevention, etc. The company has passed ISO9001: 2000/CE certification. With superior product quality, scientific management, well-equipped production lines, complete varieties, the products have been sold all over the country.

Taizhou Hengxin Valve Technology Co., Ltd.

Address: 599 Haimao Road, Jiaojiang District, Taizhou City, Zhejiang Province, 318000

Email: sales@cnruijing.cn

Website: www.hengxinmetals.com

Products: nozzle, universal nozzle

Description: Taizhou Hengxin Metal Product Factory, founded in 1997, is a professional factory engaged in the design, manufacture, and sales of various types of copper valves, copper pieces, copper fittings and spray parts. There are more than 150 staff, including nearly 20 professional and technical personnel of valve design and manufacture, under the 6 departments of design, production, quality testing, warehousing, sales and finance. The company has sophisticated valve manufacturing equipment and perfect testing facilities. At present, there are more than 200 sets of multi-function CNC machine, forging machine, milling machine, grinding machine, drilling machine, medium temperature control of heating furnace, shot blasting machine, assembly line, valve ultrasonic cleaning equipment, and more than 10 sets of raw materials analysis spectrometer mechanical performance test bench, image measuring instrument, air tightness test, durability test, pressure test and safety diaphragm bursting test machine and other testing equipment and instruments, producing more than 3 million sets of valves and fittings. The products are exported to many countries and regions, such as Europe, America, Africa and Asia, with an annual sales value of USD \$20 million. The company uses technical innovation and quality service to open up the market, pay attention to the configuration, and the company's human resources, and strengthen the overall management of the factory through the management model of continuous improvement and innovation.

Taizhou Hongrui Machinery Manufacturing Co., Ltd.

Address: 55 Xingtang Road, High-tech Zone, Jiangyan City, Taizhou City, Jiangsu Province, 225500

Email: 952309821@qq.com

Products: half feed baling machine, harvester blade, harvester cab

Description: Taizhou Hongrui Machinery Manufacturing Co., Ltd. was founded in 2003, and registered in 2016. After more than 10 years of careful operation and development, the company has now become an enterprise specializing in the production of advanced processing equipment, testing equipment as well as mechanical design, research and development. The company mainly produces harvester cutting machine, water tank automatic dust fan, sheet metal and so on.

Products: tractor, baler, cutrake

Description: Weifang Muwang Machinery Co., Ltd. is a professional company engaged in the processing and sales of bundling machine, machine, mower, tiller and other agricultural products. The company has three packages of professional sales and technical teams to provide customers with a full range of after-sales service.

Weifang HongLiu Machinery Development Co., Ltd.

Address: 2088 West Minzhu Street, Economic Development Zone, Hanting District, Weifang City, Shandong Province, 261057

Email: 2708816877@qq.com

Website: <http://www.fubaotian.cn/>

Products: wheel tractor

Description: Weifang Hongliu Machinery Development Co., Ltd. is located in Weifang Economic Development

Zone, Shandong province. It is near the beautiful spectacular Weifang "Kite Flying Square" about 11 kilometers in the south, connects the National Highway 309 and Jiqing Highway in the south, and near "Haode Trade Square" about 3 kilometers in the east, which is the largest square in Weifang and contains all kinds of electrical appliances, hardware, chemical building materials, steel and so on. The convenient transportation, procurement convenience and large development area are very beneficial to the company's development. Now the company covers an area of more than 34,000 square meters, with a building area of more than 16,000 square meters; the layout of the production area, office area and living area are reasonable and orderly. The company boasts strong technical force, perfect production management and quality management system, and complete product inspection and testing equipment. It also has the technology development capability. There are 225 employees in the company. There are 25 professional engineering and technical management personnel of preliminary, intermediate and senior titles, including 9 senior engineers. The leading products of the company consist of "FuBaoTian" brand 30 ~ 80 horsepower basic series, 35 ~ 80 horsepower greenhouse king series, 80220 horsepower series and other series of wheel tractor, as well as buried ditcher MT500 ~ 800. The annual production capacity of tractors can reach more than 20,000 units; the annual production capacity of buried cane ditcher can reach more than 5000 units.

Weifang Hongyan Plastic Products Factory

Address: Changle Chengnan Industrial Park, Changle County, Weifang City, Shandong Province, 262405

Email: 13455675070@139.com

Website: www.wf-hy.cn

Products: PE Micro-spray belt, PE Water delivery belt, PE Water delivery tube

Description: Weifang Hongyan Plastic Products Factory was founded in 1999, which was officially registered in 2002. It is a large professional enterprise which produces plastic flexible water hose, with nearly 20 years of production experience in plastic water pipe. The factory is located in Nanhao Industrial Park of Changle, Weifang, covering an area of 14,000 square meters. It has 8,000 square meters of workshop, with more than 50 customer service staff, and five research staff. It has more than ten advanced production lines for independent development, with annual production capacity of more than 3,000 tons. The factory has featured products such as water delivery belts and PE micro-spraying hose with big spraying width, which are independently developed by our company, with proprietary intellectual property rights. The company has a strong technical force and excellent exploring capacity, and can develop products with special specifications on the basis of the requirements of the customers. The company adopts quality raw materials in production, with advanced equipment, high degree of automation and solid technical strength, all safeguarding stable and reliable product quality.

Email: 13563698836@163.com

Website: <https://www.nongjitong.com/company/weifangliwang/>

Products: wheel tractor

Description: Weifang Liwang Agricultural Equipment Co., Ltd. is a professional manufacturer of wheeled tractors. The company was established in 2010 and has more than 120 employees. It is located at the intersection of Weifang Weilin Road and Airport Road, where the transportation is convenient. The factory covers an area of 30,000 square meters, and has two standard factories. The company, in accordance with the domestic market demand, is committed to the high-end tractors and agricultural equipment research and development. The main products are force ace TY series, TE series, TB series, TD series, TC series, TS series of multi cylinder tractors, covering 30-260 horsepower range, with more varieties compared with similar products, to adapt to paddy fields, greenhouses, orchards, deserts, hills and other environment and terrains. With better comprehensive performance, overall power, diversity, better price, and fresh design concept, the product models are the ideal choice for the majority of farmers. Liwang's products are in full accordance with national standards from research and development to production assembly, and can be tailored to user needs for product improvement and free selection of a variety of configurations. Liwang has many years of agricultural equipment design and production experience, and strives to be closer to the user to provide reliable and durable products as the constant pursuit. The company's tractors are sold throughout the country and a number of countries

overseas, praised by the majority of users. With the introduction of the ISO9000 system management model in the production and operation process, the use of advanced production and manufacturing technology, the company aims to strengthen in full sense the product quality and stability, enhance market competitiveness, and realize product development potential, launching new products to meet market demands.

Weifang Luke Machinery Co., Ltd.

Address: 300 meters East of Zhuhe Bridge, North of the Eastern Outer Ring, Hanting District, Weifang City, Shandong Province, 261100

Email: lukejx@163.com

Website: www.wf-qilu.com

Products: garden manage machiner, precise seeding machine for vegetables, mini-tiller

Description: Weifang Luke Machinery Co., Ltd. is located in Weifang city, the famous World Kite Capital. The transportation is very convenient. This company was founded in 1988, and Weifang Luke has now become a big firm with a history of more than 20 years. Our company covers an area of 10,290 square metres and the building area is of 9,556 square metres. The products are ditcherhiller, mini-tiller, garden machiner and steering box for autos and agricultural tricycles. The 6th generation of new products include: ditcherhiller 3WG-6YP02A with lowgear, tiller 1WG-6YJ with high tank, ridger, film layer and potato digger, etc.; our 7th generation of new products include: diff of 3WG-6YP, diff of 1WG-6Y and diff of 1WG-6YJ. The company has earned many honours from the government, and passed the certificate of ISO9001-2000. The products of ditcherhiller, tiller and garden machinery also enable Weifang Luke to get subsidies from many provincial governments. Depending on the advanced technology, rich experience, strict QC and fine after-sale service, the products are sold throughout the country and exported overseas.

WeiFang LuYuan Machinery Co., Ltd.

Address: No. 4, Intelligent Equipment Industrial Park, West of Fangtai Road, North of Shuangyang Street, Fenghuang Street, Fangzi District, Weifang City, Shandong Province, 261200

Email: 814061035@qq.com

Website: www.wfluyuan.cn

Products: mountain and hill track tractor gearbox rear axle, chassis assembly for four-drive and ten-gear farm machinery, 120 directly connected gearbox rear axle

Description: Weifang Luyuan Machinery Co., Ltd. is a professional enterprise specializing in production, research and development, and supporting agricultural machinery walking gearbox assembly. Founded in 2004, the company has been in the leading position in the field of tractor gearbox and various agricultural machinery gearboxes. The "Mountain Orchard" and "Greenhouse King Tractor

Gearbox" assembly independently developed by the company have obtained one invention patent and four utility model patents and are in the leading position in China. The company has an independent design and R&D team, providing a complete set of design, R&D, processing, production and assembly, sales services for the majority of agricultural machinery manufacturers. The company currently has three series of more than 60 products selected by the company's whole machine manufacturers. The company's products mainly include agricultural machinery gearbox, plain dryland tractors, paddy tractors, harvesters, orchard tractors, walking systems of various deformed agricultural machinery, etc. They can be designed according to customers' requirements for the working environment and walking mode of the whole machine. The products include tractors, corn harvesters, peanut harvesters, onion planting and walking integration, mountain harvesting. The Dapeng tractor, mountain and hilly orchard tractor with two-drive, four-drive walking systems, were sold to domestic companies and other well-known companies and distributors from Mexico, Argentina, Ukraine in the industry, and have achieved good market reputation and performance.

Description: Founded in 1999, the company is located in the Chinese largest tractor manufacturing zone of Weifang, owning convenient transportation and favorable geographical location. Weifang Taishan is a specialized medium-sized agricultural equipment manufacturer. The company covers an area of 72,000 square meters, with over 400 employees, 26 of whom are engineering and technical personnel above the intermediate level. The company's main products are "Wei-Tai" branded tractor, rice transplanter, harvester and farming implements, which have gained a very high reputation by high quality, good service, and reasonable price. The distribution network covers 20 provinces in China. With independent right of importing and exporting, the products have been exported to more than 20 countries and regions including India, Pakistan, Mongolia, Africa, Thailand, Burma, Vietnam, DPRK and South America.

Weifang Tp Machinery Co., Ltd.

Address: Mining Machinery Industrial Park, North Section of Dayi Road, Economic Development Zone, Changle County, Weifang City, Shandong Province, 262400

Email: phx@tpmachinery.net

Website: www.tpmachinery.net

Products: multi-function orchard operations platform, multi-function and aerial work operations platform, tree digging machine

Description: Weifang Tp Machinery Co., Ltd. is a sino-foreign joint venture established by Philip Bone. It is a machinery manufacturing company integrating design,

research and development, manufacture and sales. The company, through the investigation and analysis of the status of domestic landscape, fruit forestry and other cash crop agricultural, according to the needs of customers, and with the introduction of foreign mature technology and the teamwork of domestic technical team on development and production, has realized domestic and foreign customized service, and helped to create a whole process of mechanization operation of high-end agriculture. Through the introduction of foreign high-end research and development personnel, advanced technology and production management method, starting from the root of agricultural production, according to the actual operation requirements in terms of technology integration, domestic industry and on filling the blank of domestic agricultural production machinery market, as well as meeting the demand of design, research and development production in China horticulture production, the company can increase the production efficiency of agricultural professional machinery. At present, the company has applied for 32 national patents and has authorized 20 patents and has passed market supervision and administration of Shandong province. It was awarded by the agriculture and rural areas in Shandong province hall as "orchard multi-function operations platform where standards unit", and has won the "2019 weifang international science and technology cooperation award", "2018 annual top the first kinetic energy conversion between the old and the new science and technology innovation contest excellence award", and "2019 municipal specialization, new small and medium-sized enterprises". In 2019, the company established "Weifang Multi-Function Orchard Operations Platform Engineering Laboratory", "Weifang Horticulture Multi-Function Operations Platform Engineering Technology Research Center", and other research and development platforms. In cooperation with the Xinjiang Academy of Agricultural Reclamation, the company established the research center of multifunction orchard work platform and agricultural mechanization. Weifang TP has also cooperated with and has the intention to cooperate with Nanjing Research Institute, the National Bureau of Forestry and Grassland, Harbin Institute of Forestry Machinery, Weifang Institute of Electrical, Mechanical and Vehicle Engineering, Hebei Agricultural University, Mechanical and Electrical Engineering college, and many other institutes, colleges and universities. A series of products of the multifunctional operation platform of the forestry industry have passed the inspection report with the mark of "CMA" produced by the product quality inspection center of Shandong Agricultural Machinery Research Institute, which provides the data basis and confidence for the quantitative production, market promotion and application of the multifunctional operation platform of the forestry industry in the next two years.

Wuqiang Dazhong Seal Co., Ltd.

Address: Xifan Village, Wuqiang County, Hengshui City, Hebei Province, 53300

Email: 1754106592@qq.com

Website: dazhongyoufeng88.1688.com

Products: yanmar harvester oil seal, corn harvester oil seal, harvester accessories

Description: Wuqiang Dazhong Seal Factory mainly produces auto oil seal, shock absorbing oil seal, orings, high temperature oil seal oil seal, oil seal, the gear reducer, the crankshaft oil seal, rear axle oil seal, oil seal, combine oil seal, dust, oil seal, iron seal, color oil seal, TC oil seal products. The company is also capable of professional production and processing of slurry seal. The oil seal liner is processed through CNC lathe finish turning, after which the surface is smooth, without burr. The oil seal appearance also passes through the CNC lathe processing, and then the automatic surrounding edge flanging machine. The quality of products is assured which obtains praise from customers. Headquartered in Wuqiang county, Dazhong Seal Factory owns a complete and scientific quality management system. The integrity, strength and product quality of the company have obtained industry acceptance.

Wuxi Barde Power Technology Co., Ltd.

Address: 30 Qibei Road, Yuqi Supporting Area, Huishan Economic Development Zone, Huishan District, Wuxi City, Jiangsu Province, 214183

Email: bd@bardepower.com

Website: www.bardepower.com

Products: petrol engine, general gasoline engine, gasoline generator set

Description: Wuxi Barde Power Technology Co., Ltd. is a professional manufacturer engaged in the R&D, production and sales of gasoline engine, generator set, construction machinery and other products. It is located in Huishan Economic Development Zone, Wuxi, Jiangsu province. The company is equipped with special production line, three-dimensional measuring instruments, engine test bench, generator comprehensive tester, mechanics, environmental test and other production and testing

equipment, and has formed a professional production scale of 500,000 gasoline engines and generator sets per year. The company's products have gained a good reputation in the fields of agricultural machinery, engineering, industry supporting and so on. The export business has reached dozens of countries and regions.

Products: fuel injection pump, fuel injector

Description: Wuxi Dongkai CNC Technology Co., Ltd. is located in Wuxi, a beautiful coast of Taihu Lake with a long history. The roads here are intricate, with National Highway 312, Provincial Highway 342 and Xiyi Highway passing by. Sunan Shuofang International Airport provides convenience for elites from all walks of life to come to Xicheng. The company is a manufacturer specializing in injection pumps, injectors and CNC precision processing, relying on the location of Wuxi city, cultural heritage, economic development advantages, and focusing on building up a high-level technical support platform. The company has a total investment of 10 million RMB, strong technical force, advanced equipment and technology, the latest introduction of a complete set of advanced production and testing equipment of oil nozzles and pumps, and a number of processing centers, a flexible production line with adequate quality assurance. At present, the main cooperative enterprises are Wuxi Hailong Machinery Co., Ltd., Wuxi Creative Energy Machinery Manufacturing Co., Ltd., Changzhou Science Popular Power Machinery Co., Ltd., Chongqing Kaimir Power Machinery Co., Ltd., and Jiangsu Taipu Machinery Co., Ltd.

Wuxi Hailong Machinery Co., Ltd.

Address: 130 Yangshan West Road, Yangshan Town, Huishan District, Wuxi City, Jiangsu Province, 214155

Email: tao13921395544@163.com

Website: <http://www.h-power.cn>

Products: generator, water pump unit, engine

Description: Wuxi Hailong Machinery Co., Ltd. is located in Yangshan town, Wuxi, near the beautiful Taihu Lake, in the middle of Shanghai and Nanjing, with convenient transportation. Relying on the strong manufacturing base of Suzhou, Wuxi and Changzhou, the company has inherited the technical details of Wuxi's traditional diesel engine manufacture, has absorbed and trained a large number of outstanding talents in diesel engine and electromechanical fields, and has cooperated with Jiangsu University, Hefei University of Technology, Shanghai Institute of Electrical Technology and other scientific research institutes. Since its establishment in

2004, it has been focusing on the research, development, manufacture and sales of small and medium-sized air-cooled diesel engines, domestic diesel generator sets, diesel pumps and a full range of small and medium-sized construction machinery compaction equipment, concrete technical equipment, road cutting equipment, etc. After years of development, the company has become the industry leader in the corresponding fields. In terms of management, the company has become ISO9001:2000 quality management system demonstration in terms of quality, and has the honors of diesel engine production license, 3C demonstration, EU CE demonstration, US Environmental Protection Agency EPA demonstration, Canadian CSA demonstration, German TUV safety demonstration, etc. In terms of production hardware, the company has two manufacturing bases in Wuxi and Anhui, and has advanced processing, manufacturing, inspection and experimental equipment. In the sales market, as for the domestic portion, the company cooperates with a large number of domestic manufacturers of micro-tillers, transplanter harvesters and generator sets, and has also carried out strategic cooperation with domestic well-known e-commerce companies and well-known electromechanical chain enterprises; in terms of the international portion, the products are exported to the United States, Canada, the European Union, South America, the Middle East, Southeast Asia and other regions. Adhering to the tenet of leading technology development and giving priority to service, and facing the new economic situation, the company will continue to increase investment in product research and development, upgrade and intelligentize manufacturing equipment, improve the informationization of internal production control, strengthen the construction of after-sales service system, etc., and to make continuous efforts to provide consumers with more reliable, advanced and cost-effective products.

Products: triangle belt

Description: Wuxi Zhonghui Rubber Technology Co., Ltd. was founded in 1969, originally known as Wuxi Longshan Rubber Factory. In 1988, it was awarded as No. 9758 plant, categorized as a military enterprise, by the General Logistics Department of People's Liberation Army of China. The company covers an area of 50,000 square meters, with a construction area of 38,000 square meters; the company has more than 200 employees and the annual output value of one hundred million yuan. The main agricultural products are agricultural belt, rubber track, among which the industrial rubber crawler, agricultural belt occupy 60% in the domestic market share of sales in Luoyang and Futian. We have also reached agreements with the World Group, Jiangsu Leiwo Company, and Zoomlion.

Wuyi Henghui Manufactured Co., Ltd.

Address: 71 North Shaoyang Street, Baihua Mountain, Wuyi County, Jinhua City, Zhejiang Province, 321200

Email: 124842999@qq.com

Website: www.chinahhix.com

Products: electric chain saw, tea tree pruning machine, mini tiller

Description: Wuyi Henghui Machinery Manufactured Co., Ltd. is located in Baihuashan Industrial Park of Wuyi, Zhejiang, adjacent to Yiwu Commodity Market, and Jinhua-Wenzhou Railway and Jinhua-Lishui-Wenzhou Expressway pass through the county. It boasts an advantageous geographical environment and

transportation, and it is a professional manufacturing company developing and manufacturing agriculture, forestry and horticulture mechanical machines with small gasoline engines and diesel engines. Its main products are double-shaft rotary cultivators driven by diesel or gasoline engine output shafts. It can work reliably, adjust the depth of cultivation freely, form good cultivation effect, consume less fuel, fit for a wide range of soil moisture range, and is suitable for cultivation of various dry fields. The shapes of ridges are regular while ridging; when the ridging devices are removed, the surface of land is flat and level after rotary cultivation. This series of mini-tillers have the advantages of small-volume, lightweight, multi-functioned, and high rotary tillage efficiency. They can be transferred conveniently and rotated flexibly, and can be particularly suitable for mountains, hills, dry lands, orchards, vegetable gardens and greenhouse operations. Rotary tillage, furrowing, ridging and transport are its basic functions. It is an ideal micro agricultural machine and it will be a good helper for your household labor. In recent years, the market share of the company abroad has risen sharply, with a large number of products exported to Southeast Asia, Europe and America and other countries and regions. The products are highly trusted by customers at home and abroad. The company has obtained ISO9001 international system authentication, and many products have passed the CE certification and ROHS certification.

Website: www.xzdelong.com

Products: turbo vortex spray gun, vertical rocker arm spray gun

Description: Xuzhou Delong Irrigation Equipment Co., Ltd. is a modern enterprise integrating scientific research, development, manufacture, production and sales services. The company mainly produces agricultural irrigation spray guns, dust spray guns, dust spray guns, industrial and mining dust, coal yard dust removal, coal field spray dust, coal dust spray guns, and is the birthplace and important production base of China's new energy-saving reel irrigation machines, agricultural water-saving irrigation. The company has complete production equipment and advanced production technology. It mainly engages in scientific research, development, design, manufacture and engineering of water-saving irrigation, dust removal and dust removal equipment for coal mines, dust removal in coal yards, improvement of environmental protection, port dust removal, coal dust spraying and dust prevention, as well as the full service of construction installation and facility operation. The main products are 50PYC vertical rocker arm sprinkler, 50PYC extended dusting spray gun, 50PYC vertical rocker arm elevation adjustable spray gun, DLS50 vertical rocker arm elevation adjustable lengthen spray gun, 80PYC extended dust removal large spray gun, P-50 turbo vortex spray gun, HY-60 turbo vortex gun, DLW-50 turbo vortex gun, 40PY lance, coal yard dedusting gun, and various accessories. The company has gathered a group of high-quality scientific research and management personnel, possess a strong technical force, sophisticated processing equipment, and testing equipment; it passed the 1S09001: 2008 quality management system certification, 1S0140012004 environmental management system certification, OHSAS180012007 occupational health and safety management system certification.

Xuzhou KAT Agricultural Equipment Co., Ltd.

Address: 1 Jingsi Road, Xuzhou Industrial Park, Jiawang District, Xuzhou City, Jiangsu Province, 221011

Email: 178977252@qq.com

Website: www.xzkat.com

Products: tractors

Description: Xuzhou KAT Machinery Co., Ltd. is a reformed Sino-foreign joint venture, subordinating

to Xuzhou Construction Machinery Group XCMG. KAT dedicates itself to the research, development and manufacture of agriculture machinery, and multifunction high-performance construction machinery. Under the multimarket strategy guidance of XCMG's Xuzhou Construction Machinery Group which centers around the construction machinery, the national technology R&D Center of the XCMG, production base of the axle and the hydraulic original device and the factory of professional parts offer strong resource support, which lead a way to develop the high horsepower tractors and the effective construction machinery. The wheel tractors of KAT 110280 horsepower series with the intellectual property rights which adopt the integral car frame and the cellular layout in accordance with the design concept for construction machinery. They are equipped with mature components from heavy-duty vehicles, construction machines and agricultural machines which form a framework totally different from the traditional tractors. They are products of optimization, with the function combined with traditional ones while some property of products has an advantage over the traditional ones. The structural style of the products has obtained the patent for utility model patent number: ZL200610096680.7. The products have been rapidly accepted by the market subject to their special structure, wide adaptability, cost-effective and short production period. The sale of the wheel tractors of KAT130180 horsepower has almost achieved 1000 units in the last two years. The big horsepower wheel tractors with the frame have achieved several state patents by taking advantage of the mature technology from other industries, which has made a great promotion to the quality of the wheel tractors. The product is characterized by having advanced design, high safety, convenience, durability, simple maintenance, and cost effectiveness. Whomever the client is, our company always provides the perfect service and training. Besides, the company creates value continuously for the consumers and has become the most powerful partner with the client by doing more than expected. At present, the firm has two departments for agricultural machinery and construction machinery respectively, and the products refer to the high horsepower tractors, loader digger, skid steer loader. Within a few years, the firm has made rapid development.

Products: quick joint, check valve, pipe joint

Description: The company is located in the private industrial park of Jianhu County, Jiangsu Province, a beautiful land of fish and rice, with convenient transportation. It is only 20 minutes' drive from Xinchang Railway and Ningjingyan Expressway. The company mainly produces and sells hydraulic machinery and accessories, including quick joint, ball valve, standard hydraulic parts, imported high-pressure rubber tube assembly, pump station, oil cylinder, hydraulic road marking machine, etc. The products are widely used in metallurgy and mining, forging, coal, petroleum, ship, road construction, machine tool, chemical industry, etc. Since the establishment of the company, with good reputation, stable quality, perfect and enthusiastic presale and aftersale service, the company has won the trust of customers. Its products are distributed in more than ten provinces and are exported

to India, Thailand and other countries. The company has expanded its scale continuously, with a strong technical team of 61 employees including 12 with medium-level professional titles, and has gradually strengthened product R&D consultation and production safety. It integrates installing, debugging and service in one enterprise, and is equipped with fulltime quality inspectors to strictly check the quality of products.

Yancheng Jinyeyuan Machinery Co., Ltd.

Address: Cross River Bridge, Jianhu County, Yancheng City, Jiangsu Province, 224700

Email: 2656545778@qq.com

Products: star tube assembly series universal joint, two-row tube series universal joint, square tube drive shaft universal joint

Description: Yancheng Jinyeyuan Machinery Co., Ltd., founded in 2008, located Gaocao Science and Technology Park, Jianhu County, Yancheng City, Jiangsu Province, is a modern manufacturing enterprise integrating product design, production, sales and foreign trade export, with a full set of precision manufacturing equipment such as forging, turning, milling, planing, pulling and CNC machining center. The company has passed the ISO9001 quality management system certification. The company mainly produces from 10 horsepower to 300 horsepower tractor matching universal joint assembly, 10-way couplers and universal fork, and is the supplier of Dongfanghong, Xi'an Ya'ao, Levo and other domestic well-known agricultural machinery host manufacturers.

Address: 8 Weiwu Road, High-tech Development Zone (West District), Yandu District, Yancheng City, Jiangsu Province, 224000

Email: yinhaionline@126.com

Website: xinmach.com

Products: crankshaft, eccentric shaft, planet carrier

Description: Yancheng Xin Hai Machinery Co., Ltd. is located in Yancheng, Jiangsu. The company has been engaged in the forging industry for 27 years since it was established in 1988. It is the most competitive factory for manufacturing of scaffolding couplers and forging blank pieces. There are 200 staff and over 8% of them are researchers. The factory owns the best workshop and the most advanced production equipment. Xin Hai possesses great fame in the domestic and international markets, such as Europe, Middle East, Southeast Asia and so on. The company has sent delegations to visit Korea, Taiwan, Germany and Japan for many years. There are over 15 production lines for scaffolding accessories, including scaffolding couplers, clamps, ring lock system, etc. Furthermore, its scope involves production, sales and professional construction. Every piece of the products is subjected to stringent-proof testing as the international standard EN-74, BS1139 and AS1163. The enterprise is able to design and develop all-kinds products according

to customers' demands.

Website: www.yt-cf.com

Products: remote control lawn mower, crawler rotary tiller

Description: Yantai Chengfeng Machinery Technology Co., Ltd. founded in 2000, located in Chinese green fruit and vegetable producing areas of Yantai Laiyang Economic and Technological Development Zone. It is 2 kilometers away from National Highway 204, 5 kilometers away from the Roewe Highspeed, where the transportation is

convenient. The company has 10 sets of CNC equipment, more than 20 units of conventional machining equipment, all kinds of sheet metal, stamping equipment, and a variety of welding equipment of from taiwan. There is an experienced mechanical design and product development team, a sound quality control system and an advanced testing equipment. With leading product design and reliable quality, the company was listed as the 513 Institute of China Aerospace suppliers. The company is set up under the agricultural machinery workshop, specializing in the production of multifunctional micro tillage machine and garden management machine. Since 2010, when the first generation of micro tillage machine became available, the company has continued to increase investment in scientific research, and has developed 8 kinds of pastoral management, and passed the national agricultural extension identification. The bestselling products are sold in more than and 10 provinces, exported to Southeast Asia, and praised by the majority of users. The company has access to a number of national patents, product design, and strives to become many micro manufacturers' role model. The company's products have been upgraded, and its latest development of the fifth generation of micro tillage machine introduced in 2015 has incomparable advantages.

Yantai Future Automatic Equipments Co., Ltd.

Address: 4 Chufeng Fourth Street, Zhifu District, Yantai City, Shandong Province, 264000

Email: 1035252690@qq.com

Website: www.yantaifast.com

Products: hydraulic and electric system integration of round baler, hydraulic cylinder

Description: Yantai Future Automatic Equipments Co., Ltd. was founded in 1973. Now the company covers a total area of 45,600 square meters with a building area of 26,316 square meters. There are 400 employees in the company including 12 senior engineers and 35 engineers. The workshop is equipped with over 350 sets of manufacturing units and testing units including various universal machining tools, NC machines, welding equipments, special type machines and inspection tools. There are also production lines for many products. ERP system is used to control the material purchasing, production, stocking, technical information, etc. The whole manufacturing process is visible and controllable, while the quality control is traceable. The company has obtained 9 patents for invention and 50 national patents for utility models. In 1989, the company was awarded as National second-class enterprise. In 2000, it passed the verification of ISO9001, ABS certification in 2002 and Contribution Enterprise of Hydraulic Pneumatic Seals Industrial Standard in 2008. Later on, it was awarded high tech enterprise of Shandong Province in 2010 and "Famous Brand of Shandong Province" in 2011. In 2012, its sanitary vehicle cylinders were awarded as "Famous Product of Shandong Province". It also won the title of Enterprise Technology Center of Yantai in 2012 and the title of "Researching Center of Hydraulic And Pneumatic Technology In Yantai" in 2013. In 2014, it passed the ISO 16949 International Certificate of Quality, and was rated as "Provincial Technical Center of Shandong" and awarded

as "Small and Medium-sized Technology Based Enterprise of Yantai".

Address: Dahuaishigou Village, Yishui Town, Yishui County, Linyi City, Shandong Province, 276400

Email: 1364359863@qq.com

Website: <http://shop1417106681216.1688.com/?spm=a2615.7691481.0.0.BuR276>

Products: micro tillage machine, rotary cultivator, walking tractor

Description: Yishui Dragon Machinery Co., Ltd. is a manufacturer of diesel tractors, rotary cultivator, plough, and micro tillage machine. It has a complete and scientific quality management system, and its integrity, strength and product quality are recognized by the industry.

Yishui Kingway Hydraulic Machinery Co., Ltd.

Address: Chengbei Industrial Park, Yishui County, Linyi City, Shandong Province, 276400

Email: jccylinder@163.com

Website: www.kingwayhydraulic.com

Products: hydraulic cylinder, harvester cylinder

Description: Yishui Jincheng Hydraulic Machinery Co., Ltd., founded in 1997, is a large enterprise specializing in the production of various cylinders. It is located in the famous "China hydraulic cylinder city" -- Yishui County, covers an area of 15 acres, employs more than 80 people, including engineering and technical personnel more than 60 people, 8 senior engineers. It has an annual output of various types of hydraulic cylinders up to 20 million units,

and it passed the ISO 9001 quality system certification. The company specializes in the production of TGL, Hg, SG, DG, YD series cylinder of vehicle, wheat, corn, rice and other combine special cylinders, HSG series engineering oil cylinder, YHG series metallurgy hydraulic cylinder, mining machinery, ship oil cylinder and a variety of non-standard hydraulic cylinders. According to customers' demand for design, production of various kinds of professional oil cylinder, the company currently possesses more varieties than other counterparts in this industry. The products are widely used in engineering, agriculture and other mechanical equipment and transport tools, with characteristics of diverse colors, beautiful appearance, reliable performance, high precision, easy maintenance, as well as being economic and applicable. The company not only boasts new technology, new varieties, but also new ideas and culture. The company actively promotes and strives to practice the concept of modern enterprise management, to be people-oriented, and strive to forge ahead into becoming a first-class modern enterprise with technological progress, scientific management, business prosperity and talent. The company, with strong technical force, advanced detection means and good after sales service, is favoured by the majority of users.

Yishui Yang Dong Machinery Co., Ltd.

Address: 2 kilometers east of the new station (in Tengfei Industrial Park), Yishui County, Linyi City, Shandong Province, 276400

Products: hydraulic oil press, screw oil press

Description: Yishui Yangdong Machinery Co., Ltd. is the domestic professional manufacturer dedicated to R&D and manufacture of fully automatic hydraulic press machine. The main product "Wang Quan" brand oil press has won two national patents, and has the advantages of being produced with advanced science and technology, reasonable design, firmness, durability and high efficiency and being energy-saving, etc., which is widely used in all kinds of grain and oil production and processing plant. Products are sold in Shandong, Jiangsu, Hebei, Hunan, Guangxi, Xinjiang, Heilongjiang and Liaoning province. The company has successively cooperated with Qingdao Zhengda Group, Henan Shuanghui Group, Shandong Sheng Lu Peanut Oil Co., Ltd. and other enterprises to establish business partnership. The company produces small screw press and all kinds of oil equipment, clay special press, flat bottomed frying pot grits, highspeed grinding grits machines, presses, hydraulic dewaterer, hydraulic rubber cutting machine, cake machine, centrifugal oil filter, etc., which have won the users' praise. The company designs and produces a variety of special hydraulic equipment according to the needs of customers. The company was invited by the Ministry of Industry and Information Technology to participate in the revision of the agricultural machinery agricultural hydraulic press industry standards in April 2010. As one of the drafting units who participated in the revision of the JB/T9794201X the agricultural hydraulic press "standard drafting unit",

the company ranked fourth place. Yishui Yangdong drafted the JB/T97942013 "agricultural hydraulic press industry standard" in April 2011, which was approved by the Ministry of Industry and Information Technology on April 25, 2013 and was released as industry standard in September 1, 2013. The company's advanced design, excellent performance, excellent quality have won the praise of customers, and it has passed the examination and identification of the relevant state ministries and commissions. It has become a national patented producer of agricultural machinery to promote product identification, and the state-supported agricultural products.

Yishui Sanyang Hydraulic Machinery Co., Ltd.

Address: Qilibuzi Village, Yishui County, Linyi City, Shandong Province, 276400

Products: hydraulic cylinder, lift cylinder

Yiyang City Heshan District Baifeng Machinery Factory

Address: No. 4 Plant, Huasheng Small and Medium Enterprise Pioneer Park, 55 Pingan Road, Heshan District, Yiyang City, Hunan Province, 413000

Website: www.hnfjkj.com

Products: crawler tractor

Description: Yiyang Fujia Technology Co., Ltd. focuses on the development and manufacture of advanced agricultural machinery, and product sets design and development as one of the national leading high-tech enterprises enterprises. The company independently developed the cotton-picking machine, crawler rotary cultivator, crawler tractors, self-walking type spray and rod spraying machine series of agricultural machinery products. The company has more than 210 staff, with 20 college scientific researchers. The company has strong technology strengths, and has won several honors including the "Yiyang City Science and Technology Progress Award", "Provincial Scientific and Technological Achievements In Agriculture Demonstration Base", "Provincial Agriculture Science and Technology Demonstration Projects", "High-Tech Enterprises", "Brand-Name Products in Hunan Province" and "Provincial Science And Technology New Products" in recent years. Now it has 30 patents. In cooperation with Hunan Agricultural University, the company ranks top among the high-tech enterprises who develops rapidly, devotes to strengthening cooperation, and constantly launches new agricultural products.

Yongkang Aoyu Machinery Co., Ltd.

Website: <http://www.ykrswj.com/>

Products: sugarcane juicer, stainless steel grain mill, multifunctional crusher

Description: Yongkang Rongshu Hardware Machinery Co., Ltd. was founded in 2000. Originally, Zhejiang Gaoxin Industry and Trade Co., Ltd. had been used to register Yongkang Rongshu Hardware Machinery Co., Ltd. for 18 years. The company is committed to the production of sugarcane juicer. The company will improve the performance of machines according to the suggestions provided by customers every year. With excellent product quality, good market reputation and the cost-effectiveness, Rongshu has won vast domestic and foreign sales markets.

Yongkang Suoxin Technology Co., Ltd.

Address: 365 Certification Center of Yongkang Municipal People's Government, Yongkang City, Jinhua City, Zhejiang Province, 321300

Email: 3067526787@qq.com

Products: jiali cat lithium battery pruning scissors, jiali cat 2.8 multifunctional scissors, jiali cat 4.0 pruning scissors

Description: Yongkang Suoxin Technology Co., Ltd. is located in Yongkang, Zhejiang province, which is the capital of hardware. The company has a complete and scientific quality management system and automatic production environment. The company constantly innovates and strives to open up the market. Everything is based on honesty and worry-free after-sales services. The quality is strictly controlled. The products are well received by customers and recognized by the industry.

YTO Zhongcheng Fittings Manufacture Co., Ltd.

Address: 170, Jianshe Road, Jianxi District, Luoyang City, Henan Province, 471000

Email: ytzscsyxb@163.com

Website: www.ytzcpj.com

Products: tractor clutch

Description: YTO Zhongcheng Fittings Manufacture Co.,

Ltd. is located in Luoyang city in the center of China. The city is famous as an ancient capital and also the starting point of the Silk Road, and now the biggest tractor design and manufacture centre of China. The company occupies a land area of over 70,000 square meters, with a capital asset of CNY 100 million and more than 600 employees. When the company was founded in 1966, it belongs to the YTO Group, the first and biggest tractor manufacturer in China. It restructured into a joint-stock limited liability company on December 28th, 2003. The modern management mechanism brought vitality to this enterprise. In the past 50 years, it kept the leading position in the industry all-along. YTO Zhongcheng has strong R&D capability and manufacturing capacity. Its advanced technical equipments allow a wide range of processing methods. Supported by the highly qualified professional team and advanced testing instruments, its 3 subordinate plants specialize in manufacturing quality parts for an assorted range of cars, tractors, construction machinery and harvesting machinery. The main products include clutch, radiator and spring. The company started to execute the GB/T19001-2000 standard in 1998 and switched to stricter IATF16949: 2016 standard in 2010. Zhongcheng was evaluated as "R&D centre of Luoyang city", and awarded "Star Enterprise" and "Creditable And Reputable Enterprise In Henan Province".

Yucheng Yijia Machinery Co., Ltd.

Address: North Ring East, National High-tech Industrial Development Zone, Yucheng City, Dezhou City, Shandong Province, 251200

Products: disc plough, disc harrow, lawn mower, mower

Description: Yucheng Yijia Machinery Co., Ltd., founded in 1958, underwent its reformation in 2003. The company is a large private joint-stock enterprise, integrating design, manufacture, export, casting and forgings, and the production network technology operation as a whole. The company covers an area of more than forty thousand square meters, and mainly produces agricultural cultivating machinery and accessories such as disc harrow, disc plough, spreader, cultivator, ridger, disc blade, break shovel, harvesting machinery, potato harvester, mower, casting and forgings, etc, matched with four-wheel tractor 12-310 hp. The company has a complete assembly line and more than 300 sets of processing equipments producing 10,000 sets of tractor plough and harrow, and a complete set of production line of punching, heat treatment, and painting for disc to reach annual production capacity of 1 million pcs of plough harrow discs. The products could match domestic tractor China Yt, Foton, Shantuo, Weituo, Tiantuo, Shangtuo Yantuo, Changtuo, Qingtuo, etc. In addition, they can also be applied to foreign brand such as John Deere, New Holland, Valme Tour. The products have passed the evaluation of national products quality supervision and inspection office and technical advice station of agricultural machinery, passed the inspection of the State Administration for Entry-Exit Inspection and Quarantine, and are all in conformity with export

commodity inspection requirements. The products also passed CE and ISO9001 certification, which have been exported to 63 countries and some regions with high standards like the EU and North America with large quantities. The average annual export self-supporting amount has reached 10 million dollars.

Yuhuan Aoheng Machinery Co., Ltd.

Address: 81 Zhongxing Road, Li'ao, Kanmen Street, Yuhuan City, Taizhou City, Zhejiang Province, 317602

Email: yhaoh@163.com

Website: www.aohengcn.com

Products: automatic adjustable brake caliper cylinder, hydraulic clutch booster, hydraulic brake and clutch cylinder

Description: Aoheng Company is dedicated to the analysis, consultation, research and development, manufacture, sales and service of agricultural machinery braking system and clutch system. The main products of the company are brake master pump, brake sub-pump, clutch master pump, clutch sub-pump, hydraulic brake dual-chamber booster, hydraulic clutch booster, brake calipers, brake load-sensing proportional valve, distribution valve, multi-way valve, steering machine, steering pipe column, quick joint, electronic fan, electronic control combination valve, and various agricultural machinery, as well as import and export trade of spare parts. The company is located in Yuhuan, the southernmost golden coastal city of Taizhou, Zhejiang province. The company has strong technical force, strong R&D ability, advanced inspection methods, and a group of experienced and skilled professionals. The machine accessories produced by enterprises include large and medium tractors, large and medium corn machines, large and medium wheat machines and other agricultural machinery series. The company is the second-class supplier of John Deere Company in the United States. In terms of tractors, the company is matched with domestic Wuzheng Group, Shandong Guotai, Shandong Yijia, Weifang Huaxia, Shandong Dongqi, Changzhou Dongfeng, Changzhou Fengjiang, Henan Lutong, Zhonglian Heavy Machine and other enterprises; as to harvesters, the company is matched with Shandong Leiming, Shandong Jindafeng, Wuzheng Group, Tianjin Yongyong, Shandong Juming, Hebei Huke, Jiufang Taihe International Heavy Industries and other supporting enterprises. The Department has obtained more than 20 patents for braking system and clutch system of agricultural machinery, including three invention patents. The product performance has reached the international advanced level, and some products' technical indicators have reached the industry leading level. The enterprise has passed IATF16949: 2016 international quality management system certification.

Products: 4HB (dedicated) joint band, (hard wire) triangle belt, joint belt

Description: Zhejiang Baihua Rubber Belt Co., Ltd., formerly known as Taizhou Baihua Rubber Belt Co., Ltd. founded in 1986, is a professional manufacturer and seller of V-belt, narrow V-belt, hexagonal belt and banded belt products for general transmission. It is a member of China Pipe Belt Association and a national high-tech enterprise. The "Baihua brand" triangle belt produced by the company is a famous brand product and famous trademark in Zhejiang province. At present, the company has 40,000 square meters of industrial plants. The new factory in Hongsan Industrial Zone, Tiantai, was officially put into production in 2017. Hongsan factory covers an area of 40 mu with a total investment of 100 million yuan. At present, the company has institute-enterprise cooperation projects with Qingdao University of Science and Technology, and has 4 invention patent certificates.

Zhejiang Changheng Machinery Group Co., Ltd.

Address: Yuhuan Electromechanical Function Park, Yuhuan City, Taizhou City, Zhejiang Province, 317600

Email: sales07@changhengcn.com

Website: www.changhengcn.com

Products: transmission shaft, gearbox, hydraulic cylinder

Description: Founded in 1995, Zhejiang Changheng Machinery Co., Ltd., formerly known as Yuhuan Changheng Machinery Co., Ltd., is located in the beautiful and rich coastal areas, central China's golden coast, with Keelung Harbor within 180 nautical miles. Zhejiang Changheng Machinery Co., Ltd. is an industrial modern enterprise specializing in development, design, manufacture, sales and service of agricultural machinery drive systems. Over a dozen years of cautious, conscientious and professional development, the company has established a product system of agricultural machinery drive shafts, gearboxes and other accessories of complete types. The company has comprehensive systematic manufacturing processes such as forging, casting, machining and heat treatment, with its products sold to more than 40 countries and regions in the world. Over a dozen years, both the product quality and service quality have been highly praised by the clients. Changheng can customize special products according to customers' requirements and technical specifications apart from providing customers with a series of standard products designed and manufactured by the company itself. The products of Changheng passed the CE and ISO9001-2008 quantity standard, and can be trusted with safety and credibility. The company is the Vice President Unit of Branch of China Association of Agricultural Machinery Manufacturers, Drafting Committee of Chinese Agricultural Universal Drive Shaft Industry Standards, Member Unit of China Association of Agricultural Machinery Manufacturers, Member Unit of Rotary Cultivator Branch of China

Association of Agricultural Machinery Manufacturers, Council Member of Chinese First-batch High-quality Agricultural Machinery Components Supplier Alliance, China's Leading Enterprise of Agricultural Machinery Components and Parts Drive Shafts Yulong Enterprise in Yuhuan County of China.

Zhejiang Changxu Industry Trade Co., Ltd.

Address: Technology Incubation Park, Jindong District, Jinhua City, Zhejiang Province, 321000

Email: 272483634@qq.com

Website: <http://garden-chipper.com/>

Products: broken branches, lawn mower, micro-cultivators

Description: Zhejiang Changxu Industry Trade Co., Ltd. is a comprehensive high-tech enterprise integrating R&D, manufacture, domestic sales and import and export business technology enterprises, the site is located at 1 Tongling Road, in China's hardware capital of Zhejiang Yongkang Economic Development Zone, specializing in the production high-quality micro-cultivators, diesel rotary tillers, lawn mowers, broken branches, sugar cane harvesters, cutting machine, ground digging machine, weeding machine and other series of agricultural and forestry machinery products. Changxu possesses design and manufacturing experience, strong technical force, production and processing equipment. The products are mainly exported to the United States, the European Union, Eastern Europe and Southeast Asia. The products, with their stable and reliable quality, best-quality after-sales service, and high cost performance good value for money have won the favor of global customers!

Zhejiang Chunyu Agricultural Science And Technology Co., Ltd.

Address: Building No.40, Weiguo Village, Sanjia Street, Jiaojiang District, Taizhou City, Zhejiang Province, 318000

Email: 342509774@Qq.Com

Products: Aolin Agricultural Spray Gun, Pipe Rack, Spring Rain Seedling Watering Device

Zhejiang Dongqiao Machinery Co., Ltd.

Address: No. 9-2, Changsheng Road, Industrial Park, Weitang Town, Jiashan County, Jiaxing City, Zhejiang Province, 314100

Email: thompsonjbb@estarparts.com

Website: www.cfbearing.com

Products: plain bearing bushing, sliding bearing (bushing)

Description: The company focuses on producing various kinds of sliding bushing, casting bronze bushing, wear strip, sinter oil bushing, ptfе tilting thrust bearing pad, syn rings, assembly parts and other special machining parts.

Zhejiang Fit Bearing Co., Ltd.

Address: 3 Yanjiang East Road, Yulin Street, Xinchang County, Shaoxing City, Zhejiang Province, 312500

Email: grace@ccf-bearings.com

Website: <http://www.ccf-bearings.com/>

Products: cotton ingot assembly, cotton-picking shaft, positioning plate

Description: In the beginning years, the company specialized in producing various types of low noise long life ball bearings. With years of development in the bearing industry, the company has accumulated rich experience in manufacture and management. Fit started to invest great energy to develop agricultural machinery parts and construction machinery parts in 2013. By now, the company has set up a skillful team which is good at technology and management, and is capable of R&D, manufacture, sales and service in the bearing industry and agricultural and construction machinery parts.

Zhejiang Haitian Machinery Co., Ltd.

Address: 22 Millennium Road, Eastern New District, Wenling City, Taizhou City, Zhejiang Province, 317507

Email: 183307437@qq.com

Website: www.ht-gears.com

Products: harvester bridge box, gear, axle

Description: Zhejiang Haitian Machinery Co., Ltd., founded in 2001, covers an area of 33,351 square meters, has a standard workshop of 27,883 square meters, and is one of the private industrial enterprises with gears and gear reduction transmission assembly, development, production and sales. The company will continue to carry out production technical innovation and product research and development activities. The company has an administrative center, technology center, gear manufacturing center, bridge box manufacturing center, marketing center, financial center and so on. The company also has six big functional departments, and constantly improves the management system. There is a perfect administrative and safety team in production, supply, quality, marketing, finance and other management systems. The company also boasts advanced production equipment, and various machining centers producing CNC gear hobbling machine, CNC slotting machine, CNC gear shaving machine, numerical control lathe and numerical control grinding machine. There are more than 300 sets of double row push-rod furnace and other equipment and complete testing equipment such as a magnetic particle inspection machine, digital intelligent microscope, hardness tester, microscope, metallo graphic specimen grinding machine, and metallo graphic specimen inlaying machine, CNC bevel gear rolling inspection machine, gear measuring center, the gear tooth beating apparatus, and more than 60 sets of three-coordinate measuring instrument and other equipment. The company passed the ISO 9001: 2008 quality management system certification. The company tailors products according to customers' requirements and implement applicable laws and regulations to organize production to ensure product quality as well as long-term stability.

Products: copper tube radiator, diesel radiator, condensing single cylinder diesel radiator

Description: Zhejiang Hongyun Industrial Co., Ltd. is located in Yongkang, a city in central Zhejiang province known as "The City of Hardware". The city boasts highly developed industries, beautiful landscapes and brilliant people. The world renowned "China Hardware Fair" and "China International Door Industry Expo" hosted in Yongkang once every year have attracted merchants from over the world. Hongyun has a factory area of 40,000

square meters, in which the workshop area is 31,000 square meters and the greenery area takes up 32% of the total area. It has more than 380 employees now including 60 engineering and technical personnels. The factory passed the ISO9001/2015 quality system certification in 2000 and the IATF16949 quality system certification in 2008.

Zhejiang HTB Slide Bearing Co., Ltd.

Address: No.5 Workshop of Weitang Village-level Pioneer Park, 198 Nanxing Road, Jiashan County, Jiaxing City, Zhejiang Province, 314100

Email: htb@htb-bearing.com

Products: solid lubricated bearing, bimetallic compound bushing, oil bushing

Description: HTB Company is a professional enterprise specializing in the design, manufacture and sales of oilless sliding bearings. The company has spared no efforts in establishing an excellent brand name to provide the firstclass products. It produces top-grade self-lubricated bearings that are well recognized both at home and abroad. The products include HTB1 oilless sliding bearings, HTB2 boundary lubricating bearings, HTB800 bimetal coiled bearings, HTB3 solid lubricating bearings, HTB090 bronze bearings and sliding bearings. The products are widely used in printers, automobiles, metallurgy, mine, ships, petrol, spin and weave, derrick, printing, architecture, logon and so on. In addition, the products are sold far to North America, South America, Southeast Asia and more than twenty other global countries and regions.

Zhejiang Jinsai Precision Technology Co., Ltd.

Address: Liuping Road, Jianshan New District, Haining City, Jiaxing City, Zhejiang Province, 314400

Email: 382878110@qq.com

Website: www.zjjspt.com

Products: universal joint

Description: Zhejiang Jinsai Precision Technology Co., Ltd. is an auto parts manufacturer specializing in R&D and production of automobile hub bearings, hub units and universal joint assembly. The company is located in the national economic and technological development zone of Jianshan New District, Haining, Zhejiang province, covering an area of more than 50 mu, with a building area of more than 40,000 square meters and a planned production capacity of 2 million sets per year. The company carries out the latest IATF16949 production system standard, adopts the domestic and foreign advanced automatic production equipment and testing equipment, and has all kinds of hub units, universal joint assembly mass production capacity and new product research and development capacity, to provide strong support the main plant supporting and after sales maintenance market.

Zhejiang Un Gear Co., Ltd.

Email: 1285978445@qq.com

Website: <http://phoebus-tech.com/en>

Products: power sprayer

Description: Zhejiang Phoebus Machinery Electric Technology Co., Ltd., founded in 1994, is a high-tech enterprise engaged in R&D, production and sales of plant protection equipment, cleaning machinery, garden machinery, small and medium sized gasoline engine, etc. With a registration capital CNY 10 million, Phoebus has more than 20 national patents and 6,000 m² of production plants, 30 processing centers, CNC machine, etc. Phoebus has an annual production capacity of 100 thousand

high pressure cleaners and motorized sprayers, and 300 thousand plunger pumps, and can provide satisfactory products to companies all over the world.

Zhejiang Precise Driveline Machinery Co., Ltd.

Address: Science and Technology Industrial Functional Area, Yuhuan City, Taizhou City, Zhejiang Province, 317605

Email: sales7888@precisepto.com

Website: www.precisepto.com

Products: farm machinery drive shaft

Description: Zhejiang Precise Driveline Machinery Co., Ltd. is a modern enterprise specializing in the development, production, sales and services of PTO shaft. The company has a customer centric service system, providing a full range of presale, sale and aftersale service.

Zhejiang Qihuang Industry and Trade Co., Ltd.

Address: No. 718 Houwu Village, Jingshan Xia Village, Economic Development Zone, Yongkang City, Jinhua City, Zhejiang Province, 321300

Email: qihuang365@126.com

Products: chip machine, branch grinder, twig straw crusher

Description: Zhejiang Qihuang Industry Trade Co., Ltd. is a private enterprise integrating independent research and development, production and sales. The registered capital is 10 million yuan. In order to meet the market demand, the company independently developed "Kathy Huang", the latest model of branch crusher in 2019, with five advantages: 1) double discharge port; 2) 360 degree free rotation, for different customer needs; 3) trees, plants and weeds under 15cm can be crushed; 4) all mechanical structures, including parts, are thickened and durable; 5) human design, easy to pull away, displacement; mature in quality which is in strict accordance with the national three guarantees quality inspection service market. The company's main production covers series of branches crushers.

Zhejiang Rui'an Jinlong Auto Parts Factory

Address: 117 Hantian Central Street, Rui'an City, Wenzhou City, Zhejiang Province, 325204

Email: 474771543@qq.com

Products: kubotian combination switch, lifting switch, file lamp switch

Description: The factory specializes in agricultural vehicle electrical appliances.

Zhejiang Sanxing Rubber Belt Co., Ltd.

Address: 48 Middle Guangming Road, Haiyou Town, Sanmen County, Taizhou City, Zhejiang Province, 317100

Email: 4766169@qq.com

Website: www.sxbelt.com

Products: agricultural machinery walking belt, harvester threshing belt, threshing belt for farm machinery

Description: Zhejiang Sanxing Rubber Belt Co., Ltd. was established in 1989, it has more than 28 years of experience in producing rubber belt. Sanxing is a professional enterprise of manufacture, processing and sales of transmission belt. It is located in the eastern part of China, the so-called "China rubber belt city" -Sanmen county of Zhejiang province. Sanxing has convenient transportation resources.

Zhejiang Shenghong Machinery Co., Ltd.

Address: Southeast Industrial Point of Songmen Town, Wenling City, Taizhou City, Zhejiang Province, 317511

Email: 139676060@qq.com

Products: t-shaped angle gear box, rotary tiller reduction box, 14 teeth reverse

Zhejiang Shenlong Chain Transmission Co., Ltd.

Address: 89 Zhenxing South Road, Ganshan Industrial Zone, Zhongguan Town, Deqing County, Huzhou City, Zhejiang Province, 313220

Email: 224994299@qq.com

Website: www.getechain.com

Products: agricultural machinery chain, conveyor chain, roller chain

Description: Zhejiang Shenlong Chain Transmission Co., Ltd., of which the predecessor is Hangzhou Shenlong Chain Factory, is one of biggest professional chain factory in China. It belongs to joint stock enterprises which covers an area of 30,000 square meters. The company was founded in 1998, has wealthy experience in the manufacture of several kinds of chains. There are more than 180 employees, including engineering technical personnel about 30 people. The annual production capacity is USD 13,000,000, and the annual sales amount up to USD 9,800,000. About 40% of the products are exported to overseas markets, like Europe, USA, Japan, Korea and Southeast Asia. Zhejiang Shenlong Chain has its own brand "Gete" with high reputation in the domestic market. The major products are ANSI and ISO series roller chains, bush chains, conveyor chains, agricultural chains, leaf chains, double plus chains, hollow pin chains and other special chains, over 2000 varieties. Roller chains and agricultural chains are our strongest projects. The company has met standards of ISO, ANSI, BS, DIN, JIS, which are widely used in the field of mine, oil, chemical, agricultural machinery, electron, engineering machinery, medicine, food, textile, car packing, conveyor machinery, tobacco and other areas. The company can also provide

service for the repairment of those imported machine sets. The product performance has reached the requirement of customers from Europe, USA, Japan and other developed countries. Zhejiang Shenlong Chain Transmission Co., Ltd. features complete manufacture and inspection equipment, advanced technology and excellent quality control and testing system. It adopts CAD, CAM to design and manufacture chains, selects excellent alloy steel, and uses advanced heat treatment method. In recent years, Shenlong has invested a great amount in the R&D department and inspection department. In 2004, Zhejiang Shenlong Chain Transmission Co., Ltd. obtained ISO90012000 certificate of Quality Assurance System; in 2011, it also obtained ISO90012008. In 2013, it passed Global Market Team test and got the GMC certificate. In 2014, it obtained the CE certificate. At the same time, it went through several inspections from national quality inspection center.

Zhejiang Shuilong Rubber & Plastic Co., Ltd.

Address: Xiahe Industrial Zone, Sanhe Town, Tiantai, Taizhou, Zhejiang Province, 317200

Products: hose, sprinkler irrigation hose, fire hose

Zhejiang SiFang Group

Address: 57 Yongtuo Road, Yongkang City, Jinhua City, Zhejiang Province, 21315

Email: 750492434@qq.com

Website: <http://sifangie.com/>

Products: grain combiner, crawler tractor, walking tractor

Description: Zhejiang SiFang Group, subordinate to Zhejiang Province Yongkang Tractor Factory, founded in 1961, is one of the earliest enterprises specializing in manufacturing walking tractor and diesel engine in China. It is also the first 3A grade credit enterprise in machinery industry. The company's leading products are related to the whole-process agriculture mechanization, which mainly include tractors, combine harvesters, and single-cylinder diesel engine series. Its products have been sold well in more than 55 countries and regions.

Zhejiang Tingnengsheng Machine Co., Ltd.

Address: Huajie Town, Huajie Village, Yongkang City, Jinhua City, Zhejiang Province, 321302

Email: tnsyzt@163.com

Website: <http://ykyzww.1688.com/>

Products: binder, cultivating boat

Description: Zhejiang Tingnengsheng Machine Co., Ltd. was founded in 1984, which is situated in YongKang Huajie Industry Zone, near National Highways 330 and about 5 kilometers far away from Yongkang city. The company specializes in manufacturing the walking tractor, utility vehicle, reaper machine, binder, tiller, and so on. It has imported the technology and quality control patterns from other countries, with complete quality control system. The company passed ISO9001: 2000, and the products with EEC, CE, EPA certificates have been exported to several countries and regions including Southeast Asia, Europe, America, and Africa. The company has registered capital of CNY 10,000,000, covers an area of 100,000 m². There are 286 staff, among which senior managing and technical personnel account for 59. The company has strong technology and management abilities.

Zhejiang Xiangpai Chain Drive Co., Ltd.

Address: Zhejiang Hangmu Industrial Co., Ltd. Deqing County, Huzhou City, Zhejiang Province, 313200

Email: 1209167766@qq.com

Website: www.xiangpaichain.com

Products: agricultural machinery chain, conveyor chain

Description: Zhejiang Xiangpai Chain Drive Co., Ltd., formerly known as Hangzhou Huaxiang Chain Drive Co., Ltd., was established in 1988. The factory covers an area of 13,000m², with 300 employees, of which 8 are technicians. It possesses more than 250 sets of main equipment with registered trademark. The main products are precision roller chain, sleeve chain, conveyor chain, bending chain, plate chain and all kinds of special shaped chains that have passed ISO, Anst and BS standards. The factory has strong CAD ability, which enables the factory to design and manufacture special orders for users quickly. The factory began to export chain products in 1995, and its foreign trade has increased year by year. Its products have entered Europe, the United States, Japan and other countries, and are well received by customers. At present, 70% of the factory's products are exported. The manufacturing facilities such as mesh belt carburizing furnace, high speed punch, Nissan microscope are imported to guarantee the product quality.

Zhejiang Xinchai Co., Ltd.

Address: 888 West Xinchang Avenue, Xinchang County, Shaoxing City, Zhejiang Province, 312500

Email: 417228130@qq.com

Website: www.xinchaipower.com

Products: diesel engine

Description: Zhejiang Xinchai Co., Ltd. is a famous company in China for manufacturing multicylinder diesel engine, and is also a state-level high-tech enterprise. It plays a leading role in the market of small and medium tonnage forklift, medium power tractor, combine harvester, etc. Xinchai has manufactured engines for more than 50 years. There are now more than 1100 staff in the company. The total asset is more than CNY 1 billion. The company covers an area of about 200,000 square meters and it is capable of producing 300,000 sets of engines annually. Xinchai now has five diesel engine platforms as N, D, K, T, and E. The displacement ranges from 2L to 4.8L, and the power from 25 HP to 160 HP. The products are mainly used in forklifts, construction machinery, agricultural machinery and generating sets. The products are well-known all over the country and exported to many overseas regions such as Southeast Asia, as well as American and European countries. The company is supported by a provincial enterprise research institute, and a state-level postdoctoral research center with 21 research labs and a group of experienced researchers. Xinchai has been cooperating with world-class engine consulting companies and famous universities for years, which is the reason why it keeps leading the offroad engine market. In recent years, Xinchai constantly enhances the process control ability according to TS16949 system requirements, which makes the quality better than similar domestic products. Xinchai pays serious attention to service, as there are more than 500 service stations and multilevel systems of parts supply. Also, more than 200 professional technicians can provide door to door service to customers all over the country. Furthermore, the company undertakes social responsibility actively and was awarded as "China's Model Integrity Enterprise", "National Advanced Worker Enterprise", "China IC Engine Achievement Award" and so on, enjoying a good market reputation and public credibility.

Zhejiang Yabailan Electric Appliance Co., Ltd.

Address: Zhejiang Yabailan Electric Appliance Co., Ltd., Rui'an City, Wenzhou City, Zhejiang Province, 325204

Email: sissyli@yabailan.cn

Website: www.yabailan.cn

Products: ignition switch, combination switch, horn

Description: Zhejiang Yabailan Electric Appliance Co., Ltd., founded in 1986, is a company integrating the R&D, manufacture, sales, and service of automotive electrical/electronic switches, horns, sub-instrument panel, touch switches and other products, and one of the private joint-stock enterprises. The company's main agricultural machinery customers are Japan Yanmar, Japan Kubota,

Yituo, World and other well-known brands at home and abroad. The company's main automobile clients are: Beijing Auto, BYD, Chang'an, Dongfeng, Chery, Volvo, and other well-known brands at home and abroad. The company has nearly 300 employees, including 72 technical personnel. The company passed the IATF16949 quality system certification, and it has obtained 76 patents and more than 30 honors, such as "National High-tech Enterprise", "Zhejiang Provincial Technology Center Enterprise", "Excellent Supplier of Hanteng", etc.

Zhejiang Yucheng Electromechanical Co., Ltd.

Address: Baiyun Sub-district Office, Jiaojiang District, Taizhou City, Zhejiang Province, 318000

Products: sprayer

Zhejiang Yunzhou Technology Co., Ltd.

Address: Haifeng South Road, Linhai City, Taizhou City, Zhejiang Province, 317000

Email: 43281342@qq.com

Products: gearboxes and rubber tracks of self-propelled combine harvesters

Description: Zhejiang Yunzhou Technology Co., Ltd., established in 1992, is a privately operated enterprise mainly engaged in the production of farm machinery including entire harvester gearbox and rubber tracks. The company has fixed assets of more than CNY 50 million, with factory district area covering 68,000 square meters, and the floor space occupying 39,000 square meters. It also has the modernized, standardized and garden-like factory district workshop. The company has existing staff of 380 people, including 10 senior engineers, 35 specialized technical personnel, as well as excellent machine equipment and abundant technical force. The enterprise integrates scientific research and development, as well as manufacture, sales and service, and has established an entire set of strict scientific quality control procedures. In 2003, it passed the IS9001: 2000 quality control system authentication. The main product is the harvester special purpose gear box that absorbed the characteristics of domestic and foreign gear boxes accompanied by independent research and development. Besides, the company has obtained "Zhejiang Province New Product Development Prize".

Zhejiang Zeye Machinery Co., Ltd.

Address: Zhongchuang Science and Technology Park, Luqiao District, Taizhou City, Zhejiang Province, 317100

Address: 8 Zhaoyu Street, Dongsheng Town, Zhongshan City, Guangdong Province, 528414

Email: zhongxiangrubber@163.com

Website: www.zxrubber.com

Products: rubber shock absorber, bridge shock absorber, engine shock absorber

Description: The company focuses on shock absorption design and manufacture.

Zhucheng Zeren Machinery Co., Ltd.

Address: 148 Fanrong West Road, Longdu Street, Zhucheng City, Weifang City, Shandong Province, 262200

Website: www.zchyjx.com

Products: feed grinder

Zhuji Meilinkai Hydraulic Fittings Factory

Address: 70 Yian Road, Fengqiao Town, Zhuji City, Shaoxing City, Zhejiang Province, 311800

Email: 1049923304@qq.com

Products: hydraulic quick joint

Description: Meilinkai Hydraulic Parts Factory was founded in the late 1990s as a manufacturer of agricultural machinery parts.

Zhuji Qiangyu Pipeline Technology Co., Ltd.

Address: No. 888, Shenghou Natural Village, Tingliang Shushu, Diankou Town, Zhuji City, Shaoxing City, Zhejiang Province, 311835

Email: qyjx-jcw@163.com

Website: <https://zjsqyjx.1688.com>

Products: dosing machine, controlled pressure valve, stainless steel tube of the dispenser, copper applicator nozzle

Description: Zhuji Qiangyu Pipeline Technology Co., Ltd. is located in Diankou Town Industrial Park, Zhuji City, at the junction of Hangzhou, Xiaoshan and Shaoxing. It

is adjacent to Hangzhou-Jinhua-Quzhou Expressway, No. 03 Provincial Highway, Zhechi Line Dianchi Station and Xiaoshan International Airport, where transportation is very convenient. The company's main products are tin bronze, aluminum bronze, brass copper joints, copper worm gear, copper sleeves, copper bearings, copper gaskets. The models are 663.555.101.102.103.1010.443, SF2, SF1 and other grades of copper fittings. Other main and auxiliary products include gear levers, bimetal bushings, compound bushings and so on. The company has more than 230 employees, 9 technicians, 250 sets of equipment, 5000 square meters of plant area, and a total area of 8,800 square meters. The company adheres to the principle of people-oriented and vigorously advocates the human resources strategy. It strictly implements the ISO9002: 2009 quality system standard. In 2013, the company also passed the ISO/TS16949: 2009 quality system certification and established a market-oriented service system to create a corporate brand image. The company continues to introduce advanced technology, adhere to the supremacy of quality, provide comprehensive services for the relevant manufacturing industry, and strive to achieve excellence.

Zoomlion Agricultural Machinery Co., Ltd.

Address: 16 Exi Road, Sanshan District, Wuhu City, Anhui Province, 241080

Website: <https://www.zoomlion.com>

Products: round baler, grain dryer, wheel tractor

Description: Founded in 1992, Zoomlion Heavy Industry Science & Technology Co., Ltd. is mainly engaged in developing and manufacturing major high-tech equipment in the areas of engineering industry and agricultural industry. With more than 20 years of innovation and development, the company is now a global enterprise possessing 10 major categories and 56 product lines, as well as nearly 600 leading products. Zoomlion is China's first construction machinery company to be listed on both Shenzhen and Hong Kong stock exchanges, with registered capital amounting to RMB 7.664 billion. At present, the company is actively promoting strategic transformation, aiming to build a high-end equipment manufacturing enterprise integrating engineering machinery, agricultural machinery and financial services.
