ENTAM
European Network for Testing Agricultural Machines

Sandro Liberatori, Technical Reference Unit ANTAM
Second Policy Dialogue on Trade Facilitation through International Standards and Mutual Recognition of Agricultural Machinery Testing
Samarkand, Uzbekistan – April 2024
ENTAM 2.0 is the network constituted by the Dedicated testing stations in those European countries which have signed an agreement on shared activities.

These activities have, as their ultimate aim, the implementation of standardised tests of the performance, safety and environmental aspects of agricultural machinery and tools.

At the manufacturer’s request, tests are carried out by specialist Testing Stations.

ENTAM Agreement: mutual recognition of testing activity

Example of ENTAM Test Report

Sprayer type: 
Model: 
Manufacturer: 
Test point: 
Test report: 
Note: These assessment days are listed below. All Assessment results are in the following text report.

Downloading the complete test report on: www.ENTAM.org or www.EUVENTAM.org

• Sandro Liberatori, Technical Reference Unit ANTAM
Activities are focused on agricultural machines using chemical because of the legislative requirements to reduce the use of chemicals.
### European Network for Testing Agricultural Machines

**ENTAM Benefits**

<table>
<thead>
<tr>
<th>Benefits for all Stakeholders and Governments</th>
</tr>
</thead>
<tbody>
<tr>
<td>Participation at ENTAM TWGs to set up requirements according to selected standards and national agriculture needs</td>
</tr>
<tr>
<td>A perfect platform to discuss and share decisions on quality requirements of agricultural machines.</td>
</tr>
</tbody>
</table>
